DATED BANGALORE, 4TH APRIL 1899.

## NOTIFICATION.

The following Notification No. 220, dated 14th March 1899, issued by the Madras Government, is re-published for general information.

In exercise of the powers delegated by the Governor General in Council under the Epidemic Diseases Act 1897, His Excellency the Governor in Council prohibits pilgrimage to the car festival of Virupakshaswami at Hampi from the 17th to 30th April 1899 (both days inclusive), and further directs that between those dates no tickets to travel by railway to Munirabad, Hospet, Papi-Nayakanhalli, Gadiganuru, Tornagallu and Daroji stations on the Southern Mahratta Railway shall be issued within the Madras Presidency to any person intending or believed to be intending to attend the festival. All persons proceeding to Hampi in contravention of this Notification will be turned back.

No. Pg. 1539, dated Bangalore, 4th April 1899.

The following Notification issued by the Government of India is re-published for general information.

Whereas the Governor General in Council is satisfied that there is a danger of an outbreak of dangerous epidemic disease at Uchangidurgam in the Harpanhalli taluk of the Bellary district of the Madras Presidency if pilgrims or other persons from the Bombay Presidency and the Mysore State are permitted to assemble at that place, on the occasion of the ensuing Uchangamma festival.

In exercise of the powers conferred by Section 2, Sub-Section 1 of the Epidemic Diseases Act, III of 1897, the Governor General in Council is pleased to direct that no tickets to travel by railway to the stations of Ranibennur, Chalgere, Harihar, Davangere and Tolahunse on the Southern Mahratta Railway shall be sold from 4th to 15th April 1899, (both days inclusive) within the Bombay Presidency and the Mysore State to any pilgrim or other person intending or believed to be intending to proceed on pilgrimage to the Uchangamma festival at Uchangidurgam.

No. Pg. 1558, dated Bangalore, 8th April 1899.

The following Notifications issued by the Government of Madras, are republished for general information:—

Whereas there is plague in the Hosur taluk of the Salem district and it is desirable to prevent its spread, His Excellency the Governor of Fort St. George in Council, in exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, prohibits pilgrimage to the ensuing Betrayaswamy car festival at Denkanikota in the said taluk, from the 16th to the 27th April 1899, both days inclusive.

All persons proceeding to the festival in contravention of this Notification will be turned back.

---

Whereas there is plague in the Hosur taluk of the Salem district and it is desirable to prevent its spread, His Excellency the Governor of Fort St. George in Council, in exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, prohibits pilgrimage to the ensuing Chickanna and Doddanna Jatra at Bikunapalli in the said taluk, from the 21st to 30th April 1899 both days inclusive.

All persons proceeding to the festival in contravention of this Notification will be turned back.

---

Whereas the Governor of Fort St. George in Council is satisfied that there is danger of an outbreak of plague at Nathappatti in the Dharmapuri taluk of the Salem district if persons are permitted to assemble at that place on the occasion of the ensuing Kaliamman Jatra and the cattle fair held in connection therewith.

In exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, His Excellency the Governor in Council is pleased to prohibit pilgrimage to the said festival, from the 19th April to the 7th May 1899, both days inclusive, and also the holding of the cattle fair this year.

All persons proceeding to the festival or taking cattle to Nathappatti in contravention of this Notification will be turned back.

*Letter No. 8715, dated 29th March 1899, from the Plague Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.*

With reference to para 4 of Government Proceedings No. Pg. 987-8, dated 21st January 1899, I have the honor to submit herewith a statement showing the amount allotted in connection with plague preventive measures, including the sum of Rs. 1,01,000, placed at my disposal in Government Proceedings Nos. 780-1 and 1016-20, dated 3rd and 27th January 1899, respectively, amount for which accounts have been rendered and the amount available for expenditure at the end of February 1899.

2. It will be seen from column 15 of the Statement that the amount available at my disposal at the end of February 1899 was only Rs. 7,030-10-5; but this does not include the expenditure of Rs. 18,403-1-1 incurred by this office for which letters of credit will have to be obtained from the Comptroller as in the case of the rest of the expenditure, *viz.*, Rs. 7,500, and the amount debited to the grant at my disposal when sufficient funds are available. The actual amount available was therefore Rs. 25,433-11-6, out of which a sum of Rs. 16,361-0-0 has since been placed at the disposal of the marginally noted officers leaving an actual balance of Rs. 9,072-11-6 for current expenditure.

| | Rs. |
|---|---|
| Deputy Commissioner, Tumkur ... | 1,000 |
| Chief Engineer ... | 2,361 |
| President, Bangalore City Municipality. | 10,000 |
| Total ... | 16,361 |

3. As regards the total amount of funds available out of the grants already sanctioned, *viz.*, Rs. 98,703-1-2 as shown in column 15 of the accompanying Statement, I have to state that a sum of Rs. 31,081-3-3 is held in cash with the disbursers as imprest or other advance for expenditure, subject to recoupment in the usual course, while the major portion of the undrawn credit, *viz.*, Rs. 67,621-13-11, as per column 14 of the Statement represents allotments made from Municipal Funds and Local Funds General in the marginally noted Proceedings for sanitation in the district and minor municipalities and in villages, respectively, which I think cannot be utilized for other than sanitation purposes. I have called for statements from districts showing the expenditure incurred on this account, and as soon as they are received, I shall submit a complete statement for the information of Government.

4. In the meantime, as there will be pressing demand for funds and as the expenditure of Rs. 18,403-1-1, already incurred by this office, has to be adjusted in the manner referred to in para 2 above, I request that you will be so good as to obtain the sanction of Government for placing at my disposal another lakh of rupees in connection with plague preventive measures.

5. I may add, however, that the figures in the accompanying Statement are liable to correction, as the Superintending Engineer, Sanitary Works, and the Deputy Commissioner, Bangalore district, have not rendered accounts, the former in connection with the amount of estimates sanctioned from time to time, and the latter with reference to the sum of Rs. 1,00,000 sanctioned for the city extension and improvements; while there is some difference in the accounts furnished by the Deputy Commissioner, Mysore district, and those of this office which will be rectified shortly.

Correspondence ending with letter No. 666—J., dated the 6th March 1899, from the Inspector General of Prisons, submitting a revised draft Notification embodying the Mark Rules, Ticket-of-leave Rules and Rules for grading convicts and convict officers as requested in the above.

No. 11737—J. 1457, DATED BANGALORE, 17TH APRIL 1899.

ORDER THEREON.—The Government are pleased to approve of the rules submitted with the above draft Notification with necessary modifications and to direct the publication of the following Notification in the *Mysore Gazette.*

NOTIFICATION.

In exercise of the powers conferred by Section 54 of the Prisoners' Act, 1870 and Section 401 of the Code of Criminal Procedure, the Government of Mysore are pleased to prescribe, with effect from the 1st of July 1899, the appended Revised Rules regarding the earning of remission and gratuities, applicable to all classes of prisoners in Mysore. But nothing herein contained shall affect the provisions of the Rules promulgated with Notification No. 1937—J. 73-92, dated the 30th July 1892, which shall apply to prisoners who, on completion of ten years' confinement in jail, may be specially admitted to the benefit of those Rules.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Inspector General of Prisons in Mysore.

I. MARK RULES.

1. For the purposes of these rules, convicted prisoners shall be divided into three classes, *viz* :—

I.—Thugs, robbers by administration of poisonous drugs and professional hereditary or specially dangerous criminals convicted of heinous organized crime, such as dacoity;

II.—Dacoits and other persons convicted of heinous organized crime who are not professional, hereditary or specially dangerous criminals;

III.—All other prisoners.

2. Every convicted prisoner whose sentence or aggregate of sentences, exclusive of any period awarded in default of payment of fine, amounts to one year or upwards, shall be eligible for marks under these rules, provided that if such prisoner is under sentence of simple imprisonment, he shall not receive marks unless he voluntarily labours throughout the term of such imprisonment.

3. For the purposes of these rules a life-sentence shall mean—

25 years' imprisonment in the case of prisoners included in classes I and II;

20 years' imprisonment in the case of all other prisoners.

4. The remission earned under these rules shall have the following effects, *viz* :—

(*a*) In the case of prisoners included in classes I and II, whether under sentence for life or term, the period of remission earned shall be deducted from the sentence, and they shall be released from jail on the conditions specified in the Ticket-of-Leave Rules contained in Part II.

(*b*) In the case of all other prisoners, remission earned shall reduce the sentence absolutely.

5. Every prisoner, who is entitled to earn remission under the foregoing rules, shall be brought under the Mark system on the first day of the calendar month next following that in the course of which he became a prisoner; provided that, if a prisoner, admitted under a sentence of less than one year, is subsequently sentenced to a further term which makes up the aggregate to one year, he shall, if otherwise eligible, and unless such subsequent sentence is inflicted on account of riot, escape, or repeated jail offences, commence to earn marks on the first day of the calendar month next following that in which the second sentence was passed.

6. Ordinary marks shall be awarded on the following scale, *viz* :—

(*a*) One mark daily for thoroughly good conduct and scrupulous attention to all jail regulations.

(*b*) One mark daily for industry and the due performance of the daily task imposed upon him.

(*c*) One mark daily for any day on which special diligence in work is shown.

7. In addition to any marks earned under the previous rule, convict warders shall receive four marks, convict overseers two marks and convict night watchmen one mark. But convict warders and overseers shall not be eligible for any additional mark under clause (*c*) of Rule 6. It will thus be possible for a night watchman showing special diligence in work, to obtain four marks a day, which is likewise the maximum number obtainable by a convict overseer.

8. On Sundays and holidays, when ordinary jail industries are stopped, marks for conduct only may be earned, but prisoners employed on jail services may be awarded also marks for labour. Convict officers shall be awarded marks as on other days.

9. A prisoner in hospital shall receive marks for conduct only, provided that he did not, by any improper action of his own, after admission to jail, induce or aggravate the disease, on account of which he was admitted into hospital.

10. A convict sent to a Court under Regulation V of 1894 shall be credited during his absence with marks in the same way as a convict in hospital, provided that his presence before the Court has not been required in consequence of any offence committed by him and for which he is to be tried.

11. Special marks may be given for special service, such as—

(1) Assisting in detecting or preventing breaches of jail discipline or regulations.
(2) Success in teaching handicrafts.
(3) Special excellence of work.
(4) Protecting jail officers from attack.
(5) Assisting jail officers in case of outbreak, fire, etc.
(6) Economy in the wearing of clothing.

12. The Superintendent of a District Jail may award to the same prisoner not more than one hundred special marks for any one service or in any one quarter. The Superintendent of a Central Jail may in like manner award not more than five hundred special marks. When any number of special marks is awarded under this rule, a report thereof shall be made to the Inspector-General, setting forth the grounds of the award. All proposals for the award of more

han the number of marks above indicated must be referred to the Inspector-General, who will ubmit for the orders of Government any case in which he proposes to award more than one housand marks.

13. Marks and remission may be forfeited for misconduct, and prisoners may be temporarily or permanently removed from the Mark system in accordance with the law for the time being in force regulating jail offences and punishments; provided that no prisoner shall receive marks for the day on which any offence is committed and that the Superintendent may restore to he benefits of the Mark system any prisoner removed therefrom.

14. The award of ordinary marks shall be made either by the Superintendent himself or, ubject to his control and supervision, by the Deputy Superintendent, Jailor, Deputy Jailor or ny other officer specially empowered in that behalf by the Inspector-General. The award of pecial marks shall be made only by the Superintendent or Inspector-General.

15. The officer awarding marks shall, before making the award, consult the prisoner's work-sheet and history-ticket, in which every offence proved against the prisoner must be carefully recorded. In the absence of any entry against the prisoner on any day, it shall be presumed that he has earned "ordinary" marks for that day. Ordinary marks shall be recorded n the presence of the prisoner weekly, fortnightly or monthly, as circumstances admit, and pecial marks shall be awarded as soon as possible after they have been earned. All marks hall be noted in the Mark Register, which shall be written up from the entries in the prisoner's istory-ticket.

16. Every convict, coming under the operation of the Mark system, shall be entitled to a remission of one day of his sentence for every 24 marks earned by him. Marks shall be converted nto remission and the actual remission earned shall be recorded, quarterly in the Mark Register. The amount of remission earned quarterly by each convict shall be intimated to him by the Superintendent at the first weekly inspection after the close of each quarter.

17. Remission being thus earned in days, shall be recorded in days in the Mark Register and shall not be converted into months or years.

18. In converting marks into quarterly remission, any balance of mark which remains after dividing by 24 shall be carried forward to the next quarter. In converting marks into remission at the end of a prisoner's sentence, if there is a balance of 12 and upwards remaining after dividing by 24, it shall be considered equivalent to one day's remission; any smaller balance shall be disregarded.

19. In the first week of each month, a list shall be made out of those prisoners, who, on the supposition that they will earn their full ordinary marks during the intervening period, will be entitled to release in the course of the month next ensuing. This list shall be submitted to the Superintendent, signed by him, and filed in the office. If the prisoner fails to earn the number of marks assumed, in the list, or if from bad conduct he forfeits any of the marks already earned, the date of his release will be proportionately deferred; while if, on the other hand, he earns an additional number of marks, the date of his release will be proportionately advanced. As soon as he has earned such number of marks as entitles him to release, he shall, if otherwise eligible, be released by the Superintendent without further sanction or reference. The amount of remission finally earned shall be endorsed on the prisoner's warrant and the endorsement signed by the Superintendent.

20. When a prisoner is transferred from one jail to another, a record shall be sent with him showing the amount of remission and the number of marks which stand to his credit. Prisoners transferred from one jail to another shall be awarded marks for conduct during the period spent in transit, but not for industry, by the receiving jail.

## II.—Ticket-of-Leave Rules.

1. The Superintendent will give to every prisoner, on his release under Rule 4 of the Mark Rules in Part I, a ticket in English and Vernacular, on which shall be entered his descriptive roll, and the conditions on which his sentence is remitted.

2. The descriptive roll and ticket are to be in the form annexed. The ticket is to be signed by the prisoner in the presence of two witnesses, and countersigned by the Superintendent of the Jail.

3. A prisoner released on ticket-of-leave will be aided by the Police in finding employment, so long as he shall conduct himself properly.

4. On his release, the Superintendent of the Jail will give him sufficient money from that at his credit in the prisoners' property register, to carry him to his home, or place of residence. The balance of the money at his credit will be transmitted to the District Superintendent of Police, when that officer shall apply it either to support the released prisoner or to set him up in his trade.

5. If, at the time of release, the amount of money to the prisoner's credit is too small to enable him to reach his home, and to provide himself with the implements of his trade, the Superintendent of Jail shall be at liberty to give him the implements he has been using whilst in prison.

6. At the time of release, the conditions of his ticket are to be carefully explained to him and accepted by him in writing.

7. He is, in the first instance to report himself to the District Superintendent of Police of his District or, in his absence, to the nearest Magistrate.

8. If the prisoner fails to fulfil any of the conditions set forth in the ticket-of-leave, the Government may cancel the remission of his punishment, whereupon he may be arrested by any Police officer without warrant and remanded to undergo his original sentence.

9. In every instance in which a prisoner is released on ticket-of-leave, a copy of these rules, as well as a copy of the prisoner's ticket, shall be forwarded by the Superintendent of the Jail from which the prisoner is released to the District Magistrate and to the District Superintendent of Police of the District in which the prisoner is to reside.

III.—Rules for grading convicts and convict Officers.

1. The following scale of classification and grading of convicts has been laid down for the encouragement of good conduct and industry in jails. It shall apply to female as well as male convicts coming under the remission system, provided that female convicts shall not be eligible for promotion beyond the grade of Convict Work Overseer. The employment of habitual convicts as convict officers is prohibited except under the written permission of the Inspector-General, which should be granted only in special cases.

2. Every privilege to which convicts may become eligible under the following rules is permissible only during good conduct and may be forfeited for misbehaviour. Every class of convict and grade of convict officer is liable to reduction to third class convict or to any intermediate class or grade, and any convict or servant so reduced shall not be eligible for re-promotion except in accordance with Rules 4 *et seq.* Superintendents may award reduction of class or grade as a punishment for any offence included in Clauses viii to xii of Rule 3.

3. Superintendents may award forfeiture of marks in accordance with the following scale, provided that they shall not be competent to impose a forfeiture of more than 96 marks for any one offence:

| | | |
|---|---|---|
| i. | For talking at meals, parades or musters, holding unnecessary communication with Warders, or failing to bathe in accordance with orders ... | 12 |
| ii. | For failing to wear clothing, class badge, ticket, or other distinctive mark in accordance with orders or for exchanging clothing with another prisoner . | 12 |
| iii. | For leaving work, workshed or yard, changing or attempting to change assigned place at work, at meals, or in sleeping barrack, or loitering about the yards or wards without permission .. ... ... | 24 |
| iv. | For committing a nuisance in any part of the jail not assigned for that purpose or for any other breach of sanitary or conservancy rules .. | 48 |
| v. | For failing to keep clothes, blankets, bedding, eating vessels and person clean and in proper order . . .. ... | 48 |
| vi. | For negligence in performance of tasks, if first occasion | 48 |
| vii. | For gambling or playing any game within jail, for shouting, singing, using abusive or indecent language, quarrelling, or indecent behaviour ... | 72 |
| viii. | For concealing food or any prohibited article in the wards or cells, for having in possession, or attempting to receive, any prohibited article ... | 96 |
| ix. | For stealing provisions or food from the work-house, feeding place, or store rooms, or any article of clothing from any other prisoner, or for wilful destruction or spoiling of clothing, bedding, work or other Government property .. .. .. . ... | 96 |
| x. | For negligence in performance of tasks, after first occasion . . . | 96 |
| xi. | For communicating, or attempting to communicate, with persons outside the jail or with prisoners of a different class or sex, failing to report any plot or preparation for escape or for any attack upon any jail officer or prisoner. | 96 |
| xii. | For insolence and disrespect to any jail officer, threatening or assaulting any such officer or convict servant, bringing a false complaint against any jail officer or prisoner ... . . . ... | 96 |

4. A convict on commencing to earn marks shall be admitted into the third class, in which class he must earn 652 marks before he can be promoted to the second class, that is to say, he must remain in the third class for eight months at least. During the period spent in this class he may be allowed to write and receive a letter and be allowed an interview with his friends once in every eight months. He will be allowed a gratuity at the rate of one quarter-anna per mensem. A third class convict will wear no badge. Upon his completion of the prescribed number of marks required to be earned in the third class, he shall be eligible for promotion to the second class.

5. A convict in the second class must earn 490 marks before he can be promoted to the first class; that is to say, he must remain six months in the second class. He may be allowed to write and receive a letter once in four months and have an interview with his friends during the same period. He will be allowed a gratuity at the rate of one half-anna per mensem, and as a badge will wear a piece of blue tape, 2 inches long by 1 inch broad, on the left breast of his jacket. When he has earned the prescribed number of marks, he shall be eligible for promotion to the first class.

6. A convict must be at least four months in the first class and have earned 246 marks before he is eligible for promotion. He may be allowed to write and to receive letters and to have an interview with his friends once in every three months so long as he remains in this class. He will be allowed a gratuity at the rate of three-quarter-anna per mensem, and as a badge will wear a piece of red tape, 2 inches long by one inch broad, on the left breast of his jacket.

7. Besides the above classification of convicts the following grades of convict officers shall be appointed. Provided that the employment of habitual convicts as convict officers is prohibited, except under the written permission of the Inspector-General, which should be granted only in special cases.

8. From convicts of the first class who are eligible for promotion shall be selected convict maistries who shall not exceed the proportion of one to every twelve convicts. As uniform they shall wear a turband and badge, and shall receive a gratuity at the rate of one anna per mensem. They shall enjoy the same privilege as to letter-writing and interviews as a first class convict, and shall be exempt from the ankle-ring. At night one or more convict maistries shall sleep in each ward and by day shall be attached to each gang. Their duties shall be to aid the free warders—

(i) in the maintenance of order and discipline generally in their respective wards and squads;

(ii) in supervising the labour of their respective squads, seeing that each prisoner does his allotted task, and taking care that all tools are properly used and carefully returned into store;

(iii) in paying particular attention to the cleanliness of the persons and clothes of the prisoners, and seeing that the prisoners bathe at such hours and as often as ordered;

(iv) in bringing to notice any signs of sickness among prisoners;

(v) in escorting individual or gangs of prisoners about the jail when necessary;

(vi) in discovering and reporting the possession of any forbidden article by any convict and in preventing all breaches of jail rules.

9. From convicts of the first class who are eligible for promotion, or from the grade of maistry, shall be selected Convict Work Overseers who shall not exceed the proportion of two to each workshop, unless the Inspector-General shall specially sanction the raising of the number to three to each workshop. They shall wear a distinctive dress and badge on the sleeve and shall receive a gratuity at the rate of an anna and a quarter per mensem. They shall be permitted to write and receive a letter and to have an interview with their friends once in two months. They shall be exempt from the ankle-ring. Their duties shall be to aid the Jail establishment—

(i) in superintending the labour of the prisoners in the workshops, in seeing that each prisoner performs his appointed task carefully, that he does not wilfully waste the raw materials, damage the machinery, nor spoil the work entrusted to him;

(ii) in enforcing silence, order and regularity in the workshops,

(iii) in seeing that the various implements for work are placed in safe custody and kept in proper order;

(iv) in making over to the Jailor or other jail officer all work completed during the day in their respective workshops;

(v) in maintaining as high a degree of cleanliness, order and neatness as possible in the workshops;

(vi) in bringing breaches of discipline, short work and misconduct of every kind among the prisoners to the notice of the Jailor.

10. From the grades of Convict Maistry and Convict Work Overseer, shall be selected Convict Warder Guards, subject to the following conditions:—

(1) that they shall have served at least one year in one of the two lower grades of convict officer;

(2) that they shall have completed one-half of their sentences of imprisonment. In the case of life-convicts this will be taken at 10 years, remission included;

(3) that they have no serious offence recorded against them in the Jail Punishment Book.

11. The strength of the Convict Warder Guards shall be fixed from time to time by Government in accordance with the requirements of the jail. They shall be divided into three grades.

12. Convict Warder Guards shall receive a gratuity at the following monthly rates:—

1st grade—one rupee.
2nd grade—twelve annas.
3rd grade—eight annas.

Half the monthly gratuity may, at the convict's option, be spent in the purchase of extras other than liquor, tobacco and drugs. The balance shall accumulate and be paid to him on release.

13. Convict Warder Guards shall be allowed rice-diet and shall cook their own food. They shall be provided with quarters within the jail quite distinct and entirely separate from those of all other convicts, and no other convicts shall be allowed to enter the Convict Warder Guards' quarters. Convict Warder Guards shall mess, be shaved, and, if possible, bathe in their yard, or if they cannot have a well to themselves, they shall bathe at different times from other convicts. Their washing shall be done by convict dhobies, and they shall be paraded in their own yard. They shall be exempt from corporal punishment and from the ankle-ring, and shall not be required to shave or cut their hair closer than may be necessary on grounds of health and cleanliness. They shall be permitted to write and receive a letter and to have an interview with their friends once a month.

14. Their duties shall be to undertake such portions of the intra-mural guarding by day and night as are committed to them. No Convict Warder Guard shall be allowed outside the main gates. A duty-roster will be kept, and day and night duty shall be as equally divided as possible.

15. Their uniform shall be as follows:—

I. Two white tunics and trousers, with putties.
II. One warm white cumbly jacket for cold weather and night duty.
III. One pair of sandals.
IV. A white turband.
V. A brown leather waist-belt.

Every Convict Warder Guard shall be supplied with a whistle and chain and with a baton. Those in the first class shall wear two blue chevrons on the right sleeve of the tunic, and those in the second class one.

16. The following special scale of punishment for offences committed by Convict Warder Guards is prescribed. All fines of marks in excess of 96 must be submitted to the Inspector-General for sanction. Charges against Convict Warder Guards should be investigated with special care, as it is of *great importance* that there should be no want of stability about the office:—

| | |
|---|---|
| I. Neglect of duty, such as sleeping on patrol or sentry or leaving his post without permission, &c., or disobedience of orders. | Reduction of grade, with or without fine of marks, and with or without forfeiture of money earned, according to the gravity of the case and at the discretion of the Superintendent.<br>Fine not to exceed 240 marks and forfeiture of money shall not exceed more than one month's earnings as Convict Warder Guard. |
| II. Insolence and insubordination *accompanied* by violence. | Reduction to third class convict, with forfeiture of all remission earned while in prison, and of all money earned as Convict Warder Guard and barred from re-employment in any capacity as a convict officer. |
| III. Insolence or insubordination *unaccompanied* by violence. | Reduction of grade, with or without forfeiture of remission, and with or without fine of money earned, according to the discretion of the Superintendent.<br>The forfeiture of remission awarded shall not exceed one-third earned while in jail and the fine of money shall not exceed six months' allowances as Convict Warder Guard. |
| IV. Possession of contraband articles; or acting or attempting to act as an inter-mediary for the procuring of contraband articles. | Fine of marks not exceeding 240 and of money not exceeding one month's allowances as Convict Warder Guard. |
| V. Minor offences | Fine of marks not exceeding 96 with or without fine of money not exceeding one month's allowances as Convict Warder Guard. |
| VI. *First* repetition of any offence within six months. | Fine of marks or money or both may be doubled. |
| *Second* repetition of any offence within the above period. | Reversion to third class convict with forfeiture of all remission and money earned in jail. |

17. Promotion to any grade of convict officer is contingent on the prisoner being physically fit to perform the duties of the office. If a Convict Warder Guard, or other convict officer, becomes permanently incapacitated for his post, he must be reduced.

18. In District Jails where no convict is available for promotion under the Mark system, a certain number of well-conducted prisoners who have served two-thirds of their sentence may be employed for the convenience of prison discipline as acting maistries, but these officers will not be eligible for remission under the Remission Rules.

---

No. 11269-71—L. F. 351-92, DATED BANGALORE, 4TH APRIL 1899.

ORDER THEREON.—It is observed that a pony belonging to one Channabasappa was impounded in the cattle-pound at Chelur on 16th December 1897, and that it was sold by public auction on 31st December 1897. In February 1898, the owner preferred his claim for the surplus sale proceeds of his pony but it was not till June 1898 that he was able to establish his claim before the Amildar of Honnali. Section 17 of the Cattle Trespass Act requiring that in such cases the claim should be preferred and established within the period of three months, the Government Advocate was consulted as to whether the claim was admissible in this particular instance. In his reply read above, he states that preferring a claim within the period of three months prescribed by Section 17 of the Cattle Trespass Act was a substantial compliance with the provisions of the law although the claim was not established till the expiry of that period. He further states that the District Magistrate might have terminated the proceedings within three months for default of establishing the claim, but that in as much as the inquiry was permitted after the said period, it might be viewed as condoning the default.

Under these circumstances the refund bill for Rs. 13-13-8 received with the President's letter read above is sanctioned and forwarded to the Comptroller for audit.

Letter No 961, dated 29th March 1899, from the President of the District Fund Board, Bangalore Circle, submitting a memo of replies to the queries contained in Government Proceedings No. 10828-31—L. F. 101-97, dated 18th idem, in regard to the revised District Fund budget estimates of the Bangalore Local Fund Circle for 1898-99.

No. 12062-4—L. F. 101-97, DATED BANGALORE, 24TH APRIL 1899.

*Receipts.*

ORDER THEREON.—The President states that as a detailed explanation for the increase of Rs. 42 had been given in the list of civil charges under "VIII Contribution" for the salary of the sweeper of the chattram at Hebbagode, it was not considered necessary to repeat the same in the remarks column of budget statement. As this is an item of receipt the explanatory note should have been entered against it. As the sum of Rs. 113, expected from the refund of District Fund imprests, is stated to have been erroneously entered in the budget, the total estimate will be reduced to Rs. 71,194.

Government Proceedings para 2. Memo paras 1, 2 and 3.

*Expenditure.*

2. *Public Works to be executed by Revenue Officers.*—The President points out that the usual establishment charges were not allowed on the original provision of Rs. 9,983 for works. With reference to this it is observed that separate provision on account of establishment charges was correctly allowed in Proceedings No. 10828-31—L. F. 101-97, dated 10th March 1899, only on the cost of incomplete works and not on the original provision of Rs. 9,983 also, as the latter consisted of Rs. 9,076 for works and Rs. 907 for establishment charges. Under the circumstance now stated the total provision under this head comes to Rs. 23,134 (or Rs. 21,031 for works and Rs. 2,103 for supervision charges) which is sanctioned.

Para 6. Para 5.

| | Rs. |
|---|---|
| Original works | 10,917 |
| Incomplete works | 10,114 |
| Total Works | 21,031 |
| Establishment charges at 10 per cent | 2,103 |
| Grand Total | 23,134 |

*Civil Charges.*

3. The increases provided in the present budget for (1) maintenance of water-sheds and (2) conservancy establishment during jatras are reported to be necessary owing to the inadequacy of the provision sanctioned in the original budget. The estimates are passed.

Para 9 of Government Proceedings. Paras 8 and 9.

4. For the reasons now explained, a sum of Rs. 42 on account of the full salary of the sweeper attached to the chattram at Hebbagode will be entered under the head "V Sweepers for travellers' bungalows and musafirkhanas" and the similar amounts shown under each of the heads "VI Conservancy charges and IX Contributions" will be struck out, corresponding alterations being made in the provisions under the above three heads.

Para 10.

5. The other paras call for no remarks.

6. The budget estimates of the District Funds of Bangalore Circle for 1898-99, as now finally revised, will stand as per particulars given below :—

Letter No. 700—554, dated 22nd March 1899, from the President of the Shimoga District Fund Board, submitting the District Fund Budget Estimates of the Shimoga Circle for 1899-1900.

---

No. 11865-70— L. F. 51-98, DATED BANGALORE, 21ST APRIL 1899.

ORDER THEREON.—The income for 1899-1900 under all heads is estimated at Rs. 85,372 against Rs. 81,833, the actuals of 1897-98 and Rs. 80,107, the sanctioned estimate for 1898-99.

2. *I. Seventy-six per cent of one anna cess.*—The increase provided under this head should have been explained. It is observed that the entire demand including the arrears of Rs. 9,000 at the beginning of the ensuing year is given as Rs. 78,622-4 which is proposed as the estimate for the year. The President is requested to state whether the whole demand is likely to be collected before the end of the next year without leaving any arrears and, if not, the probable amount of outstandings should be specified in view to the estimate being reduced. Pending information, the estimate will stand.

3. *II. Sale of Stray Cattle and III. Fines for Cattle Trespass.*—The estimates under these heads include a sum of Rs. 300 expected as fees which probably represents the cost of fodder supplied to impounded cattle. The estimates are approved.

4. *Ferry Collections.*—The cause of falling off of revenue under this head as compared with the actuals of 1897-98 should be explained. Meanwhile the estimate will stand.

5. *Opening Balance.*—The estimate of Rs. 39,131 entered under this head will be reduced to Rs. 9,833 which is the closing balance for 1898-99 according to the supplemental budget sanctioned in Proceedings No. 10383-6—L. F. 107-97, dated 7th March 1899.

*Expenditure.*

6. The figures entered in the column "Sanctioned estimate for 1898-99" of the consolidated budget statement do not include the supplemental grants recently sanctioned. The necessary alterations have been made in the statement.

7. *A. Public Works to be executed by Public Works Department.*—The correct total of the details of the estimated expenditure for road repair is Rs. 31,135 and not Rs. 31,655 as entered in enclosure B. The necessary correction has been made and the estimate proposed (Rs. 54,391) sanctioned.

8. *B. Public Works to be executed by Revenue Department.*—The provision of Rs. 1,350 entered on account of establishment charges appears to have been calculated at 10 per cent on the cost of works to be undertaken by the Revenue agency under this and other heads noted in the margin, and is approved.

| | Rs. |
|---|---|
| B. Public Works, original works .. .. | 4,500 |
| Ditto, repairs .. .. | 4,500 |
| VI. Conservancy and sanitary charges .. | 4,000 |
| X. Miscellaneous—Destruction of cover to snakes. | 500 |
| Total .. | 13,500 |

9. *C. Civil Charges I. Office.*—The provision made under this head will be retained, pending the issue of final orders on the Comptroller's proposal to levy a fixed contribution from Municipal as well as District Funds for Local Fund establishments as recently revised in the Proceedings of Government No. 6982-90—L. F. 3-97, dated 6th December 1898.

10. *II. Medical Scholarships.*—The sanctioned estimate for 1898-99 repeated in the present budget will be allowed to stand, pending the disposal of the Senior Surgeon's reference regarding the grant of 12 scholarships during the next three years.

11. *III. Hospitals and Dispensaries.*—The net increase of Rs. 78 provided under this head is the result of a gross increase of Rs. 428 in items 1 and 2 and of a gross decrease of Rs. 350 in items 3 and 4. Item 3 has been omitted in the present budget owing to the establishment of a separate dispensary at Siralkoppa, for which items 1 and 2 have been provided instead. Item 4 is not of a recurring nature and no provision has been made for the same. The estimate is approved.

| 4. Provision for furniture ... .. | —230 |
| Total ... | —350 |
| Net Increase .. | + 78 |

12. *IV. Sweepers for Travellers' Bungalows.*—The increase under this head is due to the provision made for the increase of pay from Rs. 4 to Rs. 6 per mensem to the existing ferryman at the Girsoppa Falls and for the employment of an additional ferryman on Rs. 4 per mensem as recently sanctioned by Government in Proceedings No. 5901-2—L. F. 70-95, dated 3rd November 1898. The provision is approved.

13. *Conservancy and Sanitary Charges.*—The lump sum provision made under this head, which includes the salaries of sweepers employed in the villages of Ayanur, &c., is retained subject to the submission of details of works to be carried out in the several taluks.

14. The other items call for no remarks and are passed.

15. The budget estimates of the District Funds of Shimoga for 1899-1900 are sanctioned as per details given in the accompanying appendices, of which an abstract is given below:—

| | Rs. | Rs. |

Docket No. 677—651, dated 24th February 1899, from the President, District Fund Board, Chitaldrug, submitting the District Fund Budget Estimates of the Chitaldrug Local Fund Circle for 1899-1900.

---

No. 11671-6—L. F.53-98, DATED BANGALORE, 21ST APRIL 1899.

ORDER THEREON.—The District Fund Board estimate their income for 1899-1900 at Rs. 41,980 against Rs. 42,177, the actuals of 1897-98 and Rs. 40,392, the sanctioned estimate for 1898-99.

2. *Seventy-six per cent of Local Cess.*—The actual demand under this head is estimated at Rs. 32,444, and the whole of this amount is expected to be collected during the year.

3. The opening balance will be raised to Rs. 8,010 which is the closing balance for 1898-99, according to the revised budget sanctioned in Proceedings No. 9703-6—L. F. 109-97, dated 21st February 1899.

EXPENDITURE.

4. *A. Public Works to be executed by Public Works Department.*—The provision for supervision charges at 17½ per cent on the cost of works should be Rs. 3,226 and not Rs. 3,251 as entered under "III Establishment" in the consolidated budget statement. The former figure will be adopted in the budget.

5. *B. Public Works to be executed by Revenue Department.*—Lump sum provisions entered under this head both for original works and repairs will be retained, subject to the submission of detailed lists of works and of estimates for such of them as require the sanction of Government.

CIVIL CHARGES.

6. *I. Office Establishment.*—The increased provision under this head will be retained, pending the issue of final orders on the Comptroller's proposal to levy a fixed contribution from the Municipal as well as District Funds on account of Local Fund establishments as recently revised.

7. *III. Hospitals and Dispensaries.*—The present budget provides for increases to the salaries of compounders attached to the Local Fund dispensaries at Harihar and Davangere in accordance with Proceedings No. 13250—Mis. 1962, dated 8th June 1896, and omits the provision for house rent of the Challakere dispensary, as the same is now located in the old taluk cutcherry building. The estimate is passed.

| | | Rs. |
|---|---|---|
| (1) | Increase of compounder's pay at Harihar | 40 |
| (2) | Ditto Davangere | 16 |
| | | 56 |
| Deduct— | | |
| | House rent of the Dispensary building at Challakere ... | 24 |
| | Net Increase ... | 32 |

8. *V. Sweepers, &c., for Travellers' Bungalows and Musafirkhanas.*—A sum of Rs. 250 is provided under this head on account of the cost of vessels, &c., to be supplied to musafirkhanas and bungalows as against Rs. 60 sanctioned for 1898-99. This accounts for the increase in the estimate under this head, which is passed.

9. The other items call for no remarks and are passed.

10. The budget estimates of receipts and expenditure under District Funds of the Chitaldrug Circle for 1899-1900 are sanctioned as per details given in the accompanying appendices of which an abstract is given below :—

Report on the administration of the District Funds of the Chitaldrug Local Fund Circle for 1897-98, received with the President's docket No. 530—506, dated 29th December 1898.

No. 12285-90—L. F. 37-98, DATED BANGALORE, 28TH APRIL 1899.

ORDER THEREON.—The total income of the Chitaldrug District Fund Board for the year 1897-98, including the opening balance is Rs. 61,819, of which Rs. 42,013 was expended, leaving a balance of Rs. 19,806 at the end of the year.

2. The increase under the head "Seventy-six per cent of local cess on Land Revenue, &c.," is due to the increase in the assessment of dry lands, on which water cess had been hitherto levied, being converted into wet land by the Survey Department. The increases and decreases under other items of Revenue, which are of a fluctuating character, call for no remarks.

3. During the year 1897-98, six original works were taken on hand by the Public Work Department, of which four were completed. Including the 2½ miles of Channagiri-Malebennur road, which was opened by the Shimoga District Fund Board and the additional two miles of the Chitaldrug Station Roads, the District Fund Board maintained during the year 249½ miles of road at an aggregate cost of Rs. 14,115-3-8, against Rs. 12,640-3-0 of the previous year, with an average rate of Rs. 56-5-7 against Rs. 51-5-9, per mile.

4. Out of the budget allotments sanctioned for works executed by the Public Work Department about 9·2 per cent lapsed at the end of the year, while the proportion of lapses out of the grants sanctioned for works to be executed by the Revenue Department was so high as 36·4, notwithstanding the fact that nine Work Inspectors were employed during the year for the supervision of works undertaken by the Revenue agency in the several taluks of the district under the authority conveyed in Government Proceedings No. 13938-46-320-96, dated 30th June 1896. This high percentage of lapses should have been accounted for.

| | | Allotment. | Outlay. | Lapse. | P.C. |
|---|---|---|---|---|---|
| A. P. W. | I Original Works | 3,849 | 2,448 | 1,401 | |
| | II Repairs | 16,478 | 16,005 | 473 | |
| | Total | 20,327 | 18,453 | 1,874 | 9·2 |
| B. P. W. | I Original | 4,717 | 1,845 | 2,872 | |
| | II Repairs | 4,796 | 4,204 | 592 | |
| | Total . | 9,513 | 6,049 | 3,464 | 36·4 |

5. Out of the eleven midwives appointed for the district, there were only nine at the end of the year, as one was transferred to the Bangalore district and another resigned her appointment. The expenditure incurred on account of the salaries, &c., of these midwives during 1897-98 was Rs. 962-8-11 as against Rs. 1,118-5-2. The enormous falling off in the number of cases attended by midwives, (189 against 669 of last year) should have been explained. The Government do not consider this satisfactory, and it is hoped that necessary steps will be taken to increase the usefulness of this class of medical subordinates in future.

6. The number of persons vaccinated was 6,703 during 1897-98 against 7,493 in the previous year. This large decrease has not also been explained.

7. The total number of deaths rose from 4,746 in 1896-97 to 6,475 or by 36 p. c., the highest mortality being due to fevers. The number of births decreased from 7,841 to 6,189 or by about 21 per cent.

8. *Local Fund General.*—A large grant of Rs. 29,000 was sanctioned from Local Fund General for new original works as well as for the incomplete works of the previous year, but only Rs. 13,562-0-7 was spent as shown in the margin.

| | Grant. Rs. | Expenditure. Rs. a. p. |
|---|---|---|
| Wells and other works ... | 23,137 | 10,279 0 9 |
| Village sanitation, roads, pits and prickly pear. | 5,863 | 3,282 15 10 |
| Total .. | 29,000 | 13,562 0 7 |

9. *Village School Fund.*—The cost incurred from the Village School Fund during 1897-98 was Rs. 12,918-1-8 on 151 schools containing 4,500 boys and 233 girls.

10. The District Fund Board held five meetings during the year. It is satisfactory to note that the average attendance of members was on the whole fair.

Docket No. 665, dated 20th March 1899, from the President of the District Fund Board, Hassan, submitting the District Fund Budget Estimates of the Hassan Circle for 1899-1900, together with a copy of the Proceedings of the District Fund Board, dated 31st January 1899.

---

No. 11955-67—L. F. 50-98, DATED BANGALORE, 22ND APRIL 1899.

ORDER THEREON.—The receipts under the several heads are estimated for 1899-1900 at Rs. 73,874, against Rs. 73,477, the actuals of 1897-98 and Rs. 73,995, the sanctioned estimate for 1898-99.

2. *I. Seventy-six per cent of one anna cess.*—The total demand for the year 1899-1900 based upon the Jamabandi figures of 1897-98 is given as Rs. 60,279, and the whole of this amount is expected to be collected during the year. The estimate is retained, subject to the submission of a report as to whether no arrears are expected to remain uncollected at the end of the current year and of the year 1899-1900.

3. *Tolls.*—The new estimate of Rs. 1,200 entered under this head is expected from the levy of tolls on the bridge at Holé-Narsipur, sanctioned in Proceedings No. 11556-7—L. F. 57-98, dated 14th April 1899. The estimate is passed.

| | Rs. |
|---|---|
| 1. Actual balance on 1st July 1898 | 64,817 |
| 2. Estimated receipts for 1898-99 | 73,995 |
| Total | 1,38,812 |
| 3. Estimated expenditure including supplemental grant. | 1,06,718 |
| Total Balance | 32,094 |

4. *Opening Balance.*—The estimate proposed under this head will be altered to Rs. 32,094 as per particulars given in the margin.

5. *Office Establishment.*—The provision under this head will be retained, pending the issue of final orders on the Comptroller's proposal to charge a fixed contribution to the District and Municipal Funds towards the cost of Local Fund establishments recently sanctioned in Government Proceedings No. 6982-90—L. F. 3-97, dated 6th December 1898.

6. *II. Medical Scholarships.*—The estimate under this head includes the provision made for a portion of the year for scholarships due to pupils sent for training in the Indigenous Hospital at Mysore and is retained, subject to revision after the issue of orders on the Senior Surgeon's proposal to grant Medical Scholarships for the grade of Hospital Assistants during the next three years.

7. *Sweepers for Travellers' Bungalows and Musafirkhanas and for the Sanitation of rural parts.*—The variations proposed in the estimates under these heads are noted in the margin. Item (*a*) is in accordance with the Government Proceedings No. 11553-4—L. F. 73-94, dated 14th April 1899, and is approved. The omission of item (*b*) as unnecessary is due to the recent establishment of a Municipality at Basavapatna. The estimates are passed.

| | Per mensem. |
|---|---|
| (*a*) Traveller's Bungalows and Musafirkhanas:— | Rs |
| I. Increase of Re 1 for each of the sweepers at the following musafirkhanas:—Hirisave, Dudda, Hole-Narsipur, Channarayapatna, Banavar (from Rs 5 to Rs. 6) and Alur (from Rs. 6 to Rs. 7) | 6 |
| II. Appointment of one sweeper for the Musafirkhana at Suledevanhalli at Rs. 5. | 5 |
| III. Ditto at Saklespur at Rs. 7. | 7 |
| Total | 18 |
| IV. Toti of the bungalow at Hirisave to be done away with. | 4 |
| Net Increase . . | 14 |
| Per annum | 168 |

(*b*) Savings of Rs. 120 being the pay of two sweepers on Rs. 5 each entertained at Basavapatna.

8. *X. Miscellaneous.*—A new item of Rs. 300 entered on account of the cost of establishments to be entertained at the Holé-Narsipur bridge is in accordance with Government Proceedings No. 11556-7—L. F. 57-98, dated 14th April 1899, and is approved.

9. The other items call for no remarks and are passed.

10. The District Fund Budget estimates of the Hassan Local Fund Circle for 1899-1900 are sanctioned as per details given in the accompanying appendices of which an abstract is given below :—

| | | Rs. | Rs. |
|---|---|---|---|
| 1. | Estimated opening balance | | 32,094 |
| 2. | Ditto receipts for 1899-1900 | | 73,874 |
| 3. | Total including balance | | ,05,968 |
| 4. | Estimates Expenditure— | | |
| A. | Public Works to be executed by Public Works Department. | 56,384 | |
| B. | Public Works to be executed by Revenue Department. | 7,760 | 88,563 |
| C. | Civil Charges ... ... | 24,419 | |
| | Closing Balance | | 17,405 |

11. It is observed that the closing balance is less than the prescribed minimum by Rs. 1,063. Every endeavour should be made to maintain the usual balance by effecting savings in the sanctioned allotments, unless the actual balance on 1st July 1899 should be in excess of the estimate by Rs. 1,063 or more.

Docket No. 89, dated 25th February 1899, from the President, District Fund Board, Kolar, submitting the District Fund Budget estimates of the Kolar Circle for 1899-1900.

---

No. 12066-7—L. F. 46-98, DATED BANGALORE, 24TH APRIL 1899.

ORDER THEREON.—The District Fund Board estimate the income under all heads for 1899-1900 at Rs. 79,170, against Rs. 77,136, the actuals of 1897-98, and Rs. 77,320, the sanctioned estimate for 1898-99.

2. *Seventy-six per cent of the Local Cess.*—The increase under this head should have been explained. In the enclosure A, the total demand under this head including the arrears of the previous year is given as Rs. 84,160, of which the amount expected to be collected during the ensuing year, *viz.*, Rs. 74,000 is entered as the proposed estimate which is passed.

3. *A. Public Works to be executed by Public Works Department.*—The following variations proposed in the length and rates of mileage allotments in respect of certain District Fund roads in the district, should have been explained in the remarks column of enclosure C. The omission should be now supplied. Pending information, the provision will stand :—

| Name of road. | Sanctioned provision for 1898-99. | | | Provision for 1899-1900. | | |
|---|---|---|---|---|---|---|
| | Mile. | Rate. | Amount. | Mile. | Rate. | Amount. |
| | | Rs. | Rs. | | Rs. | Rs. |
| 1. Periyasandra-Dibburhalli road. | 6 | 50 | 300 | 8 | 50 | 400 |
| 2. Chintamani-Chelur road . | 22 | 60 | 1,320 | .. | ... | ... |

5. *I. Office Establishment.*—The estimate proposed under this head will be retained, pending the issue of final orders on the Comptroller's suggestion to levy a fixed contribution from the District Fund and Municipal Boards to meet the cost of Local Fund Establishments recently sanctioned by Government.

6. *II. Medical Scholarships.*—The current year's provision repeated in the present budget will be allowed to stand, pending the issue of final orders on the Senior Surgeon's proposal to grant new scholarships in the next three years.

7. *III. Hospitals and Dispensaries.*—The decrease under this head is due to the smaller provision made for furniture for the several Local Fund Dispensaries and to the omission of the usual provision (Rs. 72) for the rent of the female dispensary at Kolar, which is now located in a building recently constructed. The provision is approved.

8. *X. Miscellaneous.*—The provision under this head includes the annual grant of Rs. 200 proposed to be made to the Free Library at Kolar in accordance with the resolution of the District Fund Board, dated 20th February 1899. Pending the issue of final orders on the Deputy Commissioner's reference No. 103, dated 4th March 1899, the estimate will stand.

9. The other items call for no remarks and are passed.

10. The Budget estimates of the District Funds of the Kolar Local Fund Circle for 1899-1900 are sanctioned as per details given in the accompanying appendices of which an abstract is given below :—

# L. B. B.—MUNICIPAL FUNDS

*Proceedings of the Government of Mysore,*

READ—

Letter No. 696, dated 4th February 1899, from the President of the Municipalities in the Mysore district, submitting Doctor Armuga Mudaliar's Inspection Notes on the town of Nanjangud and requesting sanction to the grant of a loan of Rs. 5,000 to the Municipality to enable it to open the congested parts of the town and to provide the same with proper drainage.

READ—

Government Proceedings, Public Works No. 1925-29—320-24, dated 6th May 1893, passing orders on Sanitary Works Budget for 1892-93.

READ AGAIN—

Public Works Department Proceedings No. 3916-36—749-69, dated 1st August 1894.

ORDER THEREON.—The orders read above contain some clerical errors regarding the various parts of that budget and it is therefore necessary to explain the distinction between the various parts, and to lay down the following rules:—

(1) *Part I.*—Works to be carried out by the Sanitary Engineer, and the cost to be met partly from Government loans to municipalities, and partly from Government grants-in-aid to them. The annual grant for both such loans and grants-in-aid to be one lakh.

(2) *Part II.*—Works to be carried out by the municipalities themselves, subject to the professional supervision and control of the Sanitary Engineer. Such supervision and control to include, in special cases, the laying down of streets, levels, grades, &c, and to be free of charge to the municipalities concerned.

Cost of works in this part to be met from municipal ordinary revenue.

(3) *Part III.*—Special works to be carried out by Government through the agency of the Sanitary Engineer.

Cost of such works to be met from either—

(*a*) Loans granted by Government to the municipalities concerned, or

(*b*) Grants from the District Local Funds in the case of sanitary works as distinguished from ordinary District Fund works. These will of course be included in District Fund budget; but the execution will be by the Sanitary Engineer.

(4) Parts I and III should be sanctioned by Government in the Public Works Department. Part II will be sanctioned by Government in the Municipal Department, but should be recorded in the Public Works Department.

(5) Loans given to municipalities for works in Parts I and III will bear 4 per cent interest and be re-payable in a number of years to be fixed by Government according to the circumstances of each case.

Estimates for works in these Parts should be accompanied by a written undertaking in the appended form, from the municipalities concerned agreeing to the acceptance of the loan and its repayment.

*Form of Agreement*

I the President of the .. ....., Municipality, hereby undertake, (as per Resolution No , dated . .. .. of the Municipal Commissioner confirmed by Government in Proceedings No .. . , dated ) to receive from the Government a loan of Rs .. . . towards the execution of

The loan to carry interest at 4 per cent per annum, and to be re-paid in years or such other number of years as the Government may prescribe in that behalf.

*Dated* *189* .

THE *President, Municipality.*

No. 11541-50—L. F. 262-96, DATED BANGALORE, 14TH APRIL 1899.

ORDER THEREON.—The Government are pleased to lay down the following conditions for the grant of loans to Municipalities for the execution of sanitary works alluded to in the Proceedings read above. The Presidents are accordingly requested to conform to these conditions invariably when submitting applications for future loans.

(1) The loans shall be given for the execution of approved works of sanitation.

(2) The interest payable on such loans shall be 4 per cent per annum.

(3) The maximum period fixed for the repayment of each such loan shall be twenty years.

(4) Adopting 4 per cent as the rate of interest and twenty years as the period for repayment of each loan—

(*a*) For every rupee of promised annual payment, the amount of loan that can be advanced will be Rs. 13·59033.

(*b*) For every rupee lent, the annual payment required during twenty years will be Re. ·07358.

(2) The President of the Municipalities in the Mysore district is accordingly requested to shape his application for the proposed loan of Rs. 5,000 to the Nanjangud Municipality in proper form with reference to the above conditions.

ORDER THEREON.—Sanctioned.

The lands in question will be disposed of under the Darkhast Rules, the assessment leviable thereon being fixed in communication with the Superintendent of Revenue Survey in Mysore.

2 The water-course on Survey No. 52 will be reserved and a muchalika taken from the purchaser to the effect that he will in no way interfere with it.

3. The water-course ought to have been shown in the sketch submitted in connection with Huchashetti's darkhast. There has been a delay of nearly five years in the disposal of these darkhasts which is not satisfactory. It is hoped that the Deputy Commissioner will scrutinize the proceedings of the taluk and sub-division officials and take such action as will prevent such delays in future.

Letter No. 731, dated 16th May 1898, from the Deputy Commissioner, Kadur district, submitting his review on the work done by Jamabandi Officers during the year 1897-98, together with the original reports of the said officers.

No. 6861-8—R. F. 21-98, DATED BANGALORE, 4TH APRIL 1899.

ORDER THEREON.—The subjoined statement exhibits the names of officers who conducted the district jamabandi of the several taluks of the Kadur district for the year 1897-98, the dates of commencement and completion of the jamabandi and the number of camps made:—

| No. | Name of taluk or sub-taluk. | No. of villages settled. | Name of officer who settled the jamabandi. | Date of commencement of jamabandi. | Date of completion of jamabandi. | No. of camps. |

2. The work of jamabandi in the district lasted for about 2½ months. A fair proportion of village accounts was examined by the Jamabandi Officers. The boundary marks in all the taluks, except in parts of the Chikmagalur, Kadur and Koppa taluks, are reported to have been generally in a fair condition and necessary orders appear to have been issued to the Amildars of the latter taluks. The reports of the Jamabandi Officers show that the condition of certain tanks in the Tarikere and Kadur taluks was unsatisfactory and that the Amildars concerned have been instructed to get the earth-work done to those tanks promptly. The Jamabandi Officers should take another opportunity of inspecting the tanks and satisfying themselves that the raiyats have done their part of the work.

3. The approximate demand for the Chikmagalur taluk, the jamabandi of which was conducted by three different officers, amounts to Rs. 2,30,862, as per figures given in the reports submitted, while the actual demand shown in the jamabandi return for the year 1897-98 is Rs. 2,25,112. The difference of Rs. 5,750 is probably due to the variations that generally occur between the approximate demand ascertained at the time of jamabandi and the actual demand arrived at after the completion of annual accounts. The figures reported for the Tarikere and Koppa taluks likewise exhibit an increase of Rs. 7,768 and Rs 4,304, respectively, when compared with the actual demand under "Land revenue" and "Mohatarfa" for the year 1897-98. As regards the Mudgere taluk and the portion of the Kadur taluk settled by Mr. Weir, no information as to the amount of the demand fixed has been furnished. It is requested that in future the amount of demand settled for each taluk may invariably be given in the jamabandi reports in the form annexed in the margin.

| Land Revenue including Land Revenue miscellaneous, mohatarfa, &c. | Actual demand for the previous year. | Demand as settled for the current year. | Remarks as to cause of any large difference. |
|---|---|---|---|

4. Almost all the matters to be dealt with by Jamabandi Officers as enumerated in Government Proceedings No. 2594-601—R. 954, dated 5th September 1896, together with additional matters such as, vaccination, preservation of village maps, village sanitation, maintenance of the registers of mortuary returns and of registers of cattle-pounds, &c., have been noticed in detail in the memorandum submitted by Extra Assistant Commissioner Mr. B. Ramaswamaiengar. The other reports are wanting in sufficient details, which it is hoped will be given in the future jamabandi reports. The proposal made by the Extra Assistant Commissioner, Mr. B. Ramaswamaiengar, as regards adding another column to Village Account No. 7 (Pahani) with a view to show the estimated outturn of crops in annas may form the subject of a separate communication.

2. Three breeding rams are reported to have died in the third quarter ending 18th October 1898, but no information is forthcoming, as to whether any or all of them were Australian rams. A report on this point as well as on the cause of death of the rams and all other particulars relating thereto should be submitted for the information of Government.

3. Government observe that so many casualities as 21 in the last quarter, without any births, disclose a state of things requiring careful investigation and the adoption of such remedial action as may be called for.

No. 7028-36—R. 3275, DATED BANGALORE, 8TH APRIL 1899.

ORDER THEREON.—The subjoined statement shows the demand, collection and balance in the several districts of the State under the heads "Land Revenue," "Sayer," "Salt," "Mohatarfa," and "Miscellaneous," for the half year ending 31st December 1898, as compared with the figures for the corresponding period of the previous year.

2. *Land Revenue.*—The total demand for the period under review shows a net decrease of Rs.1,23,338. in all the districts except Hassan and Shimoga. In all the districts except Shimoga and Tumkur there is a net decrease of Rs. 19,591 under "Current Demand" as shown below, which the Deputy Commissioners concerned will be good enough to explain at an early date:—

| Districts | Current Demand. | | |
|---|---|---|---|
| | Last year. | Current year. | Difference. |
| Bangalore ... ... | 6,674 | 3,385 | —3,289 |
| Kolar . . . | 17,116 | 11,156 | —5,960 |
| Tumkur ... .. . | 5,563 | 7,034 | +1,471 |
| Mysore . . .. .. | 9,890 | 9,605 | —285 |
| Hassan ... ... .. | 15,076 | 8,905 | —6,171 |
| Shimoga ... . . . . | 3,426 | 3,550 | +124 |
| Kadur ... ... .. | 9,736 | 4,413 | —5,323 |
| Chitaldrug ... ... . | 4,522 | 4,364 | —158 |
| Total ... | 72,003 | 52,412 | —19,591 |

3. The proportion of outstanding balance to the entire demand was as follows:—

| Districts. | 1897-98. | 1898-99. |
|---|---|---|
| Hassan ... ... ... .. | 62·2 | 68·1 |
| Shimoga ... ... ... ... | 64·1 | 68·0 |
| Kolar ... ... . .. | 67·1 | 67·4 |
| Bangalore ... . ... ... | 46·9 | 66·7 |
| Mysore ... ... ... . | 49·8 | 56·5 |
| Tumkur ... ... ... ... | 47·3 | 36·5 |
| Kadur ... ... ... .. | 24·9 | 33·6 |
| Chitaldrug ... . . ... ... | 38·5 | 23·9 |

The above figures show that the collection work does not compare favorably with that of the last year except in Tumkur and Chitaldrug.

The Deputy Commissioners of the remaining districts are therefore requested to give their personal attention to the matter and enforce prompt and regular collection of all Government dues.

4. The collections as shown by the Deputy Commissioner's differ from the Comptroller's figures to the extent noted below:—

| District. | As per Deputy Commissioner's return. | As per Comptroller's return. | Difference. |
|---|---|---|---|
| Bangalore | 11,024 | 10,923 | +101 |
| Kolar | 52,405 | 52,432 | —27 |
| Mysore | 52,803 | 53,303 | —500 |
| Shimoga | 47,393 | 47,387 | +6 |
| Chitaldrug | 5,539 | 5,339 | +200 |

The Deputy Commissioners are requested to adjust these differences in communication with the Comptroller, if necessary.

5. The arrears on account of previous year's demand as they stood on 1st July and 31st December 1898, in the several districts, are shown below:—

| Districts. | On 1st July 1898 | On the 31st December 1898. |
|---|---|---|
| Bangalore | 30,427 | 22,560 |
| Kolar | 1,53,149 | 1,10,808 |
| Tumkur | 20,455 | 10,045 |
| Mysore | 1,12,192 | 68,880 |
| Hassan | 1,13,054 | 83,080 |
| Shimoga | 1,44,778 | 1,00,936 |
| Kadur | 77,379 | 27,487 |
| Chitaldrug | 2,911 | 1,736 |

The outstanding balances shown against the Kolar, Shimoga, Hassan and Mysore districts are very large and call for early action.

6. *Sayer.*—The large decrease of Rs. 22,434 and Rs. 15,845 under "Demand" in the Shimoga and Kadur districts, respectively, requires explanation, which the Deputy Commissioners are requested to furnish at an early date.

7. *Mohatarfa.*—The balances of Rs. 10,404, Rs. 5,063, Rs. 3,528, and Rs. 3,110, remaining uncollected in the Mysore, Kolar, Bangalore and Shimoga districts, respectively, should be collected early.

8. *Miscellaneous.*—Under "Total demand" there was a decrease in all the districts except Shimoga and Chitaldrug and this total decrease, *viz.*, Rs. 3,85,726 requires explanation.

No. 6997-7005– R. 3264, DATED BANGALORE, 8TH APRIL 1899.

ORDER THEREON.—The subjoined statement is an abstract of the statements submitted by the Deputy Commissioners with their dockets read above:—

| No. | Districts. | Total number of applications sanctioned by Govt., awaiting disposal at the beginning of the quarter. | Sanctioned during the quarter. | Number of darkhasts in which possession of land was made over to the applicant or purchaser | Number of applications pending further disposal by the Deputy Commissioner at the end of the quarter. | Relating to the year: 1891-92 | 1892-93. | 1893-94. | 1894-95. | 1895-96. | 1896-97. | 1897-98. | 1898-99. |

| | Total ... | 183 | 28 | 68 | 113 | 1 | 1 | 4 | 15 | 29 | 23 | 49 | 21 |

2. In the statement received from the Kadur district, a general remark is added to the effect that necessary steps, as reported by the Amildars concerned, are being taken towards the disposal by sale, &c., of the ten darkhasts in arrears. It is not clear with whom the old darkhasts, specially those relating to the years 1891-92, 1893-94 and 1895-96, are actually pending, why they have been pending so long, at what stage they are, and how long it would be before they are finally disposed of. The Deputy Commissioner is requested to submit for the information of Government a special report on these points.

3. In the statement received from Hassan, the column of remarks is left blank. The Deputy Commissioner is also requested to report specially on the points raised in case of the statement for the Kadur district.

4. The district of Chitaldrug calls for no remark.

5. A summary of the explanations of delay given in the statements received from the remaining districts is appended hereto.

6. The Measurers should be urged to attend to the old darkhasts at once. As regards the darkhasts stated to have been pending in the Survey Department, the Superintendent of Revenue Survey is requested to arrange for the early disposal of all old references from Deputy Commissioners on the subject. The statement from the Mysore district is apparently defective and does not give any particulars of the delay. The disposal of darkhasts in the Hassan district is slow and the pending number is very large. The Deputy Commissioner's attention is invited to the point.

Letter No. 405, dated 25th February 1899, from the Deputy Commissioner, Kadur district, reporting, with reference to Subject No. 208 of the Representative Assembly Proceedings of October 1897, that the hoblies of Amrutapur and Tarikere in the Tarikere taluk, which are proposed to be treated as malnad simply to enable the raiyats to avail themselves of the privileges of the malnad raiyats in the matter of felling and removal of wood, &c., in district or Government unreserved forests, have no extensive district and village forests, that only a few villages have small jungles, that the concession, if granted, would lead to the gradual denudation of the forests concerned, and that Amrutapur hobli being purely maidan, and Tarikere hobli nearly so, there is no necessity to treat either of them as malnad.

Correspondence ending with letter No. 803, dated 13th March 1899, from the Deputy Commissioner, Mysore district, regarding the grant, for cultivation purposes, of 4 acres and 15 guntas of land out of Survey No. 75 (gomal), in the Thagan thalli village, Honakere hobli, Nagamangala taluk.

No. 7411-12—R. 3394, DATED BANGALORE, 18TH APRIL 1899.

ORDER THEREON.—From the vernacular records submitted, the 4 acres and 15 guntas of land above referred to appears to have been granted on 4th July 1892, on temporary assessment, by the Taluk Sheristadar. The Deputy Commissioner states that the land in question had, after the Survey Settlement, been shown in the khetwar account as "kharab, to be sold annually for grazing purposes" and that for some years subsequent to the survey settlement there was a practice in this taluk of temporarily giving out such lands as well as gomal numbers for cultivation, by sale, by the taluk authorities, and sending at the close of the year, for the approval of the Survey Superintendent, a statement showing the lands thus granted; and that the land above referred to was one given out in the same manner. He further states that the villagers have no objection to the land being confirmed to the applicant, as the remaining extent of gomal land is sufficient for grazing purposes, and solicits sanction to the confirmation of the land to Bola Lingegauda, to whom it was originally granted.

2 Government observe that their previous sanction ought to have been obtained before the gomal land was given out for cultivation. It will, however, be confirmed to the present holder subject to the payment of such price as may be fixed by the Deputy Commissioner for the value of the trees, &c., and of such assessment as may be settled by the Superintendent of Revenue Survey in Mysore.

3. The Deputy Commissioner is requested to report once for all in how many cases gomal lands have been given away without Government sanction and submit for the orders of Government the connected papers.

4. The vernacular papers stated to have been mislaid in the case under orders should be traced and a further report submitted for the information of Government.

**No. 7532-40—R. 3429, DATED BANGALORE, 21ST APRIL 1899.**

ORDER THEREON.—The following abstract of the returns received from the Deputy Commissioners, shows the Demand, Collection and Balance under "Forests" for the six months ending 31st December 1898 as compared with those for the corresponding period of past year.

Statement showing the Demand, Collection and Balance under the head "Forest" for the half-year ending 31st December 1898 as compared with the figures for the corresponding period of previous year.

| Demand, Collection and Balance. | Year. | Bangalore. | Kolar. | Tumkur. | Mysore. | Hassan. |
|---|---|---|---|---|---|---|
| Demand, including arrears | Last year | 42,443 | 42,443 | 49,935 | 2,48,043 | 1,10,669 |

|---|---|---|---|---|---|---|
| Demand, including arrears | Last year | 2,21,255 | 39,748 | 11,342 | ..... | 7,85,919 |
| | Current year | 2,91,449 | 1,03,878 | 7,766 | ..... | 8,54,853 |
| Collections, including remissions | Last year | 1,12,846 | 23,829 | 11,342 | ..... | 3,90,496 |
| | Current year | 81,348 | 23,305 | 7,766 | ..... | 3,19,715 |
| Balance | Last year | 1,08,409 | 15,917 | ..... | ..... | 3,75,423 |
| | Current year | 2,10,111 | 82,573 | ..... | ..... | 5,35,168 |

2. The total demand for the period under review shows a net increase of Rs. 88,964, the districts of Mysore, Hassan, Shimoga and Kadur chiefly contributing to the increase. The other districts show **decrease** under "Current demand" as shown in the margin, which the Deputy Commissioners are requested to explain at an early date.

| Districts. | 1897-98 | 1898-99 | Decrease. |
|---|---|---|---|
| Bangalore ... ... | 42,356 | 18,589 | 23,767 |
| Kolar ... . | 40,498 | 15,710 | 24,788 |
| Tumkur . . ... | 48,832 | 35,139 | 13,693 |
| Chitaldrug . . . . | 11,339 | 7,766 | 3,573 |

3. The following statement shows the proportion of the entire demand which remained uncollected on 31st December 1898 :—

| Districts. | 1897-98. | 1898-99. |
|---|---|---|
| Kadur ... ... .. .. | 10·0 | 77·9 |
| Shimoga ... .. ... ... | 19·0 | 72·1 |
| Mysore .. ... .. ... | 64 1 | 67·3 |
| Hassan .. ... .. .. | 68 9 | 57·7 |
| Tumkur ... ... ... ... | 29 4 | 26 4 |
| Kolar ... ... ... ... | 1·9 | 11·2 |
| Bangalore ... .. ... ... | 0 3 | 0·6 |
| Chitaldrug .. ... ... ... | Nil | Nil |

The above figures show that the collection work in the Kadur, Shimoga, Mysore, Kolar and Hassan districts must be rather slack as more than 50 per cent of the demand was in arrears.

4. The outstanding balance shown against the Shimoga, Mysore and Kadur districts is very large and the Deputy Commissioners concerned are requested to take early steps in the matter.

Letter No. 56, dated 22nd July 1898, from the Deputy Commissioner, Hassan district, submitting his review on the reports of the District Jamabandi Officers for the year 1897-98, together with the original reports of the said officers.

No. 7642-9—R. F. 21-1898-99, DATED BANGALORE, 24TH APRIL 1899.

ORDER THEREON.—The statement below exhibits the details of distribution of Jamabandi work of the Hassan district for the year 1897-98 between the Deputy Commissioner and his Assistants, dates of commencement and completion of jamabandi and of the number of camps made by them :—

| Name of taluk or sub-taluk. | Number of villages settled. | Name of Officer who settled the Jamabandi | Date of commencement of Jamabandi | Date of completion of Jamabandi. | Number of camps |
|---|---|---|---|---|---|
| Manjarabad ... | 263 | Mr. B. G. Krishnaiengar, Deputy Commissioner. | 7 1 98 | 26 1 98 | 9 |

| Channarayapatna ... | 380 | Mr. J. W. Knight, Senior Assistant Commissioner. | 14 12 97 | 27 2 98 | 8 |
| Arkalgud ... ... | 256 | | 8 3 98 | 28 6 98 | 6 |

The number of camps made by the Jamabandi Officer in the Hassan and Hole-Narsipur taluks and the date of completion of jamabandi of the latter taluk have not been reported. This information should have been obtained and entered in the table. As per information furnished, the Jamabandi work of the entire district extended from 14th December 1897 to 26th June 1898.

2. The Deputy Commissioner has not submitted his reports in respect of the Arsikere and Manjarabad taluks settled by him. His attention is drawn to para 5 of Government Proceedings No. 2594-601—R. 954, dated 5th September 1896.

3. *Pahani Inspection.*—As regards this important work, nothing has been stated in some of the reports, while the information given in the other reports is very meagre. This being an essential work devolving on Jamabandi Officers as laid down in Circular No. 273, dated 18th November 1881, published in the Revenue Manual of 1886, the attention of the Deputy Commissioner is invited to the instructions conveyed in Government Proceedings No. 7650-57—R. F. 21-1898-99, dated 24th April 1899 reviewing the District Jamabandi reports of the Shimoga district and he is requested to issue necessary instructions on the subject to his Assistants.

4. *Inspection of Boundary Marks.*—The bandhs in the Arkalgud and Channarayapatna taluks and in the Alur-sub taluk are stated to have been generally in good condition, especially in the first mentioned taluk, and those in the other taluks except Manjarabad and Arsikere, for which information has not been furnished, were in disrepair. The removal or displacement of certain bandhs in the H. Narsipur and Arkalgud taluks is stated to have been noticed and the culprits severely punished.

5. *Examination of Village Accounts.*—The reports are silent as to whether the village accounts were examined by the Jamabandi Officers and, if so, what percentage was checked. The examination of these accounts forms one of the chief items of Jamabandi work and as such an account of the same should have been given in the reports. On this point also the attention of the Deputy Commissioner is invited to the observations made in Government Proceedings No. 7650-57—R. F. 21-1898-99, dated 24th April 1899, referred to in para 3 above.

6. *Estimated Jamabandi and Uncollected Arrears.*—The estimated Jamabandi shown in the Deputy Commissioner's review against some of the taluks differs materially from the demand entered in the Talukwar Jamabandi statement for the year 1897-98. The cause of this large difference is ascribed by the Deputy Commissioner to the incomplete and incorrect figures furnished in the reports. The balances that remained uncollected at the time of jamabandi were not heavy in the taluks for which information has been furnished in the reports and consisted, for the most part, of the kalsath amount due from Devadaya Inams, the collection of which is held in abeyance under Government orders. The attention of the Deputy Commissioner is drawn to the instructions conveyed in Government Proceedings quoted in para 3 above in respect of the entry of estimated jamabandi in future reports and of the verification of the arrears with reference to Kulwar Baki patti.

7. *Disposal of Darkhasts.*—The number of cases pending disposal at the time of jamabandi ranged from 8 in the Arkalgud taluk to 223 in the Manjarabad taluk. Of the 67 cases pending in the Hassan taluk, 21 are stated to be three years old. This is unsatisfactory. Immediate steps should be taken to ensure their prompt disposal.

8. *Encroachment upon Government Lands.*—Particulars regarding cases of encroachment and their disposal have been furnished in only one or two reports. This information should be given in all the Jamabandi reports.

9. *Examination of A and B Lists.*—This is a point on which no information is available in the reports.

10. *Examination of Raiyats' Pattas.*—The reports do not show whether or not the raiyats' pattas were called for and examined.

No. 7601-615—R. F. 46-97-98, DATED BANGALORE, 24TH APRIL 1899.

ORDER THEREON.—In Government Proceedings of 7th December 1897 above cited, Deputy Commissioners were asked to report whether they would recommend a quinquennial or a decennial census of agricultural stock for the purpose of testing the entries made in the village khaneshumari account which is now prepared by the village shanbhog with the aid of the patel and principal raiyats, the said account being the basis of the agricultural statistics furnished to the Government of India. The letters above read are the replies received.

2. The Deputy Commissioners of Bangalore, Kolar, Tumkur and Mysore (Messrs. B. K. Venkatavaradaiengar, A. Rangaswamaiengar, M. Narain Rao and C. Madiah) do not consider a separate periodical and separate census necessary. They would prefer improvement in the present method of preparing the khaneshumari account. In so far as one of the objects of a regular and periodical census may be to ascertain correctly the loss of cattle during famine, the Deputy Commissioner of Kolar, points out that that purpose can be best accomplished only by a census taken immediately on the close of the famine.

3. At the same time, if a separate and special census be considered expedient, the Deputy Commissioners of Kolar, Tumkur and Mysore would advocate a decennial census along with that of human beings. The Superintendent of the last decennial census of human beings considers such a census practicable, but that it would entail much additional cost as, in view of the increase in the work which would then devolve on enumerators, enumerators' blocks would require to be considerably narrowed with the result of increasing their aggregate number and thereby increasing also proportionately the cost of supervision, tabulation, &c., &c.

4. On the other hand, the Deputy Commissioners of Shimoga, Kadur, and Chitaldrug (Messrs. Nanjundayya, Weir and M. S. Narayana Rao, consider a quinquennial enumeration desirable which may be conducted by the village establishments aided by other officials of local establishments of all departments in order that the expense may be kept down as low as possible.

5. The Government of India, while believing that a quinquennial census would be more likely to be accurate than an annual one as it would become a special operation instead of a part of the yearly routine, leave it to local Governments to prepare their returns of Agricultural Stock (Table $A_4$) annually or quinquennially as it suits them best. They only object to the system prevailing in some places by which the live stock are counted in one-fourth of the villages only each year, so that the return for a year would under such a system include partial statistics of four separate years oftentimes dissimilar in agricultural circumstances. The Government of India would prefer a quinquennial census being adopted also in supersession of such a system where it exists. Such a system, however, does not exist in Mysore.

6. After due consideration of the subject, the Government of Mysore are of opinion that the statistics of agricultural stock should be collected by a methodical and as far as possible simultaneous enumeration on the spot by a systematic house to house visitation; that such enumeration should be made once in five years; and that the village khaneshumari account should be based upon the results thus reached, it being written once in five years instead of annually as at present. Government desire that the first such enumeration should be made before the close of the current official year 1898-99, and Deputy Commissioners of districts will arrange for this on the lines generally indicated below.

7. The most favorable time for enumeration would be when people and stock are most likely to be in the villages to which they belong. The first week, or, if absolutely necessary, the first fortnight in June should therefore be chosen. Market days and days of fairs and festivals at which people would be absent in large numbers from their homes should be avoided. The precise days selected should be locally notified to enable people to arrange to remain with their stock in their respective places as much as possible.

8. The enumeration should be as nearly as possible simultaneous in all villages and towns. The larger the number of enumerators employed, the more this would be possible.

9. The enumerators employed should of course be literate, intelligent and otherwise fit for the work required of them. With a view to minimising the cost and inconvenience of entertaining temporary hands, they should consist as far as possible of the village and taluk officials belonging to the General, Revenue, Excise, Police, Educational and Municipal Departments. Officials of superior establishments, may be utilised for large towns like the head-quarters of districts. Heads of Departments and Offices concerned are requested to be good enough to place their resources in this respect to the utmost possible extent at the disposal of Deputy Commissioners to whom they are further requested to be good enough to communicate as soon as convenient the extent of the help they can thus render.

10. An enumerators' block should consist ordinarily of one or more villages (the word village here and in similar connections denoting the area constituted as such by the Revenue Survey). Where necessary, as in the case of towns and large villages, smaller areas may be similarly constituted.

11. Each enumerator should be supplied with an extract of the first seven columns of the latest khaneshumari account of the village showing general number, khata number, name, caste, and profession of the head member of house and description and number of ankanams of each house. With the aid of this extract he should thoroughly acquaint himself with his block in ample time before that fixed for the enumeration. It is presumed that the extract will furnish an exhaustive list of all tenements which will have to be visited at the enumeration, whether belonging to pattadars, inamdars or others, residing within sirkar village limits. Errors and omissions, however, should be carefully looked for and corrected by the enumerator in the course of this preliminary survey of his block.

12. Each enumerator should also be supplied with a sufficient number of schedule sheets in which to make entries at enumeration. A separate village or separate portion of a town or village comprised in a block should have a separate schedule for itself. This will facilitate the re-arrangement of schedules according to villages after enumeration, which is prescribed hereafter in the course of these instructions.

13. These schedules should be made up of sheets of paper printed with the form prescribed for the village khaneshumari account (No 11 in Appendix A to the Land Revenue Rules of 1890 as subsequently modified), with spaces provided for the names and number of the block, name of village to which the schedule belongs, name of enumerator, &c.

14. The Superintendent of the Government Press will arrange for the issue of printed forms of these schedules and of the extracts mentioned in para 11 above on indents of Deputy Commissioners, a type form for each being adopted in communication with the Dewan's Office.

15. On the day fixed for enumeration, the enumerator attended by the patel and a few of the principal inhabitants of his block should visit every tenement according to the list mentioned above in para 11, and, schedule in hand, proceed to enter therein on the spot with neatness and precision the particulars relating to that tenement after adequate enquiry of the head member thereof. The work should be done between sun-rise and sun-set. As the information required is entirely statistical, there will as a rule be no disinclination to furnish full and correct information nor temptation to furnish incorrect information ; and, in any case, there will be no difficulty which cannot be overcome provided enumerators deport themselves with common civility and sense. The necessity and importance of such deportment should be impressed upon all of them.

16. An enumerator should enter the figures relating to persons and stock habitually occupying the premises visited. Those temporarily absent should not be omitted nor need such as are but casually present be reckoned as appertaining to the premises in question. In this way while it will be necessary for an enumerator to visit all pens and folds outside the "ganv-tan" it will not be necessary to count carts and bullocks in transit, on public roads, &c., &c.

17. Herds of cattle belonging to cattle-breeders which may be in kavals difficult of access need not be counted in the kavals themselves ; it will be sufficient to ascertain their statistics from the respective owners and to enter the same opposite to their names with a remark to that effect in the schedule. In the case of persons like coffee planters who live or have their stock on their estates in the malnad, schedule sheets may be previously sent to them to be filled in by them on the day fixed for the enumeration and returned to the enumerator personally or by a kula-vadi or other messenger whom the Amildar should arrange to send for the purpose that day.

18. Statistics relating to the Government Amrut Mahal cattle, the Palace cattle, and the animals at the Kunigal Stud Farm should be similarly ascertained from the Departmental Officers by the Amildar and added up to the taluk totals.

19. When the details for all the houses in an enumerator's block are thus fully written up, the schedules should be signed by the enumerator and the patel and attested also by the local residents who may have helped them. The schedules should then be handed over with a list to Supervisors appointed to receive them.

20. These Supervisors shall be appointed by Deputy Commissioners much in the same manner as enumerators. There will generally be nothing to prevent an enumerator of one block being selected as Supervisor for a circle consisting of one or more *other* blocks.

21. As one or more villages or portions of towns and large villages are constituted enumerator's blocks, so should two or more enumerators's blocks be

constituted into Supervisors circles with a Supervisor for each, whose duty would be (1) to see that the extract from khaneshumari account mentioned above in para 11 (being a list of the tenements to be visited) is correct, full and enhaustive, (2) to verify from 5 to 10 percent of the entries in the schedules relating to his circle and to total up the columns in each schedule, and (3) generally to supervise the arrangements made for enumeration in his circle.

22. The items to be verified by Supervisors should be previously but privately prescribed by the Amildar of the taluk by indicating the numerical position in the schedule of the items to be verified. Thus, an Amildar may direct that every 10th item from the 8th (*i. e.*, 8th, 18th, 28th and so on) or every 8th item reckoned from the 5th (*i. e.*, the 13th, 21st, 29th and so on) in a schedule should be verified by a Supervisor. The verification should be made by house to house visits in the same manner as the enumeration. The attendance of the enumerator and a few of the principal inhabitants of the block should also be secured. All errors discovered in the course of such verification should be neatly corrected with red ink and a list of them appended at foot of the schedule. Where the errors are small and of no great significance, the schedule may be passed for adoption. But where the errors are serious or numerous and thus calculated to discredit the schedule as a whole, the case should be reported at once to the Amildar with a view to that officer taking due notice of the enumerator's default and arranging for a prompt, fresh and correct enumeration.

23. After such verification, the Supervisor should carefully add up the columns in each schedule and record the totals at foot and attest the same with his own signature and those of the village patel and principal inhabitants who may have attended on him in the course of his house to house visits.

24. Thus attested the schedules appertaining to a village should be put together and (with pages numbered) handed over with a list to the shanbhogue of the village.

25. The shanbhogue should then post up the totals of each schedule on a fresh sheet of the schedule form (substituting name of block for head member's name) and carefully add up the figures so posted in each column to deduce the statistics for the entire village. This sheet will thus furnish the village abstract.

26. These schedules with village abstract as facing sheet will constitute the khaneshumari account of the village and form the basis of the returns from which the Agricultural Table $A_4$ will be prepared in the district office for the year ending on 30th June and due with other tables in the Dewan's Office by 15th August following. The account will run for the entire quinquennium and be liable to further scrutiny by Taluk and Jamabandi Officers with a view to improving the next enumeration.

27. The foregoing instructions are intended but as a general outline of what is desired. Deputy Commissioners will issue instructions in such further detail as they may find necessary.

28. The forms mentioned above in paras 11 and 12 being supplied from the Government Press, the expense which will devolve on district officers will be what may be required for petty stationery and contingencies and for allowances payable to the few hands who may have unavoidably to be specially entertained. Government will also be pleased to sanction prizes for each taluk, one of the value of Rs. 10 to be given to the shanbhogue whose lists (mentioned above in para 11, for his firka are for correctness and completeness found to be the best in the taluk and two prizes of the value of Rs. 15 and Rs. 10, respectively, to be given to the two enumerators whose schedules (mentioned above in para 12) are for accuracy and neatness the best in the taluk. Deputy Commissioners are requested to be good enough to submit at a very early date a forecast of the funds they would require. Meanwhile, in view of the fact that the mea-

sures now ordered extend only to sirkar villages, and that the number of sirkar populated villages is as shown below for each district. Government are pleased to make the following provisional allotment of funds to be met from general savings in the budget :—

| Districts. | No of taluks. | No. of sirkar populated villages. | Provisional allotment. |
|---|---|---|---|
| | | | Rs. |
| Bangalore . . ... . | 9 | 3,317 | 1,450 |
| Kolar . ... . | 10 | 3,035 | 1,400 |
| Tumkur . ... . | 8 | 3,384 | 1,450 |
| Mysore ... . . . | 13 | 3,822 | 1,800 |
| Hassan . . . . .. | 7 | 3,299 | 1,400 |
| Shimoga .. . . | 8 | 2,618 | 1,300 |
| Kadur ... ... ... . | 5 | 1,906 | 1,000 |
| Chitaldrug .. . . . | 7 | 1,281 | 800 |
| Total . | 67 | 22,662 | 10,600 |

The amounts above given are reached by roughly taking Re. 1 per three villages with an addition of Rs. 35 per taluk for prizes, and an extra allotment on account of special local circumstances of Rs. 50 to Hassan, Rs. 100 to Shimoga, Rs. 150 to Kadur and Rs. 50 to Chitaldrug district.

29. As the time fixed for the enumeration is so near as June next, Deputy Commissioners should lose no time in starting their preparations and in submitting a report of the arrangements they would make and an estimate of the cost with explanatory particulars.

| Kumsi (sub-taluk) ... | 93 | ,, C. B. Seshagiri Rao, 1st Assistant Commissioner. | 17 3 98 | 18 4 98 | 2 |

2. The number of villages settled by the Jamabandi Officers, Messrs. Ahamed Ali and M. V. Honnappa Naidu has not been stated, nor have the dates of commencement and completion of jamabandi by the former officer been inserted. The required information should have been obtained and entered in the statement. The period occupied for the settlement of the whole district extended from 16th January to 30th April 1898, inclusive of the time devoted by the Jamabandi Officers to magisterial and other urgent duties at head-quarters.

3. *Pahani Work.*—This is a work of great importance. In this connection the attention of the Deputy Commissioners is invited to para 15 of Circular Order No. 273, dated 18th November 1881, printed at page 1 of the Revenue Manual of 1886. The percentage of the villages the pahani whereof was done by the District Jamabandi Officers should invariably be given in the future reports.

4. In the report for the Shimoga taluk it is stated that although different crops had been sown on one and the same field, yet the pahani account showed the total extent under the main crop "ragi" alone. This is irregular and is opposed to the instructions laid down in the remarks on the pahani takhta. If the Amildar had made test inspection of the pahani as per para 3 of the remarks on the village account, this error could have been rectified.

5. *Inspection of Boundary Marks.*—The boundary marks, so far as they were inspected, are stated to be generally in good condition except in the Shikarpur taluk, where most of them were in a neglected state, and necessary instructions appear to have been issued to the Amildar. How far these instructions have been carried out should be tested by the Deputy Commissioner or one of his Assistants.

6. *Verification of Village Accounts.*—In the Sorab taluk, the Jamabandi Officer states that the accounts of 10 per cent of the total number of villages were tested. As regards the other taluks, it is stated that the "Accounts of shanbhogs

were checked." Such a general assertion does not give an adequate idea of the quantity of work done. Of the total number of villages, the accounts of not less than 20 per cent must be tested by the District Jamabandi Officer concerned, after making a suitable selection of the villages to be thus dealt with. It is hoped that full information will be furnished on this point in future.

7. *Accounts of Inam Villages.*—It is stated that accounts Nos. 14, (Demand, Collection and Balance Statement) and 15, (Register of lands) have not been furnished by some of the inamdars in the Shimoga taluk and by all the inamdars in the Shikarpur taluk. The inamdars concerned should be called upon to conform strictly to the instructions conveyed in Rule 6 of the Land Revenue Rules and the Amildars should see that the said instructions are promptly and regularly followed. The reports for the Honnali, Sorab and Sagar taluks are silent on the point.

8. *Demand for the Year.*—The demand shown in the reports of the Jamabandi Officers does not correspond in some instances with the actual amount included in the return of talukwar jamabandi for 1897-98 as noted below:—

| | Shimoga. | Channagiri. | Honnali. | Shikarpur. | Sorab. | Sagar. | Nagar. | Tirthahalli. |
|---|---|---|---|---|---|---|---|---|
| | Rs. | Rs. | Rs. | Rs | Rs. | Rs. | Rs. | Rs. |
| Demand shown in the reports . | 1,97,899 | 1,37,192 | 1.23,851 | 1,53,483 | 2,42,242 | 1,87,574 | 1,27,104 | 1,86,804 |
| Land Revenue as per Talukwar Jamabandi statement | 1,81,088 | 1,37,197 | 1,24,217 | 1,80,363 | 2,11,224 | 1,73,913 | 1,17,355 | 1,84,691 |
| Difference ... . | +16,811 | —5 | —366 | —26,880 | +31,018 | +13,661 | +9,749 | +2,113 |

The differences against the Sorab, Shikarpur and Shimoga taluks are great and the reason therefor is not known. Land revenue and Mohatarfa being the principal items that come under the settlement of the District Jamabandi Officer, the Deputy Commissioners of districts are requested to give the details of these items for each taluk in their future reports, the figures being compared with the actual jamabandi for the preceding year and the cause of fluctuations being duly accounted for.

9. *Arrears.*—The balances that remained to be collected were heavy in the Shimoga and Honnali taluks, being Rs. 45,000 and Rs. 64,700, respectively, of which the latter consisted of large arrears due from the Gold Mining Company for the payment of which time has been allowed by Government.

10. None of the reports of the Jamabandi Officers furnishes information as to whether the taluk and district demand, collection and balance accounts were examined with the Kulwar Baki patties, and, if so, with what result. This subject should receive the careful attention of the Jamabandi Officers. It is therefore requested that during the Jamabandi settlement for the year 1899-1900, the balance shown in the taluk and district accounts may be carefully scrutinized and compared with the Kulwar Baki patties and the result of this examination noted in their Jamabandi reports. On receipt of these reports, the Deputy Commissioners of districts will investigate the matter carefully and submit their reports separately for the orders of Government.

11. *Examination of Raiyats' pattas.*—The reports for the Honnali, Nagar and Shikarpur taluks and for the Kumsi sub-taluk, simply state that there were no complaints on the part of raiyats: that the receipt books had been retained by the shanbhogs. The officer who conducted the Jamabandi of the Shimoga taluk states that the receipt books were not generally produced before him and that some had to be got newly written up and distributed. Such a state of affairs is unsatisfactory. The reports for the Channagiri, Tirthahalli, Sorab and Sagar taluks do not touch on this point. The examination of receipt books being one of his important duties, the District Jamabandi Officer should take every opportunity of having the pattas produced

before him in order to satisfy himself that they have been carefully and properly written up up to date. If found all right, they should then and there be returned with his initials to the raiyats concerned; but if found wanting in any respect, the shanbhog's conduct should be duly noticed and the patta returned after the necessary rectification under the Jamabandi Officer's initials. The number of pattas thus examined by the District Jamabandi Officer may be mentioned in future Jamabandi reports.

12. *A and B Lists.*—These lists, which are prescribed by clause 3 of Rule XX under the Land Revenue Rules, are stated to have been duly revised, with reference to subsequent changes, in the taluks of Tirthahalli, Honnali, Sorab and Shikarpur, while those of the Channagiri taluk and of the Kumsi sub-taluk appear to have been left unrevised. The reports of the remaining taluks give no information on this point.

13. *Transfer of Pattas.*—The number of cases remaining yet to be disposed of was largest in the Sagar taluk, being 262. The number in the other taluks except Sorab ranged from 7 to 47, the information for the last mentioned taluk not being furnished by the Jamabandi Officer.

14. *Darkhasts and Rajinamas.*—In future reports, the dates of the oldest darkhast and the oldest rajinama pending disposal in each taluk should be given for the information of Government.

15. *Loans for Irrigation Wells.*—No loans are stated to have been granted in the Shimoga, Nagar and Shikarpur taluks. The reports for the other taluks except Honnali are silent on this subject. The Jamabandi Officers should, in future, ascertain whether any loans under the "Land Improvement Loans Regulation" have been granted and, if so, whether the instalments due from the raiyats concerned have been or are being recovered punctually and issue necessary instructions to the Amildars in the matter, giving a brief account of the same in their reports. It is important to see that the object of the loan has been fulfilled and the lands concerned have been benefited by the loans advanced.

16. *Abolition of Loom-tax.*—Under orders conveyed in Government Proceedings No. 1711-21—L. F. 150-96, dated 31st July 1897, a sum of Rs. 2,198, being the loom-tax in the several taluks of the district except Shimoga, for which information has not been furnished, was remitted and an additional house tax of Rs. 347 imposed in its stead.

17. It is satisfactory to note that the Jamabandi Officers inspected trigonometrical survey stations, dispensaries, schools, avenues, tanks, rain-gauges, &c., &c., during the course of their Jamabandi work and have reported on their condition.

18. It is desirable that the Jamabandi Officers should state the number of villages inspected by them and their opinions of the sanitary condition, the state of boundary marks, the state of vaccination and other useful particulars regarding them.

Letter No. 28, dated 19th July 1898, from the Director of Meteorology in Mysore, submitting his proposals regarding the leave allowance of the several Meteorological Observers at Mysore, Hassan and Chitaldrug.

**No. 7460-1—Fl. 876, DATED BANGALORE, 18TH APRIL 1899.**

ORDER THEREON.—The Director of Meteorology states that the Observer is, in each case, the Science Teacher in the local Government High School, who is granted an allowance of Rs. 40 per month, in addition to his pay as Science Master, and that this liberal rate is fixed on the implied understanding that the Observers would have to sacrifice the greater portion of their ordinary High School vacation for the due discharge of meteorological work. Each Observer is provided with an Assistant on a small allowance of Rs. 10 per mensem. The Observers could draw the allowance in full, only so long as they did the work and that it would be unfair to make the Assistant, who gets an allowance of Rs. 10 per month, do all the work during the Observer's absence on leave and therefore proposes, (1) that one month's leave per annum may be sanctioned to the Meteorological Observers at Mysore, Hassan and Chitaldrug on the understanding that they draw only half of their allowance (or Rs. 20) for that month, the other half being paid to the Assistant who does all the work in the absence of the Observer, and (2) that the Assistant Observer may be allowed one month's leave per annum, at a time convenient to the Observer, without forfeiture of

allowance, the Observer doing all the work in his absence. The leave so granted will be in addition to the ordinary allowance of casual leave.

Under such circumstances, the proposal made by the Director of Meteorology, is sanctioned, without prejudice to the rules regulating the grant of holidays and leave to officers of the Education Department.

*The following letter No. 231, dated 28th October 1898, from the Deputy Commissioner, Kadur District, to the Secretary to the Government of Mysore, Revenue and General Departments:*—

No. 4316-21—Cir 69, dated 7th June 1892 (Judicial)
No. 13249-51—J. 880, dated 2nd Feb. 1893 (do) directing that Taluk Head Gumasta should not be entrusted with the Taluk Treasury work.

I have the honor to state that from the two Proceedings of Government, noted in the margin, re Taluk Sheristadars' absence from the Taluk head-quarters, it would appear that Government referred in them particularly to the Taluk Treasury Officer attending to the registration work also. These orders issued evidently at a time when the registration work had devolved on the Revenue Department officials (Taluk Sheristadars); but, since the opening of tentative Sub-Registry offices in the province, the Taluk Sheristadars have been relieved of the registration work.

2. I beg here to bring to the notice of Government that on occasions of Taluk Sheristadars' unavoidable absence on *short leave*, the Amildar generally remains in charge of the Treasury when he is at head-quarters or when his itineration work permits of it being done. But, when suddenly any out-door work of very urgent nature takes the Amildar away from head-quarters for a short time or when similarly the Taluk Sheristadar is deputed by the Amildar to conduct any important sale, or to attend to any other equally important work outside the taluk head-quarters, it becomes necessary to entrust the Treasury work to the Taluk Head Gumasta, during the Sheristadar's absence.

3. Now the point for decision is—

(1) Whether in the case of Taluk Sheristadars' absence *on short leave* the Taluk Head Gumasta may not be entrusted with Treasury work, provided the former agrees by a mutchalika that his security will be responsible for the proper performance of Treasury work by the Head Gumasta, and

(2) Whether the Sheristadar can be compelled to similarly execute a mutchalika even when he is deputed on *Government duty* outside the taluk head-quarters that would entail his absence for more than a day or two.

4. As to the 2nd part of the question, it would seem that the Sheristadar may probably not consent, on the plea that his absence from head-quarters will be in the interests of Government, while the Head Gumasta may not be able to afford security for very short periods.

5. In order to obviate the difficulty above set forth, which often arises, and to secure for well-qualified and efficient Head Gumastas an opportunity to act as Sheristadars, in consonance with the intentions of Government, I submit this question in view to a definite ruling being passed by Government in the matter of Taluk Head Gumastas being entrusted with taluk treasury work, as complaints from the Treasury Department in this respect are frequent.

No. 7572-9—Fl. 885, dated Bangalore, 22nd April 1899.

Order thereon.—In modification of the orders contained in the Proceedings quoted above, Government are pleased to direct that during the absence of both the Amildar and the Sheristadar on other duty outside the taluk head-quarters, the Taluk Head Gumasta, whose pay and status have recently been raised, may be put in charge of the Treasury on his own responsibility.

(2) Petition, dated 26th July 1898, registered No. 248, from V. C. Vijayarangam Pillo and Armuga Pille, praying for the grant of a loan of Rs 10,000 on the mortgage of their kayamgutta Byatarayanapura village in the Bangalore taluk, in order to redeem it from the existing encumbrances.

(3) Correspondence ending with letter No. 245, dated 4th November 1898, from the Deputy Commissioner, Kadur district, reporting upon the application of Ranganna and Nanjundaiya, jodidars of Kanchenahalli jodi village in the Chikmagalur taluk, for the grant of a loan of Rs. 15,000 on the security of the jodi village in order to redeem it from the present mortgage and also to improve it.

(4) Petition, dated 1st April 1899, registered No. 1631, from Ranganna and Nanjundaiya, on the same subject.

Read again—

Government Order No. 3549-57—Fl. 472, dated 17th December 1896, directing the revival of the system of granting loans to encumbered inamdars.

No. 7855-42—R. F. 28-97, dated Bangalore, 29th April 1899.

**Order thereon.**—The petitioners, above referred to, apply for the grant of loans with a view chiefly to liquidate debts contracted on the mortgage of their inam villages. The applications are evidently for Government aid under the system of granting loans to encumbered inamdars, and such applications are becoming frequent. This scheme was originally started with the intention of affording relief to a select class of inamdars, and not to any and every inamdar irrespective of the nature of the inam granted. Government therefore direct that no applications for loans be entertained unless they fulfil the essential first condition that the inam, in respect of which the loan is asked for, is a grant by way of a special reward to the applicants' ancestors in recognition of valuable services rendered to the State.

2. The applications under reference, which do not fulfil the above important condition, are rejected.

READ —

*The following letter No. 2750—165, dated the 21st February 1899, from the Conservator of Forests in Mysore.*

I have the honor to submit the following report and annexed tabular statements in regard to sandalwood offered for sale by public auction in the various koties during November and December last.

2. The revised system of wood classification, which had been introduced tentatively during 1897-98 at Hunsur, Seringapatam and Tirthahalli was extended during 1898-99 to the remaining five koties (*vide* Proceedings No. 10579—Ft. F. 31-95 of 28th May 1897), with the exception of the stocks exposed for sale at the Chikmagalur, Shimoga and Sagar koties, which comprised, wood classed both under the old and new systems, all the sandal had been prepared in accordance with the revised classification. Owing, however, to the complete change of system, it is difficult or impossible to compare with advantage the sale rates secured in 1898 with those obtained in the preceding year. The new system will not in fact be fully in force until the close of the current year. In regard to such matters as the quality and preparation of the wood offered for sale, the attendance of bidders and the popularity or otherwise of the new classification, the information supplied by District Forest Officers is not such as enables me to furnish Government with an adequate report upon the auctions held. This defect will be made good in future reports.

3. Sales opened on the 21st November at the Hunsur koti; but, bidders not attending, most of the stock was offered at Seringapatam and Shimoga. In all 372 tons were exposed for sale and 295 tons were disposed of at an all-round rate of Rs. 335 per ton The Seringapatam stock was in part auctioned at that place on the 24th and 25th and partly at Shimoga. Out of 325 tons advertised, 288 tons were disposed of, realizing on an average Rs. 359. The Bangalore wood, of which about one-fourth had been obtained from the Tumkur district, was, in consequence of the prevalence of plague, advertised for sale at Hassan where, on November 28th, the entire stock of 112 tons was disposed of at an average rate of Rs. 367. The auction sale at the Hassan koti was held on the 2nd December. Small parcels of roots and hollows were subsequently disposed of at the Chikmagalur sale, with the result that the total quantity (259 tons) offered was sold at a mean rate of Rs. 387. At the Chikmagalur koti also, all the wood advertised, or 203 tons, was sold at an average rate of Rs. 401 per ton. The Shimoga sale, advertised for the 9th December, was poorly attended, and the rates obtained were low. Out of 369 tons, 315 tons were sold at Rs. 357 per ton all round. At the Sagar sale held on the 13th December, one-half of the total stock (266 tons) offered pertained to the collections of 1897. The attendance was fairly large, and 229 tons were disposed of at Rs. 385. The concluding sale at Tirthahalli was held on the 19th December. A large number of persons attended, bidding was brisk and the entire stock of 157 tons was disposed of at the high average rate of Rs. 404.

4. Thus, as will be observed from the appended summary statement of sales, out of a total quantity of 2,062 $\frac{6}{10}$ tons advertised for auction, 1,858 $\frac{6}{10}$ tons were disposed of, leaving a balance of 204 tons. The total sale receipts amounted to Rs. 6,89,076-8-9, or on an average to about Rs. 370 per ton as compared with the corresponding average of Rs. 378 per ton obtained at the sales of 1897. The average sale rates, however, as indicated in the attached tabular statement are not properly comparable with the rates of 1897 as recorded in Proceedings No. 8523—Ft. F. 31-95 of 14th March 1898, as the latter were swelled by the incorporation of sales, of first class wood at high rates made subsequently to the annual auctions. This will be avoided in future. Moreover, the average of Rs. 370 obtained at the recent sales was reduced owing to the fact that, whereas the chiltas and less valuable classes were almost wholly disposed of, the balance of 204 tons remaining after auction is mainly composed of fine wood for which a high average price will be obtained. In fact, since the conclusion of the public sales, some 103 tons have been disposed of by private bargain for Rs. 48,300 or at the rate of Rs. 483 per ton. The results of these private sales will be subsequently reported to Government.

5. The estimated receipts for the year 1898-99, under the budget sub-head of account "Receipts I (*d*) sandalwood" were pitched at Rs. 7,80,530. The auction sales under reference realised Rs. 6,89,077 and the shortage or Rs. 91,453, may be taken as fairly represented by the balance of 204 tons remaining unsold at auction.

6. The prevalence of plague and the fact that much of the total stock offered for sale had been collected in previous years probably conduced to lower prices than might, in normal circumstances, have been anticipated. Upon the whole, then, I submit that the results of the sales may be regarded as satisfactory. The supposed adverse influence of a high rate of sterling exchange upon local rupee prices is open to some doubt in view of prices obtained in former years when the exchange was much higher than at present. Generally, the auction sale results appear to confirm the opinion of my predecessor or, as expressed in para 6 of his letter, dated 18th February 1898, when reporting the sales of 1897, *viz.*, that it is good policy to hold back stock in lieu of agreeing to any notable diminution of sale rates.

**No. 6899—Ft. F. 31-95, dated Bangalore, 5th April 1899.**

**Order thereon.**—The total quantity of sandalwood sold during the auction was 1,858 $\frac{6}{10}$ tons for an aggregate price of Rs. 6,89,076-0-9 against the budget estimate of Rs. 7,80,530. The stock of wood still left unsold at the several koties is reported to be 204 tons, representing a value of Rs. 75,480 calculated at the mean average obtained for the year. The Conservator states that this balance is mainly composed of fine wood for which a high average price may be expected so that the shortage of Rs. 91,453 may be taken to be fully represented by it. The Government note with satisfaction that notwithstanding the prevalence of plague and the low prices offered for the old stock in hand, the results of this year's sales are favorable.

2. The Conservator's further report on the results of the sales, effected subsequent to the auction sales, will be awaited.

*The following letter No. 3018—187, dated 16th March 1899, from the Conservator of Forests in Mysore.*

With reference to Government Proceedings No. 1877-9—Ft. 100, dated 18th August 1897, approving and publishing a description of the revised boundaries of the Umblebail-Hunsekatte State Forest in the Shimoga taluk of the Shimoga district, I have the honor to state that the District Forest Officer, having brought to notice the necessity for further revision of the boundaries of the Forest, was called upon to explain his reasons for so doing. These reasons are given in the enclosed extract from his docket No. 245, dated 26th January last.

2. It will be seen that the object of the further revision is to rectify (1) a clerical error in the entry of a survey number in the northern boundary, (2) a similar error arising from the inclusion of gomal Survey No. 33 when defining the southern boundary, and (3) the present western boundary so as to throw out an inam jungle, the inclusion of which in the Notification already published, may create trouble in the future.

3. Under the circumstances, I beg that the enclosed draft Notification may be approved and published in the *Gazette*, in supersession of the Notification referred to above.

4. A sketch plan showing the boundary according to the first and second revisions is enclosed for perusal and favor of return when no longer required. The result of the revision is to decrease by 1·18 square miles the total area of the forest.

---

**No. 6964-6—Ft. F. 36-95, dated Bangalore, 6th April 1899.**

**Order thereon.**—The clerical error in the entry of Survey No. 15 for Survey No. 16 is still repeated in the northern boundary. After the words "Yarganhal Inam" the word "jungle" should be added. (*vide* District Forest Officer's letter No. 245, dated 26th January 1899, to the Conservator of Forests, copy enclosed in the letter read above). The necessary correction and addition have been made, and the Notification as now revised will be published in supersession of Notification No. 1880—Ft. 101, dated 18th August 1897.

## NOTIFICATION.

*No. 6967—Ft. F. 36-95, dated Bangalore, 6th April 1899.*

The following revised and more accurate description of the boundaries of the Umblebail-Hunsekatte State Forest in the Shimoga district is published for information in substitution of that notified under Government Notification No. 1880—Ft. 101, dated 18th August 1897:—

| Name of Forest. | Area. | Boundaries. |
|---|---|---|
| Umblebail-Hunsekatte State Forest. | 13·57 square miles. | *North.*—The demarcation line, starting from the 5th furlong of the 7th mile on the Shimoga-Yedahalli road, runs in an easterly direction and passes through Survey No. 16 of Lakkinkoppa, 31 of Hagalmane, 21, 22 and 32 of Huliyar Ramenkoppa and 124 of Siddapur up to the tri-junction of Survey No. 5 of the Gold Mining Company's land in Kalankatte village, No. 2 of Kalankatte and No. 124 of Siddapur.<br>*East.*—From this point, the line turns south-eastwards up to the junction of Survey No. 2 of Kalankatte, 5 and 6 of the Gold Mining Company, and three of Kalankatte, and then trends south-west between Survey Nos. 2 and 3 of Kalankatte up to the junction of Hunsekatte and Kalankatte boundary.<br>*South.*—From this point, the line turns north-west for a distance of 1 furlong along the common boundary of Kakankatte and Hunsekatte, thence west-ward traversing Survey Nos. 14, 40 and 38 of Hunsekatte village for a distance of 1 mile and 7 furlongs. It then turns south over a distance of 6 furlongs 66 yards, and passes through Survey Nos. 40, 38 and 37, and joins the Umblebail-Benkipur road at the 2nd furlong of the 9th mile. Thence, it adjoins the high road up to the 1st furlong of the 10th mile; and finally passes through Survey Nos. 56, 57 and 49 of Umblebail and 5 and 7 of Ganedahal and joins the Shimoga-Yedahalli road at the 5th furlong of the 10th mile.<br>*West.*—Hurlihalli cultivation and the Shimoga-Yedahalli road from the 5th furlong of the 10th mile to 5th furlong of the 7th mile, thus excluding the Yaraganahal inam lands between the said road and the tri-junction of Hurlihalli, Lakkinkoppa and Yarganahal Inam jungle. |

*Letter No. 2010—122, dated the 15th December 1898, from the Conservator of Forests in Mysore.*

In August last, I addressed a Circular to District Magistrates enquiring whether they had any objection to sending their quarterly returns of Forest offences through the District Forest Officers in view to the latter noting the cases and affording any explanation in their power likely to save further reference. If not, I requested that such course might be adopted in future.

2. To the above proposal, the District Magistrates of Bangalore, Kadur and Shimoga assented, whilst the District Magistrate of Hassan states that the practice of sending the quarterly return of Forest offences direct is in harmony with official etiquette; the District Magistrate of Tumkur states that as the return is furnished in accordance with the rule of the Chief Court the existing procedure would have to be altered by that Court; and the District Magistrate of Mysore remarks that the reverse procedure should be adopted since there is no order of Government or of the Chief Court directing the compilation in the District Magistrate's Court of the returns of Forest offences received from the Amildar-Magistrates who are not required to give such information to others than District Magistrates. Mr. Madiah therefore suggests that the return should be compiled in the District Forest office and submitted to the Conservator through the Deputy Commissioner with other returns.

The District Magistrate of Kolar expresses his opinion that instead of sending the return of Forest offences through the District Forest Officer he will send it to him in the first instance, and with his explanation send it on to the Conservator with his own remarks, if necessary, and the District Magistrate of Chitaldrug expresses the same opinion.

3. The practice at present is that quarterly returns of Forest offences based on the calendars furnished by the subordinate Magistrates are compiled in the District Magistrate's office and sent direct to mine. A similar course being adopted with regard to Form No. 48 which forms one of the appendices to the Annual Report.

District Forest Officers never see these returns unless I refer them back for explanation with regard to acquittals for want of evidence, disposal of the produce or remarks of the Court on the conduct of the Forest Officers.

4. I would gladly adopt Mr. Madiah's suggestion but, apart from the increase of work which it would entail on weakly manned District Forest offices, do not see how the District Forest Officer could obtain the necessary information in the absence of returns from the subordinate Magistracy, the rendering of which is nowhere prescribed.

In Madras, the return is compiled only annually by District Forest Officers from registers maintained in Range offices and their own, particulars of forest produce and other property seized and disposed of under the Forest Act and Rules being reported monthly to the Conservator (*vide* Madras Forest Code, para 246, which I have embodied in my draft before Government).

But forest business in Madras is better organized than in Mysore, and criminal prosecutions are only instituted on the authority of the District Forest Officer (representing the Collector), and conducted by the Range Officer whose charges are much more limited than in Mysore.

5. I have the honor to solicit orders on the subject. For the present I think it will suffice if Government instruct Deputy Commissioners to arrange for the return being compiled in the District office (the branch being immaterial), seen and explained when necessary by the District Forest Officer and then sent to the Conservator either direct or through the Deputy Commissioner.

When the Code comes into force, I would adopt the procedure therein provided, arranging for the supply of necessary information to the Range Officers and District Forest Officer by the Magistracy under instruction from the Chief Court, if necessary.

(2) Letter No. 511, dated the 7th March 1899, from the District Magistrate of Tumkur, forwarding copy of a docket from the late Inspector General of Forests in Mysore, prescribing the form of the Quarterly Return of Forest offences.

No. 7019-27—Ft. F. 16-93, DATED BANGALORE, 8TH APRIL 1899.

ORDER THEREON.—The District Forest Officer is the Deputy Commissioner's Assistant in forest matters. The District Sheristadar, who has ministerial control over the magisterial branch of the Deputy Commissioner's office, may get the return compiled, have it seen and explained by the District Forest Officer, and then submit it to the Deputy Commissioner and District Magistrate for approval and transmission to the Conservator of Forests. This is the proper procedure to be adopted.

No. 7582-4—Ft. F. 148-95, DATED BANGALORE, 22ND APRIL 1899.

ORDER THEREON.—The estimated receipts for the year 1899-1900, amount to Rs. 600 as in the current year

2. The expenditure is estimated at Rs. 2,110 against Rs. 2,062 for 1898-99. The increase is due to the enhanced pay sanctioned to the daroga and the maistry of the Bagh in Government Proceedings No. 4338-9—Ft. F. 148-95, dated 22nd December 1898.

3. With the foregoing observations, the budget estimates are passed and forwarded to the Comptroller, Mysore Government, for inclusion in the Provincial Budget.

READ THE FOLLOWING PAPERS—

*(1) Letter No. 39, dated the 27th July 1898, from the Deputy Commissioner of the Kadur District, through the Conservator of Forests in Mysore.*

I have the honor to forward herewith copies of Notes by the Conservator of Forests, dated 4th February 1898, and a Memo by the late Deputy Commissioner of this district, Mr. Weir, dated 2nd March 1898, with regard to the three most important kavals of this district which adjoin each other, *viz.*, Yemmedoddi, Kamenahalli and Churchegudda.

I have delayed forwarding these Notes and Memo as I wished to acquaint myself with the needs of the district and the rights and requirements of the raiyats before sending up a scheme of so wide-reaching a nature as that contained in the proposals of the Conservator and Mr. Weir.

I do not of course consider myself, after only a few month's experience of the district, so well posted in the subject as I should wish, but since the Conservator is anxious to lay the scheme before Government without further delay, I venture to give my opinion for what it is worth.

2. These kavals are exceedingly important in many ways:—

(*a*) They surround the head waters of Ayyankere and Madag tanks and the sources of the Veda and Avati Rivers, which supply water to a large portion of the Kadur taluk.

(*b*) They stretch in an unbroken line for 55 square miles with an aggregate area of 35,000 acres, and are, in parts, capable of producing almost unlimited wood and fodder.

(*c*) They differ from the other kavals in the district, as it is only on their outer edges that villages exist. Furthermore, the jungle in parts is so inaccessible that it is seldom, if ever, used, even by the Amrut Mahal Department, for pasturing their cattle; as will be seen by the memo on the inspection of the Kamenhalli kaval, (para 5) accompanying Mr. Ricketts' letter to Government No. 3056-216, dated 1st March 1890.

3. In Government Order No. 5438-41, dated 19th August 1890, (on the above report of Mr. Ricketts), orders were passed that these kavals should be transferred to the control of the Forest Department; and a small and very inadequate establishment of four watchers and one mutsaddi was sanctioned for the protection and supervision of the kavals. This establishment has been entertained, but, owing to misunderstandings with the Amrut Mahal Department, the work of the establishment was virtually nullified, and since November 1896 all collections of terige fees by the Forest Department have been stopped; and we arrive at the extraordinary circumstance of 55 square miles of jungle yielding no revenue whatever to Government beyond the pasturing for a few months of about 1,000 head of cattle.

*Note.*—No steps whatever appear to have been taken by the Forest Department to carry out that part of the Government Order which sanctioned the reservation of a portion (D) of the kavals.

4. In addition to this most regretable loss of revenue to Government, certain portions of these kavals are fast becoming denuded of forest growth, the outcome of a want of proper control on the part of the Forest and Amrut Mahal Departments. The unrestricted cutting of firewood and jungle, and the unlimited depasturing by village cattle, has not only resulted in this denudation, but has brought about the wholesale burning of these forests; as the villagers have access to all portions of the kavals at the dry seasons of the year. I can from my own knowledge assert that in March last, the whole jungle from Kadur to Chikmagalur, 20 miles long by 5 broad, or 100 square miles, had been burnt, and not a blade of grass nor a green leaf was to be seen, except in the beds of the Ayyankere and Madag tanks.

5. The matter appears, therefore, to call for immediate and earnest attention, and for stringent measures. Government will have to decide whether this dual control, nominal certainly as far as the Forest Department is now concerned, and so inimical to the true interests of either the Government or the raiyats should continue; or, whether the Forest Department should step in, and with the help of the Revenue Department, bring the whole forest under efficient control.

6. In his letter to Government No. 126, dated 4th December 1889, the Officer in charge of the Amrut Mahal Department virtually conceded that his department was *unable to properly conserve* these kavals.

7. The Conservator of Forests is all for converting the whole tract, comprised by the three kavals, into a *State Forest*; but there are, I think, many reasons why this should not be attempted at present.

8. Above and beyond the requirements of the Amrut Mahal Department, which are, of course, paramount, there are certain rights and requirements of the raiyats of villages which adjoin the kavals, real or considered by them to be so, with reference to fire-wood, wood for agricultural implements, and grazing, which have to be considered.

9. In his letter to Government, dated 1st March 1890, Mr. Ricketts writes.—"It is not intended by the proposed conservancy to exclude the neighbouring raiyats from obtaining from the allotted portions of the kaval their usual supply of firewood, &c.;" and Government in their Order on the above letter No. 5438-41, para 4, certainly contemplate certain concessions to the raiyats of adjoining villages. Mr. Weir considers that this concession was probably inadvertent, but with the Orders of Government since 1878, on the subject of free fire-wood and grazing being allowed to raiyats in district and village forests (if assigned) before us, I am inclined to think this cannot have been the case. The Forest Rules of 1878, Sections 22, 23, &c., Government Notifications No. 113, dated 13th August 1888, and No. 118, dated 26th October 1888, and Revenue Order No. 6084, dated 8th January 1896, are all perfectly distinct on the point; and Government, I opine, considered that by giving the Forest Department the control of the kavals, they were virtually making them into District Forests, and in the absence of any District Forests to which the raiyats could resort, I take it the Government considered the kavals had supplied the want. If this idea is correct, the total withdrawal of this concession would press very hardly on the villages concerned, especially as they have no district or assigned village forests, or fuel reserves to resort to.

*Note.*—No village forests have been assigned anywhere in this district.

10. Kandayam-paying raiyats appear to have had the right since 1878 to get firewood or charcoal free from district or assigned village forests for their *bona fide private use*; and, as far as I can ascertain, raiyats exercise, more or less, similar rights in the kavals adjoining their villages. As regards grazing rights, the matter is somewhat different, as Government have, as far as possible, assigned certain 'gomal' or grazing lands to each village, but even with these gomals grazing in District Forests, there being no Village Assigned Forests, is allowed free and only a nominal or "Hulbanni" fee is leviable on Government 'banjar' in this district. Grazing (of village cattle) in kavals is also allowed, though it is understood, the sarvegars levy certain fees.

*Note.*—The District Forest Officer Mr. Hira Sing, and the Conservator apparently consider 'gomal' as synonymous with 'Village Forest,' but this, I think, is erroneous, as, except in the malnad tracts, 'gomal' is purely a pasturage and not firewood concession.

11. The question of what villages at what distance from District Forests and kavals can exercise a right to cut firewood, &c., and graze cattle is not definitely laid down in any rule.

Mr. Weir in his Memo suggests that only villages within a radius of 5 miles from the kavals in question should be allowed to exercise their rights; but I think that no hard and fast rule is needed, and that it is sufficient to work on the lines hitherto laid down for District Forests. The matter is one that works out its own salvation, for it would only be in very exceptional cases that raiyats from villages over five or six miles from a District Forest or kaval would resort to them to cut firewood for their *bona fide private use*; or, if they had sufficient 'gomal,' would take their cattle to graze in distant District Forests. In the above connection, the enclosed statements are annexed :—

***A and A* (1).**—List of villages which, under Mr. Weir's definition, adjoin the three kavals in question.

***B and B* (1).**—List of villages which are said to depend on these kavals for their fire-wood, &c., requirements.

***C, C* (1) *and C* (2).**—Statements of terige and firewood fees levied by the Forest Department up to November 1896 in the above kavals.

12. Should Government eventually decide to accept Colonel Campbell Walker's suggestion and turn the three kavals into a State or Reserved Forest, it will have to be first decided *(a)* whether or not a re-survey and re-distribution of 'gomals' is necessary, the present distribution as will be seen from the above statements being very inequitable, taking one acre of gomal per head of cattle as a fair average; *(b)* whether certain Village Assigned Forests will not have to be demarcated off for the sole use of the adjoining villages.

13. Taking the *pros and cons* of the question, I venture to make the following suggestions :—

*(a)* That the present unsatisfactory and undefined dual control by the Amrut Mahal and Forest Departments, of the three kavals of *Yemmedoddi, Kamenhalli,* and *Churchegudda,* should cease.

*(b)* That the Forest and Revenue Departments should have the *absolute control* of these kavals, subject only to the undoubted right of the Amrut Mahal Department to pasture their herds, and regulate the grazing in these kavals.

*(c)* That the three above mentioned kavals should be notified by Government in one block as a *District Forest* to be worked as laid down in the rules for such forests.

*(d)* That after issuing the above Notification, the Conservator, in consultation with the Deputy Commissioner, should demarcate out certain portions of the above District Forest as *State Forests.*

*Note.*—This, I consider the most essential part of the scheme. The catchment areas of the Aiyankere and Madag tanks, the sources of the Avati, Veda and Gaurihalla require the strictest conserving, the *western* slopes, too, of these kavals which are capable of producing good timber, and are favorable to the growth of sandal, all these areas taken together should be formed into a State or Reserved Forest.

*(e)* That to prevent ruthless denudation of the District Forest, *viz.*, that part of the Forest which is not reserved, should be worked in rotation, only certain blocks or compartments being allotted to the villagers for grazing and the removal of fire-wood.

*Note.*—This system ought not to subject the villagers to inconvenience if done carefully and with *due regard to the location of the villages.*

14. I venture to think the above suggestions may meet the difficulties of the situation and will (1) place these important forest areas under proper and efficient control; (2) improve the pasturage to which the Amrut Mahal Department is entitled; and (3) in no way interfere with the rights or privileges of the surrounding villages.

15. In conclusion, I would add that in 1866 the rights of the Amrut Mahal Department appear to have been wholly confined to the pasturage of the kavals assigned to them, and did not extend to the wood or forest growing on them; in fact, the lands were given rather as a privilege than a right. In 1866, the Chief Commissioner of Mysore wrote to the Commissary General "that the Amrut Mahal herds might be allowed to graze *temporarily* "free of charge in the kavals, should these not have been given over for cultivation, and "*should no other obstacle present itself;*" and in Proceedings of the Chief Commissioner, dated 20th July 1877, para 7, are these words. "It is thus evident that the right of graz-"ing was accorded to the Amrut Mahal Department only *temporarily* and on the distinct "understanding that the vested rights of the raiyats should not be interfered with." This proves (1) that before the establishment of the Amrut Mahal Department in 1866, the raiyats *had certain vested rights* in the kavals; (2) that the kavals were assigned to the Amrut Mahal Department *temporarily* and subject to "*no other obstacle presenting itself.*"

*Note.*—A map showing the three kavals and the villages adjoining them is enclosed.

*Note by Colonel I. Campbell Walker, Conservator of Forests, on the Yemmedoddi and Kamenahalli kavals in the Kadur and Chikmagalur talukas of the Kadur District.*

The circumstances of the above Amrut Mahal kavals formed subject of Government Proceedings No. 5438-41—Cir. 114 of 19th August 1890, since which time, so far as I can learn, nothing has really been done towards their protection and improvement as important sources of supply of wood and fodder.

2. The establishment sanctioned has been entertained and a certain amount of fees, as marginally noted, collected and credited to the Amrut Mahal Department, after deducting cost of the establishment, but no attempt has been made to divide the kavals into blocks and compartments or to regulate the grazing, and cutting of firewood, &c. I am not astonished at this, for the subject is a very complicated one, affecting vested interests of long standing and requiring a clear perception and determination to grapple with it on sound economic principles, besides energy and a disregard for popularity on part of the Deputy Commissioner, District Forest Officer and their subordinates to give them effect. This pre-supposes complete control, subject only to the exercise of rights, if any, which must be clearly defined and provided for. But although, under the order of Government above quoted, the control was nominally vested in the Forest Department, I do not find that it has ever really exercised it.

NOTE.—I find I cannot give this from the papers before me. The Deputy Commissioner or District Forest Officer can doubtless supply the omission.

3. With regard to the grazing, such control was subject to the undoubted right of the Amrut Mahal Department to graze their herds in any portion except that marked D in the map of Yemmedoddi kaval which accompanied Mr. Ricketts' memorandum, but which cannot apparently now be found. But another recognised custom of long standing was not at all referred to, *viz.*, that of the kavalgars and sarvegars of the Amrut Mahal Department to supplement their pay, which is nominal, not only by keeping herds of their own and depasturing them in the kavals free of charge, but of levying fees for village cattle varying, I am told, from annas 2 to annas 12 per head which they divide amongst themselves, and other subordinates of the Amrut Mahal Department, paying, I believe, some nominal amount to Government.

This is, as I have said, a recognised, though I believe unauthorized, custom for which justification is urged on the ground of the low scale of pay sanctioned for the subordinates of the Amrut Mahal Department, which is, I am informed, as follows:—

| | | | |
|---|---|---|---|
| Darogas | ... | .. | Rs. 30 to 35 per mensem. |
| Sarvegars | ... | ... | Re. 1 do |
| Kavalgars | ... | ... | Re. 1 do |
| Herdsmen | .. | . | Rs. 3 to 4 do |

These rates certainly represent a very small proportion of the indirect emoluments of those subordinates and, apart from any question of control and improvement of the supply of fodder, wood, &c., which are well nigh impossible under the present system, it would well re-pay Government to raise the salaries and abolish the perquisites.

4. Anyhow, it can readily be understood how the transfer of the duty of collecting "terige" fees to the Forest Department, under the Government Orders of 1890 quoted, was regarded by the Amrut Mahal subordinates. The bulk of their income would disappear under such a system, and it is not to be wondered at that immediately the District Forest Officer attempted to give real effect to it, representations were made to the Amrut Mahal Officer which resulted in his letter No. 74 of 13th November 1896, to the District Forest Officer, requesting that the issue of grazing permits to village cattle by the Forest Department might be stopped as all the grass was likely to be required for the Amrut Mahal herds. This may have been the case just at the time Colonel Macintire wrote, but the real reason is not far to seek and the fact remains that the village cattle and goats in hundreds and thousands have continued to resort to the kavals, although the fees, which are paid by the raiyats, do not find their way into the Government Treasury. So much for the first difficulty in the way of efficient control and regulation of the grazing by the Forest Department, which, I am astonished, that an Officer of Mr. Ricketts' experience and varied knowledge, did not foresee.

5. Next, we have the alleged rights or privileges of "adjoining" or "neighbouring" villages in respect to the supply of grass, firewood, and agricultural implements conceded in a manner by Mr. Ricketts in his letter No. 3056—216 of 1st March 1890, to the Secretary to Government and referred to in para 4 of the Proceedings of 19th August 1890, No. 5438-41—Cir. 114. Under this concession no less than 161 villages within a radius of 15 miles from the kavals have, according to the Amildar's reports, been resorting to them for pasture and supplies of firewood, &c., nominally free for the most part, but doubtless subject to the irregular payments already referred to.

6. At a conference with the Deputy Commissioner and District Forest Officer at Chikmagalur, on the 27th November 1897 it was noted that under the rules which were carefully examined such privileges as regards firewood and agricultural implements can only be exercised in areas specially set aside for the purpose, whether as village forests or portions of District Forests, and the District Forest Officer's enquiries go to show that whereas in all but a few cases such areas were assigned as "gomal" at survey settlement, they are quite distinct from the kavals which were entered as Commissariat or Amrut Mahal kavals in the Settlement Registers and are entirely at the disposal of Government and free from all rights. In short, the surrounding villagers having denuded their gomals, both of grass and trees, have obtained access to the Amrut Mahal kavals, which, unless speedily prevented, they will absolutely destroy, as, in addition to ordinary domestic and agricultural requirements, the demands for arecanut and sugar boiling, castor-oil manufactory and iron smelting are enormous, though, I understood that most of the iron smelting furnaces have been closed, as they cannot compete against imported iron even with wood for nothing. I can only express my astonishment that the District Forest Officer for the time being, and still more Mr. Ricketts, should have even tacitly admitted the existence of any such rights within the kavals, the former officer even arguing (para VIII of his memo on Yemmedoddi kaval printed in Proceedings already referred to) that any regulation of fellings by rotation was impracticable, because it would subject some of the villages to inconvenience.

7. I inspected the Kamenahalli kaval on the 23rd November from Sakrepatna and found the tree growth in the vicinity of the Ayyankere tank very poor chiefly. *Acacia catechu* (kagli or tara) and *Albizzia amara* (chujalu) with a good supply of grass of inferior quality which is said to be burnt over annually.

The Amrut Mahal cattle, it appears, chiefly resort to this kaval in the hot months to graze in the Ayyankere tank bed when the water is low. There were none in the kaval at time of my visit, but numbers of village cattle from neighbouring villages, though they all have gomals.

The tree growth on the other side of the kaval towards Linganhalli is much better, including a fair quantity of teak poles and there is considerable felling of firewood on seigniorage permits for the supply of Chikmagalur.

OFFICE OF THE CONSERVATOR OF FORESTS, BANGALORE

The area of the Kamenahalli kaval is given by the District Forest Officer as 10,018 acres and there is another known as Churchegudda contiguous to it on the south with an area of 10,705 acres not referred to in the report and Proceedings of 1890.

These two kavals with an aggregate area of 20,000 acres, or upwards of 30 square miles, are of exceptional importance, not only with regard to the supply of fodder and wood which they are capable of producing, but from their situation on feeders of the Madag and Ayyankere tanks which were said to be silting up.

At present there is absolutely no conservancy or regulation of grazing and felling in either, the action of the Forest or Revenue Departments being confined to levying or endeavouring to levy seigniorage on firewood, &c., cut and removed for sale, and that of the Amrut Mahal Department to performing a similar office through, and for the benefit of, their subordinates on village cattle grazed in the kavals.

8. The Yemmedoddi kaval has an area of 16,255 acres or upwards of 25 square miles. I visited it from Kadur on the 10th December and the following descriptions of trees and shrubs observed :—

*Albizzia Amara*—Chujalu.
*Albizzia Lebbek*—Bage.
*Acacia Leucophlæa*—Byalu.
*Acacia Intsia*—
*Acacia Catechu*—Tara.
*Erythroxylon Monogynum*—Devadari
*Cassia fistula*—Kakke.
*Canthium parviflorum*—Kare.
*Limonia decidissima*—Nayibyala.
*Diospyros montana*—Jagalaganti.
*Butea Frondosa*—Muttaga.
*Pongamia glabra*—Honge.
*Feronia elephantum*—Belada.
*Dalbergia paniculata*—Pachari.
*Zizyphus xylopyrus*—Challe.
*Bauhinia* (species)—Achalu.
*Gymnosporia montana*—Tandarsi.
*Terminalia arjuna*—Bili Matti.
*Eugenia* (species)—Nainerle.
*Grewia tiliaefolia*—Tadasalu.
*Ixora parviflora*—Gorve.
*Cassia auriculata*—Tangadi
*Malva buxifolia*—
*Ehretia laevis*—Kappura or Halippe.
*Dodonaea viscasa*—Bandare.
*Carissa Carandas*—Korinda.
*Webera corymbosa or asiatica*—Papati or Tute.
*Cinnamomum iners*—Yellaga.

Sandal frequent, much hacked by graziers and damaged by goats. The soil is by no means bad or unsuitable for the growth of trees and grass and sandal occurs frequently, but the kaval is in a wretched condition owing to overgrazing and unrestricted and unregulated felling.

I did not penetrate into the interior or more remote portions where the District Forest Officer assures me that the growth and capabilities of growth of grass, firewood, bamboos and even timber are excellent.

About 1,000 head of Amrut Mahal cattle are said to resort to this kaval for about four months in the year. I did not come across any on my visit, though, I understood, a herd was grazing in the neighbourhood, but the whole place including what is classed as 'Nelgaval' was over-run by village cattle and goats which are either penned inside or resort to it in thousands daily for grazing and browsing without any restriction as to numbers, regulation or direct benefit to Government.

Needless to say the destruction of the kaval as a source of supply of sandal and other wood and even grass is, under such circumstances, merely a matter of time.

9. We have, therefore, the spectacle of these three kavals, more or less, wooded, with an aggregate area of 55 square miles or 35,200 acres, being ruined as wood and fodder producing areas in the near future without even any present financial profit to Government.

Under anything like proper management and regulation of grazing and felling they would afford pasture for 8,000 cattle and a sustained yield of 10 to 12,000 tons of firewood annually (which would be doubled under proper treatment after the first rotation) not to mention the out-put of sandal, teak and other poles, bamboos and minor products.

Regarded from a purely monetary point of view the revenue from grazing fees calculated at the low rate of annas 4 per head would be Rs. 2,000 and from fire-wood (at Rs. 1-8-0 per ton) Rs. 15,000 to Rs. 18,000 per annum, leaving that from sandal, &c., entirely out of the question.

10. But the benefits of protecting the low hills and catchment areas generally from denudation and rapid draining off of rain water and silting up of tanks, of securing a constant and assured supply of grass, firewood and other forest products cannot be gauged by any money value, and it is quite immaterial for the purposes of this note, or the real aim and object of the Forest Department, whether the produce is sold or given gratis so long as it is the legitimate annual yield or increment, not the capital or stock which is now being ruthlessly destroyed and squandered.

There are literally no other forests or jungles in the neighbourhood especially of the eastern portions (Yemmedoddi), and the day will come when all concerned will bitterly

regret the reckless destruction which is going on, which, unless speedily and thoroughly put a stop to, must result in deterioration and eventual denudation and disappearance not only of the tree growth but even of the grass.

11. With regard to those three kavals, I would strongly advice the Deputy Commissioner to take the initiative in having them settled and notified as State Forest as speedily as possible.

The settlement would apparently be very simple. The areas are, it is believed, entirely at the disposal of Government and unencumbered with any rights save that of the Amrut Mahal Department, *i e.*, Government to graze their cattle which is undisputed. Some small concessions may be found expedient in the case of villages adjoining the kavals which have had no land assigned at survey settlement for pasture and firewood supply. Doubtless all the villages referred to in the District Forest Officer's Memo No. 315 of 14th January will put in claims, but I see no reason to suppose that they can substantiate them, nor why the concessions granted under a misconception by the Government Proceedings of August 1890 already referred to, should not be withdrawn.

Once the areas, with or without curtailment, are notified as State Forests, subject only to the right of Amrut Mahal cattle to graze, and probably some rights of way and to water, which should be defined, their protection and regulation will become comparatively easy. After thorough exploration and record of the condition of the growing stock they should be divided into convenient sized blocks and compartments and something in the shape of a preliminary working plan or scheme prepared under which all felling and grazing should be regulated and restricted to certain areas in rotation. The Amrut Mahal Department would intimate from time to time how many head of cattle they wish to depasture and for how long, and it would be the duty of the Forest Department to arrange accordingly regarding this as the first charge on the kavals, after which only any pasture available should be given or leased to the neighbouring villagers whose requirements with regard to firewood, &c., should also be met *as far as possible* from the portions operated on annually or "coupes". But the supply should be regulated by the production, not as hitherto and now by the demand, and it should be extracted systematically and under proper sylvicultural principles instead of in a wasteful and haphazard manner, the areas operated on being subsequently closed against all grazing and felling, fire protected and subjected to necessary cultural operations for several years so as to secure good reproduction and an improved yield.

Sandal should, of course, receive special protection, the trees being enumerated and classified, and the collection of minor produce and encouragement of the growth of tamarinds, gallnuts, tangadi and other valuable products should receive constant, systematic attention. A commencement in these directions might be made even now, but it will be very difficult to enforce any conservancy measures or regulation of felling, &c., so long as villagers have free entry on payment of grazing fees to the Amrut Mahal subordinates and we have no properly organised or supervised establishment to put a stop to irregularities. All that can, and, I think, ought to be done at once is to put a stop to all felling or collection of Forest produce without a permit issued by competent authority and the existing establishment may well be employed on this duty, under the supervision of the Chikmagalur Range Officer and District Forest Officer himself.

12. With regard to the Amrut Mahal kavals generally, I have already recommended to Government (copy of letter enclosed) that they should be brought under the control of the Forest Department subject always to the right of the Amrut Mahal Department to the first call on the grazing for the Government herds and as many others as Government is pleased to permit sarvegars to maintain.

From a statement obligingly furnished me by the Military Assistant, I find that the approximate area classed as Amrut Mahal kavals, after deducting what has recently been resigned, is 4, 13, 539 acres or nearly 650 square miles (*vide* statement enclosed) whilst the herds number only 9,000 for which ample grazing at all seasons can certainly be provided, especialy if measures are taken to improve it, as they are under what is known as the "parcellaire system" in the Madras Presidency.

At present, the Forest Department is supposed more or less to manage and regulate the felling of trees and collection of minor produce, whilst the Amrut Mahal Department utilizes or disposes of the grass.

There is no necessity for such dual control which is inimical to the real interests of Government and all improvement.

Let the Amrut Mahal Department by all means look after the herds, maintain or improve the breed, dispose of surplus numbers, &c., &c., but let the areas in which they are depastured be under the control and management of the Forest Department, which has local establishments and a responsible officer in each district working under the supervision of the Deputy Commissioner.

*Memorandum by Mr. T. Weir, late Deputy Commissioner of Kadur.*

The general question of the right of raiyats in the Kadur and Tarikere taluks to a supply of firewood is one that has for sometime been constantly cropping up; and it has on more than one occasion formed the subject of representation at the Annual Dasara Assembly.

2. The particular question of the denudation of the District Amrut Mahal kavals for purposes of firewood had not, however, so far as I am aware, come specifically under the notice of the District Revenue authorities prior to the District Forest Officer's memo of 23rd October 1897, No. 188.

3. Orders were thereupon issued by this office prohibiting the further cutting of firewood in these kavals, except by the villagers of the adjoining villages. These latter were considered to have at any rate some claim of right under the Government Order of 19th August 1890.

4. Towards the end of November 1897, the Conservator of Forests visited the district and advantage was taken of his visit to hold a sort of conference, at which both the above mentioned questions were carefully gone into and examined.

5. The more important orders relating to the subject were found to be the following:—

(1) Notification, dated 13th August 1888, No. 113, read with Notification, dated 25th August 1889, No. 1460, Rules 10 and 12 of above.

(2) Notification, dated 8th January 1896, No. 6084.

6. An examination of the above established the following points:—

(1) That as regards *firewood*, no pass and no seigniorage was required from kandayam-paying raiyats for cutting and removing firewood within village forests when specially assigned to villages and if no such village forests had been specially assigned, then within district forests or parts of district forests set apart for the purpose.

(2) That as regards wood for *agricultural implements*, no pass or seigniorage was required from kandayam-paying raiyats for wood obtained from *district forests*.

7. In connection with the above conclusions, information was not at the time immediately available as to whether, as a fact, any assignment had been made to villagers for the purposes of either firewood or agricultural implements.

8. Para 10, Appendix A, of the Survey Manual of 1879, was suggestive that such an assignment must have been made.

9. On application being made to the central authority (*viz.*, the Revenue Survey Superintendent) on the question, it was however ascertained that notwithstanding para 10, appendix A, above quoted, no assignment of the right of cutting in village forests, had, as a fact, ever been made to the Kadur or Tarikere taluk villages. See Colonel Grant's letter No. 366, dated 2nd December 1897.

10. The same conclusion was established by an examination in detail of the Revenue Survey Settlement registers of the Kadur and Chikmagalur taluks, carried out by the District Forest Officer (see District Forest Officer's Memorandum of 14th January 1898, paras 5 and 14).

11. The result is that on the basis of right defined in the Government Notification referred to in para 6 above, *viz.*, the *right of assignment*, the villages of Kadur and Chikmagalur have in general *no title* to cut firewood either in their own village forests, if any, or in district forests save in the Amrut Mahal kavals.

12. In 1890, however, it appears that a concession or indulgence in respect of *firewood*, &c., was allowed to certain villages which were vaguely described as *adjoining villages*.

13. That this concession, whether advertently made or not, was an error is, I think, now clear. It was, however, I think probably made at least to some extent inadvertently, that is to say, without any careful scrutiny of the actual rights arising under the Revenue Settlement.

14. If, however, the concession had been restricted within the limits contemplated in the Government Order of August 1890, that is to say, if the indulgence had been confined to neighbouring villages, the amount of mischief that has unfortunately resulted would have been far less extensive than what has actually occurred. The limited concession has, however, been given effect to in a manner deplorably wide and altogether illegitimate, inasmuch as many as 161 villages (as appear from the Amildar's reports) some of them being at a distance of 15 miles from the kavals have been allowed to resort to the kavals for their supplies of firewood. That there is a gross abuse is undoubted, and, as already noted, it has been put a stop to by district office orders issued in October and November last as soon as I became aware of the state of the facts.

15. On the general question involved, I need only say that, from the District Revenue Officer's point of view, I concur almost entirely with the views of Colonel Campbell Walker, the Conservator of Forests, as expressed in the official note of the 14th February 1898.

16. The necessity for taking immediate steps to conserve the extremely valuable and important tracts comprised in the three Amrut Mahal kavals is beyond question and is very urgent, and the necessary conservancy, I also believe, cannot be effectively carried out unless the system of the divided and ineffective dual control is put an end to.

17. The undoubted and long-established rights of the Amrut Mahal Department to such an amount of pasturage as may be actually required by them from year to year can be easily secured and safeguarded on the system described in Colonel Campbell Walker's official note.

18. The suggestion of Colonel Campbell Walker in para 11 of his note that the Deputy Commissioner should take initiative in having the kavals notified and settled as State Forests has been considered by me, but although I personally approve of the suggestion, I am unwilling and think it would scarcely be fitting for me on the eve of my departure from the district to take any definite steps of so far-reaching a character regarding these important State properties, until the Government have had the whole subject before them and have indicated in an unmistakeable manner the lines on which they propose to deal with the question.

19. The question has now reached a stage at which Government must be addressed and have the whole subject put before them, both from the point of view of the general revenue question and also from the more special point of view of forest conservancy and of the rights of Amrut Mahal Department.

20. With this object, it is, I think, advisable and even necessary that this District Office should address Government on the subject, through the Conservator of Forests, and the communication would, if possible, have been made by me before laying down my office.

21. Information is, however, still awaited on a point of some importance, *viz.*, whether the adjoining villages of these Amrut Mahal kavals would be subjected to any special hardship if the right of cutting firewood in the Amurt Mahal kavals should be at once or entirely withdrawn.

22. For the purposes of this enquiry the Amildars have been instructed to regard all villages within a radius of 5 miles from the outside limits of the kavals as neighbouring villages.

23. This question should, I think, be carefully considered before the subject as a whole can be laid before Government. The villages mentioned, *viz.*, the adjoining villages, have had a privilege conferred on them by the Government Order of 19th August 1890; and although, as already shown, the concession may have been made without due advertence, and in any case is liable to be withdrawn, it would not, I apprehend, be in accordance with the wishes of Government to withdraw the privilege, if these villagers, who have the claims of a concession founded on reasonable propinquity, were subjected thereby to special hardship.

24. Information on this point must therefore be awaited before Government can be addressed on the whole subject.

25. The Amildars concerned must be ordered to expedite their reports.

*Note.*—I leave this memo on record for the information of my successor, and for such consideration as it may appear to deserve. It may, if my successor approves, be forwarded to Government along with the office letter on the subject.

As enclosures to the letter to Government :—

(1) A map showing the situation of the kavals relating to all the villages (whether adjoining or not) claiming to cut firewood should be prepared in the Forest Department.

(2) Statements A and B, besides being sent in original, should be abstracted so as to show amount of gomal (total) and amount of cattle, so as to show thus the villages are in themselves sufficiently well provided.

(3) The total amount realised from terige fees and from firewood licenses, may also be specially noted.

*(2). Letter No. 790—50, dated the 19th August 1898, from the Conservator of Forests in Mysore.*

In submitting the accompanying letter No. 39 of 27—30th ultimo, from the Deputy Commissioner of Kadur to your address, I have the honor to state that I have not much to add to my note on the kavals, dated 14th February last, copy of which accompanies Mr. Carr's letter and a D. O. note to Major Jones of 10th March last, copy of which and of his reply I now submit. Mr. Weir's Memorandum of 2nd idem, copy of which will also be found with Mr. Carr's letter, appears to me to correctly represent the facts as regards the adjacent villagers who, in my opinion, have at present no *rights* in the kavals, no portions of which having, so far as I am aware, ever been assigned or set apart for their use.

2. How far it may be expedient to do so is quite another question. I think we should be very careful to guard against the creation of rights or even undefined privileges which are inimical to systematic control, and would solicit attention to the views of the Government of India on the subject as expressed in their letter No. 463 of 21st April 1877, Mysore Proceedings No. 1459—38 of 11th May 1877 (pages 105-111 of Forest Manual).

Once the idea, which to a certain extent pervades Mr. Carr's remarks, that reservation implies taking away the forests and pasturage from the people is got rid of, and it is realized that the primary object of protection and regulation is the welfare of the people and agriculture, there will be no necessity for assigning tracts for their free use or abuse, as it has already been decided that the ideal village forest conserved by the people for their own use, in accordance with proper forest principles, is for the present a utopian idea.

I have, however, no objection to urge, should Government deem it expedient in deference to the prejudices and customs of the people, to assign certain areas for free use to villages which have either none or an insufficient area, but would certainly restrict the concession to adjoining villages within a five-mile radius as suggested by Mr. Weir, and not extend it as recommended by Mr. Carr.

3. The main point, however, for present consideration is the transfer of control from the Amrut Mahal to the Forest Department. This has already been done on paper with regard to the Yemmedoddi and Kanenahalli kavals under the Government Orders of August 1890, but the transfer has never been really effected and, as stated in para 3 of Mr. Carr's letter, the work of the small protective forest establishment sanctioned has been virtually nullified. I do not believe it can be otherwise until the vested interests of the sarvegars and kavalgars are enquired into and settled as has, I believe, been suggested by the Military Assistant.

4. It is easy to provide for the requirements of the Amrut Mahal cattle proper but not for an indefinite number of sarvegars' herds and the practice, to which Mr. Carr incidentally refers at end of his 10th para, of these men levying fees on village cattle grazed in the kavals and even on wood removed from them, which is undoubtedly a perquisite, is subversive of all regulation and should be put a stop to, compensation being, if deemed necessary, made to them in one shape or another. Government need not be apprehensive that this would be a costly operation. If I am correctly informed, the fees levied by those subordinates amount to considerable sums and once the practice which has grown up is put a stop to, it will be optional with Government either to charge for grazing and grass (not required for the Amrut Mahal cattle), timber, firewood, &c., or to give them, free, the benefits in either case, whether in the shape of direct revenue or free grants to the people more than counter-balancing the compensation, whether a lump sum or increased monthly pay, whilst the ultimate advantage of bringing those large areas under systematic control and increasing their production cannot be gainsaid.

5. In Mr. Carr's final para he shows grounds, of which I was unaware, for the contention that the concessions made to the Amrut Mahal herds were at first of a temporary and limited nature and do not in fact constitute an undoubted right or custom of long standing as is, I believe, generally supposed. But it is only fair and natural that Government cattle should have the first claim on the grazing in the Government Forest estates whilst the right to regulate it and prevent the growth of abuses detrimental to the welfare of such estates and the people rests equally naturally with Government. On the other hand Mr. Carr appears not to be aware that Government have already ruled in Proceedings No. 1821—35-36 of 10th July 1883, that the Amrut Mahal kavals are to be regarded as portions of District Forests and that the services of Forest officials should be utilized in conserving and extending the growth of trees in them. It follows that his proposal that the three kavals under consideration be notified as District Forests is unnecessary for they are so already. It would, however, appear advisable to notify them as under special protection as was recently done with regard to certain kavals in the Hassan district (Proceedings No. 10781-2—Ft. F. 40-95, dated 13th May 1898) leaving the control of the grazing in the open portions only with the Amrut Mahal Department, if Government deem fit, till other arrangements are made.

6. Preliminary demarcation and enquiry by an Assistant Commissioner as Forest Settlement Officer and the District Forest Officer should follow prior to their constitution as State Forests in which the authority of the Forest Department should be absolute, subject only to the provision of grazing for such numbers of Amrut Mahal cattle and at such seasons as the Amrut Mahal Superintendent may intimate from time to time. In conclusion, I would solicit the earnest attention of Government to this matter which is one of grave public importance.

*(3). Letter No. 756, dated the 26th November 1898, from the Military Assistant in charge of the Amrut Mahal Department.*

REFERENCE.

Your No. 3213—Ft. 197 of the 4th November 1898.

I note as requested.

I notice that besides the main point at issue, *viz.*, the disposal of the three kavals, that the Conservator and others allude to the question of the total area at disposal of the Amrut Mahal Department; this matter should have formed the subject of separate correspondence. I, however, may note that in 1867, a Special Officer was appointed to enquire into this very matter. He reported that the assigned areas were not in excess of the requirements of this department, and as the pay of the sarvegars is still partly in perquisites, the herds are still of much the same strength, and the Hunkal grazing rights have not been reinstituted, there seems no valid reason for re-opening a question settled under Sir Mark Cubbon, who was himself an old Amrut Mahal Officer, and necessarily therefore a good judge of its requirements.

As regards these three kavals, *viz*, Yemmedoddi, Kamenahalli and Churchegudda, if these areas are to be placed in any way under the Forest Department, two main points must receive attention, *viz.*, (*a*) the grazing for Amrut Mahal cattle must be fully allowed for; and (*b*) compensation must be given to the Amrut Mahal subordinates for any loss on accepted perquisites.

First, as regards the grazing, I have been through the records of the past three years. I find that a herd (say 880 cattle) have grazed in these areas as below:—

In 1896 for 280 days.
In 1897 for 290 days.
In 1898 for 313 days.

Besides these Government cattle, the sarvegars' own private herds have doubtless, as is customary, grazed free. I have ordered a list to be prepared of the sarvegars' private cattle, but it will not be ready for some time, and it can then only be approximate.

It will, however, be safe to assume that the sarvegar owns in his family herds to about the same number as those he looks after for Government. So that dealing generally with these kavals we may say that 500 × 2 or 1,000 head of cattle have grazed in them throughout the year.

The total area of the kavals, as given by the Deputy Commissioner, is 35,000 acres, which would give 96 acres of fresh grazing daily for the 1,000 cattle. The question of whether this is too much or too little depends entirely on the fertility of the kaval and the special year. The total on which the above calculation is based doubtless also includes many barren spots.

I think, however, that the suggestions I give below, will meet our requirements under A, (above referred to) without necessitating any compensation under B. (I have not visited these kavals, but the reports received show that steps must be at once taken to place the forestry in proper hands).

I would suggest that the kavals be divided into three distinct portions each to be grazed in rotation annually.

This will give us a grazing area of some 32 acres per diem which should, I think, suffice for, say 1,000 head of Government and sarvegar cattle and 300 village cattle. As regards sarvegars' cattle, it may be ordered that these should all be branded in order that the Rangers may be able to recognize them.

As regards village animals, I propose that passes for grazing limited to 300 should rest with sarvegar, who should issue them through the Forest Department.

The kavals will all, in other respects, be under the Forest Department.

I may explain that the object of retaining the issue of the pass in the hands of the sarvegar is to maintain his position in the village enabling him to obtain villagers' assistance for Government work in various ways to look after the herd, while, issuing the passes through the Forest Department enables those officials to control the wood cutting, &c.

No. 7597-9—Ft. F. 25-98, DATED BANGALORE, 22ND APRIL 1899.

ORDER THEREON.—The questions raised in this correspondence relate to the proper conservancy and control of three Amrut Mahal kavals, *viz.*, Yemmedoddi, Kamenahalli and Churchegudda, covering an area of 35,000 acres in the Kadur district. The control was vested in the Forest Department by an arrangement sanctioned by Government in 1890, but it is now brought to notice that, on account of the internal difficulties in the working of the arrangement then sanctioned, the control remained only nominal.

2. It is agreed by all the authorities concerned that some better arrangement than what at present exists is necessary in the interests of this important forest tract which is fast deteriorating. The head waters of the great irrigational systems of Madag and Ayyankere tanks are included in this tract and the strict and careful conservancy of forests all along the courses of the Veda, the Avati and the Gowri streams presses itself as of foremost exigency. Under these circumstances, there can be no doubt that the control vested in the Forest Department should be real and practical. There seems also at present to be a want of proper and adequate arrangement for the stopping of forest fire, the destructive effect of which has been referred to so prominently by the Deputy Commissioner of Kadur.

3. The largest interest in these kavals outside the Forest Department is possessed by the Amrut Mahal Department and the Officer in charge of that Department has made very reasonable proposals for the safeguarding of his requirements. He has no objection to the full control being exercised by the Forest Department but wants for his Department :—

(1) Grazing for nearly ten months in the year for his own cattle, those of his own subordinates, such as sarvegars, &c., and also some cattle of the villagers. The number of these he estimates at 1,000.

(2) He proposes that the privilege of giving licenses to the villagers' cattle to the number of 300 every year should be continued to the sarvegars of the Amrut Mahal Department, so that they may maintain thier prestige and influence among the villagers. He agrees that these passes may be given through the Officers of the Forest Department.

(3) He also thinks that the whole of the kavals should be divided into three blocks and used for the cattle above mentioned by rotation.

4. These proposals commend themselves to Government as very fair, and are sanctioned. While the privilege of issuing passes retained in the sarvegars preserves to them their prestige, the Forest Department will be under no difficulty to know the extent to which this privilege has been availed of and will be able to effectively control and regulate the grazing, thus preventing all the causes of mischief to the forest. The reservation sought by the Officer in charge of the Amrut Mahal Department is necessary and ought not to be interfered with.

5. Then with regard to the proper conservancy of this tract, it is unnecessary to go farther than simply notify at present that it is a protected forest under the management of the Deputy Commissioner subject to the general control and supervision of the Forest Conservator. The tract comprising the head waters of the streams already mentioned should be strictly conserved and all cutting be stopped. Subject to the grazing rights of the Amrut Mahal Department, this tract must be dealt with as a close State Forest. The rest of the kaval may be divided into three or more blocks as may be decided upon by the Conservator of Forests, but subject always to the requirements of a herd of 1,000 head of cattle to be provided for as stated by Major Jones. These blocks should be worked by rotation. The Deputy Commissioner will further investigate into the rights and privileges of the neighbouring villagers and for this purpose will depute an

Assistant Commissioner and the District Forest Officer. Further orders will be passed regarding the reserving of this tract as a State Forest after the investigation now ordered is completed and the result reported through the Conservator of Forests with specific proposals. In the meanwhile, the existing facilities enjoyed by the villagers for obtaining fuel and grazing in this tract will not be materially curtailed or interfered with, though, of course, the same will be brought under strict and effective regulation so as to prevent unnecessary mischief to the forest

6. A report will be submitted on the result of the working arrangement now sanctioned, after two years.

To—The Conservator of Forests in Mysore.
The Comptroller, Mysore Government.

## RECEIPTS.

### Budget Estimates of the Forest Department for the year ending 30th June 1900.

| Particulars | Actuals for 1897-98. | Estimates for— 1898-99. | Estimates for— 1899-1900. | Remarks. |
|---|---|---|---|---|
| | Rs. | Rs. | Rs. | |
| III. Forests— | | | | |
| 1. Timber and other produce removed from the Forests by Government agency. | | | | |
| (a) Timber ... ... ... | 1,78,348 | 1,69,275 | 1,62,400 | The increase of Rs. 23,175 is anticipated mainly from the newly opened depots in the Bangalore City extensions and to the proposed extra collections in the Shimoga and Kadur districts. |
| (b) Firewood and charcoal ... | 26,827 | 25,100 | 19,400 | The decrease of Rs 5,700 is due to the abolition of the temporary fuel depots in the Kolar district where private depots have been started by responsible middle men. |
| (c) Bamboos ... ... | 15,783 | 17,130 | 26,500 | The increase of Rs 9,370 is due to the proposed large collection to stock the depots in the Bangalore City extensions and in Channapatna. |
| (d) Sandalwood ... ... | 8,08,693 | 7,80,530 | 7,55,000 | The decrease of Rs. 25,530 is due to the lower average rate per ton expected to be realized. The estimate is pitched at a moderate figure and may possibly be exceeded. |
| (e) Grass and other minor produce. | 22,806 | 45,300 | 43,000 | Owing to the prevalence of plague in some parts of the province and partly to uncertainty of crop prospects, gall-nuts to be collected in the Mysore, Tumkur and Hassan districts may not find a ready market. Plague restrictions prevent merchants from attending sales. Hence the decrease of Rs. 2,300. |
| Total .. | 8,54,365 | 10,37,285 | 10,36,300 | |
| 2. Timber and other produce removed from Forests by consumers or purchasers— | | | | |
| (a) Timber ... ... .. | 12,450 | 10,100 | 12,100 | The increase of Rs. 2,000 is expected in the Shimoga district. |
| (b) Firewood and charcoal ... | 22,435 | 32,350 | 32,100 | The decrease of only Rs. 250 calls for no remark. |
| (c) Bamboos ... ... | 24,264 | 31,700 | 28,500 | The decrease of Rs. 3,200 may be made good if the demand which is at present slack, especially in the Bangalore district, should be augmented. |
| (d) Grazing and fodder grass ... | 24,782 | 26,000 | 36,000 | It is intended to throw open more forest areas for grazing purposes particularly in the Bangalore, Tumkur and Shimoga districts. Hence an increase of Rs. 10,000. |
| (e) Other minor produce ... | 1,45,408 | 1,24,000 | 1,15,000 | Owing partly to anticipated poor crops and partly to the appearance of plague in some parts of the province in consequence of which there may not be much competition especially for bakke and tangadi barks, the estimate is reduced by Rs. 9,000. |
| Total ... | 2,29,334 | 2,24,150 | 2,23,200 | |

| V. Forests— | | | | |
| A. Conservancy and works— | | | | |
| 1. Timber and other produce removed from forests by Government agency— | | | | |
| (a) Timber ... ... | 56,594 | 71,390 | 81,280 | The increase of Rs. 9,890 is due to the proposed larger collection of timber for the depots opened in the Bangalore City extensions. |
| (b) Firewood and charcoal ... | 15,462 | 16,900 | 9,880 | The decrease of Rs. 7,020 is due to the abolition of the temporary fuel depots in the Kolar district and to the slackening demand in the Hassan district. |
| (c) Bamboos ... ... | 6,101 | 9,540 | 14,900 | Vide remarks against (a) "Timber" for the increase of Rs 5,360 under this head. |
| (d) Sandalwood ... ... | 34,194 | 37,800 | 48,350 | The increase of Rs 10,550 is due to the full collection of the prescribed quantity viz., 2,000 tons instead of a smaller collection of 1,640 tons of last (current) year |
| (e) Grass and other minor produce. | 14,566 | 15,000 | 16,700 | The slight increase of Rs. 1,700 is due to the proposed collection of pepper and cardamoms in the ghat forests of Hassan in addition to the usual collections of gall-nut and other minor products. |
| (f) Wood fuel for Mysore State Railway. | ... | ... | ... | |
| Total ... | 1,27,217 | 1,50,630 | 1,71,110 | |
| 2. Timber and other produce removed from forests, &c. | 3,570 | 4,170 | 4,570 | The increase of Rs. 400 is due to the maintenance of temporary establishment employed for the fuel reserves in the Bangalore and Kadur districts and of the establishment at the depots and stacking grounds in the Tumkur and Kolar districts. |

| Total ... | 3,943 | 1,850 | 2,050 | |
| 7. Communications and buildings— | | | | |
| (a) Roads and bridges ... ... | 8,529 | 6,000 | 8,750 | The provision of Rs. 8,750 showing an increase of Rs. 2,750 is made for the following. Rs. 2,500 for maintaining the Puniur-Bedaguli road and for repairing existing tracks in Mysore district; Rs. 2,500 for opening new roads in Lakvalli range, &c., Kadur district; Rs. 2,000 for opening roads and inspection paths in the Ghat forests of Hassan district, Rs. 1,000 for opening 12 miles road from Sarcoore to Hanngiri in the Shimoga district; Rs. 750 for repairs in other districts. |
| (b) Buildings ... ... | 32,166 | 58,600 | 27,100 | The decrease of Rs. 31,500 is explained as follows:—The provision for the koti buildings at Bangalore, Mysore and Chikmagalur has been omitted pending submission of a supplemental budget when the projects are approved by Government. The provision here made are for the following:—Rs. 6,000 for extensions to Sagar sandal koti and constructing a lodge at Settihalli and station and depot houses in important places in Shimoga district; Rs. 3,000 for constructing Range Officer's quarters at Lakvalli and repairs to sundry buildings in the Kadur district; Rs. 2,000 for constructing Range Officers' quarters at Channagiri and Sorab; Rs. 2,500 for constructing forest houses in the Ghat Forests, &c., of Hassan; Rs. 3,000 for repairs to existing buildings in the Bangalore, Tumkur, Kolar and Chitaldrug districts; Rs. 10,000 to meet unforeseen charges under koti buildings. |
| (c) Other works ... ... | 379 | 1,150 | 980 | This item calls for no remarks. |
| Total ... | 41,074 | 65,750 | 36,830 | |
| 8. Demarcation, improvement and extension of forests— | | | | |
| (a) Demarcation ... ... | 12,540 | 22,340 | 15,760 | The provision made is for demarcation lines round the newly constituted State Forests in Mysore, Shimoga, Kadur and Chitaldrug districts. The decrease of Rs. 6,580 is due to the large provision made last year under this head having been lessened. |
| (b) Compensation for land and rights. | 4,796 | 3,250 | 2,300 | These items call for no remarks. |
| (c) Surveys and working plans ... | 3,462 | 3,200 | 3,900 | |
| (d) Plantations ... ... | 20,058 | 20,000 | 17,250 | The provision is only for the up-keep of the existing plantations: hence a decrease of Rs. 2,750. |
| (e) Protection from fire ... | 16,109 | 23,800 | 22,160 | These items call for no remarks. |

Letter No. 797, dated 13th March 1899, from the Deputy Commissioner, Mysore district, reporting, with reference to this office No. 1156S—Pet. 801-92, dated 10th January 1893, that the petition of Ramaiya of Tirikegaudanakoppal, Seringapatam taluk, complaining of the diversion of the water flowing into his lands has been struck off the file, as the lands in question had been sold away four years ago to a third party.

No. 6872-9—PET. 770, DATED BANGALORE, 4TH APRIL 1899.

ORDER THEREON.—Recorded with the remark that the delay of six years in the submission of this report is considered unsatisfactory. Government would have been pleased if the Deputy Commissioner had brought home the cause of delay to any official and taken due notice of his conduct.

Petition of appeal No. 498—O. S. 23 of 97-98, presented by Konappa of Brahmanatarave village, Nagar taluk, against the order of the Deputy Commissioner, Shimoga district, cancelling the sale of one-half of bagayat S. No. 20 of Hanna village, Nagar taluk, for arrears of revenue.

(2). Correspondence ending with letter No. 885—732, dated 1st February 1898, from the Deputy Commissioner, Shimoga district.

(3). Records of the case.

The 1st respondent Mahabalia is the khatedar of S. No. 20, one half of which was in the enjoyment of the deceased, 2nd respondent Nagappa. The kandayam due on the land having fallen into arrears to the extent of Rs. 25-7-7, a notice of demand was served on both Mahabalia and Nagappa. The former stated that as he had paid up his portion of the kandayam, the balance may be recovered from Nagappa's share of the garden. Nagappa's share was accordingly sold by public auction on 28th August 1896 and knocked down to the deceased appellant Konappa for Rs. 105. Before the sale was confirmed, the 3rd respondent, Manjia Udupa, applied first to the Amildar and afterwards to the Sub-Division Officer for the cancellation of the sale. He urged that he was the mortgagee of all the lands of Nagappa; that on 19th August 1896 he had paid Rs. 44-9-3 which he understood to be the amount in arrear, and that he was misled by Nagappa into the belief that nothing more were due on account of the arrears of assessment.

2. The Sub-Division Officer confirmed the sale observing that there were no irregularities in the sale and that the mortgagee's objection to the sale should have been preferred within 30 days from the date of sale. On appeal to the Deputy Commissioner, that Officer reversed the Sub-Division Officer's order and set aside the sale remarking that it was tainted with fraud and collusion on the part of Nagappa; that the mortgagee, 3rd respondent, had no notice of the proper amount of arrears due, that, but for the misrepresentation made to him by Nagappa, he would have paid the whole arrears due on the land for the year 1895-96; and that therefore the sale could not be upheld. Hence the present appeal to Government.

No. 707-8—PET. F. 72-98, DATED BANGALORE, 10TH APRIL 1899.

ORDER THEREON.—Under all the circumstances, Government see no good reason to interfere with the Deputy Commissioner's order which is hereby affirmed and this appeal rejected.

*Letter No. 296—281, dated 28th September 1898, from the Deputy Commissioner, Chitaldrug district, to the Secretary to the Government, General and Revenue Departments :—*

I have the honor to submit for the orders of Government proceedings of Revenue Case No. 1 of 1897-98, on the file of the 2nd Assistant Commissioner of this district.

2. In this case one Mallappa, the present officiator patel of Lingapur in the Chitaldrug taluk, was sued by Kallavirappa and Ajjappa, his cousins, for a share in the pateli, and the plaintiffs coupled with this prayer a request to be allowed to perform the pateli duty by turns. The defendant admitted the claim and consented to the arrangement proposed by the plaintiffs, and a decree was passed by the Assistant Commissioner granting the relief applied for by the plaintiffs.

3. There were several other suits against the same patel Mallappa by other hissedars. The officiator patel gave his consent in each of them. The plaintiffs in the present suit, however, appeared in them and objected to the office being further subdivided, as agreed to by the officiator patel, and the Assistant Commissioner dismissed those suits holding it was against the policy of Government to allow pateli office being performed by turns. His decisions were appealed against and were confirmed by me.

4. The object with which I submit this case for orders is to have an anomaly removed. If the present decree is allowed to continue to be in force, it will be unjustly denying to other hissedars the relief which the plaintiffs in the present case have obtained. But I beg to submit that the relief sought in the present case could not have been granted by the Assistant Commissioner as it had the effect of militating against the hereditary principle upon which village offices are held, and the process of allowing hissedars to do duty by turns creates difficulties in assigning proper shares to different shareholders. The emoluments attached to the offices are also generally very limited in extent and their frittering away among a number of share-holders removes the only incentive that exists for the satisfactory performance of duties attached to the office. I beg further to state that, in my humble opinion, it is not open to any officiator to consent to the division of the benefits arising out of the performance of duties of a village officer in opposition to the declared policy of Government, as he has not the same absolute proprietary right over it as he has over his private property. I consider that, in this view of the matter, the Assistant Commissioner was not right in having given effect to defendant's consent in the case.

5. The case is a typical one and an authoritative decision by Government will remove all doubts in the matter and tend to a uniformity of procedure in similar cases.

(2) Also the decree passed by the 2nd General Assistant Commissioner, Chitaldrug district, in Revenue Case No. 1 of 1897-98.

Petition of appeal No. 1634—O. S. 45 of 1895-96, presented by Anantakrishnamachar, Jodidar of Singapur, Bangalore taluk, against the order of the Deputy Commissioner, Bangalore district, imposing a fine of Rs. 46-14-5 for having unauthorizedly cultivated, in the year 1893-94, 6 acres and 28 guntas of land forming a portion of the bed of the tank of the Government village of Abbigere but lying within the limits of the jodi village.

*(2) Letter No. 331, dated 7th September 1898, from the Deputy Commissioner, Bangalore District.*

With reference to Government Order No. 10766—P 2106 of the 9th June 1896, and reminder No. Pet.—1588 of the 28th April 1897, calling for further particulars on the petition of Ananthakrishnachar, jodidar of Singapur in the Bangalore taluk, complaining of the imposition of a fine on him for cultivating a piece of land situated in the bed of the Abbigere tank, but within the limits of the Singapur jodi village, I beg to state that the Amildar of the Bangalore taluk held a minute enquiry into the matter and examined several persons holding lands in Singapur and adjoining villages. From the detailed report furnished by him, it will be seen that the evidence regarding the cultivation of the land in question by the jodidar from time immemorial, as asserted by him, is most conflicting and unreliable.

2. The Amildar thinks that the jodidar might have surreptitiously and unauthorizedly cultivated the land in question in some years in which the tank contained no water; but that it has not been conclusively shown that the jodidar possessed the right to cultivate the land in question. It is clear that the land is in the tank bed and it is obviously improper to allow it to be cultivated. I am to state that the jodi Singapur village has not been classified and settled by the Survey Department; but that only the valuation survey has been made by that Department.

3. The Amildar's report together with a sketch showing the position of the land in question is submitted for reference together with the entire vernacular file on the subject.

*(3) Letter No. 383, dated 9th December 1898, from the Superintendent of Revenue Survey in Mysore.*

I have the honor to acknowledge the receipt of your letter No. 3518—Pet. F. 10-98, dated 25th November 1898 (see also your letter No. 3035—Pet. F. 10-98, dated 19th October 1898, on same subject), asking for certain information regarding the boundaries between jodi Singapur and the Government village of Abbigere.

2. I beg to forward for inspection and kind return—

1 Tippan book
1 Pakka book } of Singapur.
1 Classers' book
1 Map of Abbigere.
1 Map of Singapur.

There is no record of any boundary dispute between the two villages, nor are there any rajinamas to be found. The recognized boundary of the two villages evidently ran through the tank of Abbigere. This is a very common occurrence, the original recognized boundary having been submerged by a tank newly formed.

3. The 6 acres and 28 guntas cultivated by the petitioner is included in the 372 acres and 10 guntas representing the unculturable portion of jodi Singapur and a *grazing* valuation on the same was fixed at 3 annas per acre.

4. The inamdar, in my opinion, has no right whatever to cultivate any portion of the tank bed.

5. Under the circumstances it is unfortunate that the whole of the waterspread of the Abbigere tank was not included in the Abbigere village; but I have no doubt that the reason was that the old recognized boundary was known to all. Moreover the atchkat of tank Survey No. 32 of the jodi village approaches very suddenly on the waterspread in Survey No. 28 which is the land under dispute. I would suggest that there may perhaps be some record of what took place when the tank (Survey No. 2 of Abbigere) was first constructed.

6. I again express my opinion that the inamdar is not entitled, on the valuation made by me, to anything more than the grazing in the tank bed (Survey No. 28) when the water recedes.

7. I beg to return the papers received with your letter under reply, *viz.*, two Inam Settlement papers, the file of vernacular records accompanying Bangalore Deputy Commissioner's letter No. 331 of 7th September 1898, and the office precis with enclosures.

(4) The records of the case.

No. 7222-30—P. F. 10-98, DATED BANGALORE, 14TH APRIL 1899.

ORDER THEREON.—The mamul pleaded by the inamdar for cultivation of the land in question has not been established. The cultivation of beds of tanks cannot be allowed. As pointed out by the Survey Superintendent, the appellant is not entitled to anything more than the grazing in the tank bed when it is dry, but as the cultivation of the land by the appellant was under the *bonâ fide* belief that he had a right to do so, the Government are pleased to remit the fine with a warning that he should not cultivate the bed in future or permit others to do so. The fine, if recovered, will be refunded to appellant.

(1) Petition of appeal No. 341—A. 14 of 1898-99, presented by Javaregauda of Avaregere, Kunigal taluk, against the revised order of the Deputy Commissioner of Tumkur, explaining that he directed the registry of the building site in question in the name of the respondent on account of his long possession, and levied a price for the occupancy right under Rule XXX (A) of the Land Revenue Rules.

(2) The records received with letter No. 419, dated 9th January 1899, from the Deputy Commissioner, Tumkur district.

No. 7232-9—PET. F. 6-98, DATED BANGALORE, 14TH APRIL 1899.

ORDER THEREON.—As the Deputy Commissioner finds that the respondent and his ancestors have been in possession of the site in dispute from time immemorial, the respondent's present occupancy right cannot be disturbed. The Deputy Commissioner's order confirming the respondent's right is, therefore, affirmed. The dispute between the appellant and the respondent as to the ownership of the site in question is one which must be left to be adjudicated upon by a Civil Court.

2. It seems, however, to Government that the Deputy Commissioner's order for the levy of the price of the site from the respondent, is illegal. Neither Section 135 of the Mysore Land Revenue Code nor Rule XXX (A) of the rules framed thereunder, applies to a case like this, where it is admitted that the site has been in respondent's lawful occupation or possession for more than 12 years, and is therefore not the property of the Government.

*(2) Docket No.698, dated 30th April 1898, from the Deputy Commissioner, Kadur District.*

With reference to official memorandum No. Petition—1161, dated 17th ultimo, forwarding for report petition of Santaraja Heggade of Hornad village, Mudgere taluk, appealing against the Deputy Commissioner's order directing the transfer of registry of khate No. 4 from petitioner's name to that of Jinnappa Shetti, has the honor to submit the following report :—

1. On the 15th November 1895 one Jinnappa Shetti presented a petition to the Amildar of the Mudgere taluk stating that he had purchased the lands of one Santaraja Heggade in the Hornad village, that the lands were in his enjoyment for the last 18 years, that he was paying kandayam on the lands from the date of purchase, and that therefore he was entitled to the transfer of the registry of the said lands.

2 An endorsement was given him by the Amildar on 3rd January 1896 requiring him to state definitely the numbers he had purchased and to produce the sale deed.

3 In November 1896, the petitioner Jinnappa Shetti produced the authenticated copy of the sale deed, dated 15th May 1878, duly registered, and claimed registry of the lands noted below on the strength of the sale deed of 1878, and possession of these lands since date of purchase for Rs. 2,500.

4. The case was brought on the special Warg Tabdil List for 1897-98 for the orders of the Jamabandi Officer. The Amildar reported as follows :—

"The petition of Jinnappa Shetti, records of enquiry and the copy of the sale deed are attached.

"It appears that the lands now mentioned are the same entered in the sale deed in which survey numbers have not been noted.

"The Pattadar Santaraja Heggade states that it is true he executed the sale deed of 1878, that he did not receive the amount of consideration, *viz.*, Rs. 2,500 set forth in the sale deed, that he never gave possession of the lands to Jinnappa Shetti the vendee, and that the khate should not be transferred to the vendee's name."

"From the khirdi records it is shown that since 1888, the purchaser Jinnappa Shetti has been paying kandayam and from the sagavali chits and other papers (copies produced by Jinnappa Shetti) it appears that he has been in possession and enjoyment. Some of the *sagavali chits* have been attested by the khatadar Santaraja Heggade. The khatadar admits the execution of the sale deed. It appears that vendee has possession of the lands.

"The transfer may be ordered in the name of the vendee."

5. Mr. Weir, the Deputy Commissioner and Jamabandi Officer, after perusing the records and hearing the parties, passed the following order on 7th January 1898.

"The parties being present and their objections being heard and a summary enquiry made, the notice required by Rule XXVI, para 8, Land Revenue Rules, may be dispensed with. Santappa admits execution of the document but urges that the consideration was

not paid. From the summary enquiry made, it is ascertained that the lands were mortgaged by Santappa to shanbhog and that the purchaser has paid the mortgagee, at any rate in part, a balance of Rs. 700 out of Rs. 2,500 being stated to be still due. The purchaser is also in possession of at least a part of the lands, and has been paying the major portion of the kandayam *viz.*, Rs. 181 out of Rs. 335. It appears to me therefore that the purchaser is *prima facie* entitled to registration and that the Revenue authorities must recognize his right leaving it to Santappa to make good any objection or claims he may have in a Civil Court. Jinnappa Shetti will accordingly be registered as khatadar."

6. The present appeal of Santaraja Heggade is against this order. The appellant in his appeal petition urges among others the following facts for cancelling the order:—

*a.* On the strength of *Rajikabuli* (petition of relinquishment) presented 18 years ago the transfer has been ordered in 1897-98.

*b.* On the petitioner's presenting a petition on 15th October 1880 to the Amildar not to sanction the relinquishment, the khate has been kept on in his name.

7. With reference to the above it appears from Mr. Weir's order that the transfer was not ordered on the strength of the Rajikabuli of May 1880, which was *not then in the records*, but from a personal and summary enquiry and on the production of the sale deed by the purchaser.

8. Adverting to petitioner's allegation (*b*) para 6, it has been reported by the Amildar that on 30th May 1880 a petition of Rajikabuli was presented by Santaraja Heggade transferring the lands to Jinnappa Setti, that the consent of the vendor and the vendee was recorded on the petition and signed by them, that subsequently on 16th October 1880, Santaraja Heggade presented another petition requesting that this Rajikabuli should be cancelled as the purchaser Jinnappa Shetti had not acted up to the terms of purchase. No orders appear to have been passed rejecting or sanctioning the Rajikabuli—and there the matter seems to have ended for the time being. The present Amildar states that there are no references to show why the khate was not altered as per Rajikabuli presented on 30th May 1880 by Santaraja Heggade. The fact remains that the khate remained unaltered till the date of Mr. Weir's order.

9. The petition with its enclosures received with above is herewith returned and the vernacular correspondence is forwarded for reference and return when done with.

(3) Records of the case.

**No. 7241-8—P. F. 74-98,** DATED BANGALORE, 14TH APRIL 1899.

ORDER THEREON.—As there is a *bona fide* dispute between the parties as to the partial failure of the payment of the consideration which it is for a Civil Court to adjudicate upon, and as under Rule XXVI (clause 8) of the Mysore Land Revenue Rules, the transferee has not been put in possession of all the lands specified in the sale deed, and as the relinquishment was withdrawn by the transferer soon after the application for transfer of patta was preferred and the parties remained quiet for more than 18 years, the Government consider it undesirable to order the transfer of patta in the name of the vendee. The parties will be left to seek remedy in a Civil Court.

No. 7249-57—Pet. F. 5-97, dated Bangalore, 14th April 1899.

Order thereon.—Government observe that some of the Deputy Commissioners have apparently not understood the scope of the enquiry or of the rules which may be briefly recapitulated as follows:—

(1) The first requisite is to ascertain the number of tanks in each district (generally major tanks) restored by the Public Works Department and handed over to the Revenue Department for up-keep.

(2) Every patel should have a tank book showing the standard laid down for each tank.

(3) Every Amildar, or other Officer deputed by him, should make two regular inspections annually, one between December and March, and the other before the end of April, for rectifying the defects found during the first inspection.

(4) The results of inspection should be entered in a register as per form given.

(5) A duplicate copy of a register should be sent to the Deputy Commissioner prior to the 1st of June.

(6) Assistant Commissioners are to inspect as many tanks as possible during their tours and to enter their remarks in the form attached to the Tank Book, the results of these inspections being communicated to the Deputy Commissioner, and

(7) The Deputy Commissioners are responsible that the above rules are carried out.

2. The report of the Deputy Commissioner of Shimoga is general and vague. It does not state whether Tank Books and Inspection Registers are kept. Judging from the reports of the Deputy Commissioners of Kadur, Kolar, Tumkur and Chitaldrug who have gone deeper into the matter, it is very doubtful that these are kept.

3. The Deputy Commissioner of Kolar promises a further report. His report shows that information on points (1) and (2) is being collected. He reports that in the meanwhile lists of tanks brought up to standard have been obtained from the Chief Engineer and circulated to the Amildars.

4. The report of the Deputy Commissioner of Mysore shows that the tanks in the district, including the French Rocks sub-division, are in good condition. No details are however given.

5. The report of the Deputy Commissioner of Kadur contains as enclosures the reports of the Assistant Commissioners. These do not show whether Tank Books have been issued to each patel.

6 The Deputy Commissioner of Chitaldrug reports that in the case of a large number of tanks, Tank Books have not been maintained by the patels and that there has been no regular inspection of the tanks by the Revenue Officers.

7. The Deputy Commissioner of Tumkur reports that no register showing the results of inspection has been kept; that the Tank Books kept by the patels had no entries in them, and that he has addressed the Executive Engineer to supply him with the necessary information. It appears from the reference made by this office to the Chief Engineer and his reply, that the preparation of these Tank Books entailed great labour since the work had long been neglected. As however every project for the restoration or repair of a major tank has to be countersigned by the Deputy Commissioner, who furnishes revenue statements and other details, the Deputy Commissioner may as well be supplied with a copy of the project.

8. The report of the Deputy Commissioner of Hassan shows that he has included in the operation of the rules malnad kattes which have apparently never been restored by the Public Works Department. His report does not state whether Tauk Books and Inspection Registers are kept.

9. The foregoing observations will be communicated to Deputy Commissioners for needful action.

Petition of Appeal No 378—O. S. 134 of 1896-97, presented by Subbanna of the village of Chidaravalli, Tirumakudlu-Narsipur taluk, against the order of the Deputy Commissioner, Mysore district, directing the sale of a mango and a nerale tree standing in a tope Survey No. 192 of the said village, claimed by the appellant as his private property.

(2) *Letter No. 133, dated 25th July 1897, from the Deputy Commissioner, Mysore District, reporting on the above.*

* * * *

2. One Mada, ferryman of Alagodu village in the Tirumakudlu-Narsipur taluk, applied to this office, on the 16th April 1895, for a mango tree in the Chidaravalli dodda tope which consisted of 33 trees as noted in the margin, to scoop out as a ferry boat for use in the Kapila and the Cauvery near Tirumakudlu-Narsipur. This application was forwarded to the Amildar for disposal in accordance with the personal instructions previously given by the then Deputy Commissioner on the subject. The Amildar sold the trunk of the tree to the applicant for Rs. 3 and reserved the branches for sale by public auction. The sale amount was recovered from Mada and credited to the Taluk Treasury. When Mada went to fell the tree, the petitioner objected to it on the ground that it was his private property, and petitioned the taluk authorities together with a mahazar from the village people supporting his enjoyment.

3. Meanwhile another person named Ambigara Sidda applied on the 11th June 1895 to the Amildar for the sale to him of a nerale tree which had been blown down by wind in the same tope, for Rs. 5. The shekdar who was directed to inspect the tree reported that the petitioner Subbanna had removed the fallen tree to his house, that according to the statement of the villagers, he was in the enjoyment of the usufruct, the tope being planted and taken care of by his ancestors; that the tope had been also used by the Settigars and other communities as a burial ground, and that the tope was useful both for men and cattle. In the above circumstances, the application of Ambigara Sidda was rejected by the Amildar, and a refund bill was submitted by him for Rs. 3, which had been recovered in the first instance from Mada for the trunk of the mango tree sold to him and credited to the Treasury, but the bill was returned by this office with the remark that it was not proper on the part of the taluk authorities to have sold the tree before ascertaining whether it was Government or private property. The Amildar was directed at the same time to determine the point by referring to the village accounts and other records and to report the result.

4. In reply the Amildar reported that the tope in question was entered as a Government tope in vattuvari, pahani and khate accounts of the village and that the petitioner who urged his claims for the tope failed to produce any document to show his title to it. Thereupon my predecessor ordered on the 15th February 1896, that there was no reason to cancel the sale of the mango tree already made, and that further action might be taken accordingly. Against this order the petitioner has appealed to Government.

5. A sum of Rs. 6 was subsequently recovered from the petitioner Subbanna as the price of the fallen nerale tree in the tope which was unauthorizedly removed by him (*vide* para 3) and the same credited to Government. But the mango tree sold to Mada has not been felled or removed pending final orders of Government in the matter.

(3) Letter No. 62, dated 19th July 1898, from the Deputy Commissioner, Mysore district, submitting the finding of the Assistant Commissioner Mr. P. Srinivasa Rao to the effect that the appellant had not established his right to the tope in question and that if, on some occasions, he did take the dead and fallen trees from the tope, he did so clandestinely and without the knowledge and sanction of any Government authority.

---

No. 7316-23—Pet. F. 76-98, DATED BANGALORE, 17TH APRIL 1899.

ORDER THEREON.—The appellant has not proved satisfactorily his title to the tope. The mere fact that he sometimes removed the dead wood, &c., without the knowledge of the authorities, would not confer on him a right to the tope which is said to have been used as a burial place by the village community. The tope is apparently a charitable one, and even assuming that petitioner's ancestors got it planted for communal purposes, it must be treated as a public charitable tope and reserved as such and the appellant recognised as the managing trustee subject to the conditions laid down in G. O. No. 6263-70—Pet. 849, dated 14th January 1898. Appellant cannot use the produce of the tope or appropriate any of the dead trees, &c., for his *private* purposes but he should use the same for the improvement of the tope. This appeal is accordingly dismissed. The amount recovered from appellant on account of the nerale tree which appellant has used for his *private* purposes will not be refunded to him.

Petition of Appeal No. 739—O. S. 45 of 1897-98, presented by Honnamma, residing at Nelamangala, against the order of the Deputy Commissioner, Tumkur district, confirming the transfer of patta of Survey Nos. 35 and 117 of Dandinasivara village, Gubbi taluk, made by the Jamabandi Officer from the name of one Nanjamma to that of her daughter's son Narasimhasastri.

*(2) Letter No. 1000, dated 7th May 1898, from the Deputy Commissioner, Tumkur District.*

In reply to your official memo No. Pet. 808, dated the 4th January 1898, forwarding for report a petition from Kunigal Honnamma, residing at Nelamangala, appealing against my order confirming the transfer of the patta of inam lands Survey Nos. 35 and 117 of Dandinasivara village, Gubbi taluk, from the name of Nanjamma to that of her grandson Narasimhasastri, I have the honor to submit herewith the entire record of the case and to state as follows:—

2. The marginally noted *inam* lands, situated in the village of Dandinasivara, Gubbi taluk, stood in the name of one Appajibhatta, on whose death they were transferred to the name of his widow Nanjamma. On the death of the latter, Savitramma *alias* Sakamma, a daughter of the deceased, applied to the Amildar of Gubbi for the transfer of the patta in her name. Thereupon, it was ascertained that the marginally noted heirs were surviving the deceased Nanjamma. At the enquiry which followed, it came to light that Savitramma was a childless widow, residing at Seringapatam; that the deceased Nanjamma had in 1885 made over the inam lands in question by

1. Survey No. 35, wet 3 acres, 37 guntas, assessed at Rs. 13.
2. Survey No. 117, dry 3 acres, 23 do at Rs. 4.

1. Savitramma } Daughters.
2. Honnamma }
3. Krishnabhatta } Gnyaties.
4. Appajibhatta }
5. Cheluvamma }

a registered deed of gift to her grandson Srikantasastri, son of petitioner Honnamma and that this boy had died subsequently, without issue. Petitioner Honnamma desired that the inam lands might be registered in the name of her *step-son* Kapinipathisastri. When the matter was brought to the notice of Assistant Commissioner Mr. Raghavendra Rao, during the jamabandi of the Gubbi taluk in April 1893, he recorded the opinion that Honnamma, being the mother of the deceased Srikantasastri, to whom the last pattedar Nanjamma had given away the lands in question, was entitled to be registered as pattedar and directed that notices should issue in accordance with para 2 of Rule 25 of the Land Revenue Rules to all the claimants concerned (*vide* paper No. 8). It will thus be seen that Mr. Raghavendra Rao's order, on which petitioner relies, was not final.

3. During the jamabandi of 1893-94, the case was brought up before the Jamabandi Officer Mr. Ramachandra Rao, who directed that, as the deceased Nanjamma had no male issue, the inam land in question should be registered in the name of Narasimhasastri, son of Atchammanni, another of the deceased's daughters (*vide* his order against No. 9 in the khata of the village of the year 1893-94).

4. In September 1896, Honnamma petitioned to me praying that Mr. Ramachandra Rao's order might be cancelled and her name registered as the khatedar of the inam lands. As there was no record of the enquiry made by Mr. Ramachandra Rao before he passed his order above mentioned, an enquiry was made, at which it was ascertained that the deceased Nanjamma had four sons and four daughters, of whom all the former had predeceased her without issue and that of the latter, only two, *viz.*, Savitramma and petitioner Honnamma, were surviving, and that Narasimhasastri, in whose name the lands in question were registered in 1893-94, was the son of Atchammanni, the second daughter of Nanjamma. It was thus clear that the two surviving daughters being issueless, Narasimhasastri, the son of another daughter (deceased), was preferred *as being the legal heir*. Under such circumstances, I declined to interfere with Mr. Ramachandra Rao's order. It is against this order that petitioner Honnamma appeals.

5. With reference to the second para of the memo under reply, I beg to refer you to the last line of the Amildar's report No. 1319, dated the 26th January 1898, and to papers 31 and 34 in the file, from which it will be seen that the inam lands in question have been in the enjoyment of the present khatedar Narasimhasastri since Mr. Ramachandra Rao's order of 1893-94 was passed.

6. The petition under reference is herewith returned.

*(4) Records of the case.*

No. 7377-84—P. F. 77-98, DATED BANGALORE, 17TH APRIL 1899.

ORDER THEREON.—The Deputy Commissioner's view of the law of succession, applicable to this case, is erroneous and cannot be supported. Till the daughters of the deceased khatedar now in existence are all exhausted, one of the daughter's son cannot step in as heir. See Mayne on Hindu Law and Usage, 5th Edn., para 519. The orders appealed against must therefore be reversed and patta granted in the name of the appellant.

Petition of Appeal No. 2387—A. 89 of 1897-98, presented by Ramaiya of Mahazid village, Chikmagalur taluk, against the order of the Deputy Commissioner, Kadur district, declaring that the appellant should be treated as the gumasta of Mahazid scale and that the huck should be registered in the name of the respondent.

2. Correspondence ending with letter No. 114, dated 24th August 1898, from the Deputy Commissioner, Kadur district.

3. The records of the case.

Before the introduction of Pakka Potigi Settlement, Subbaraya, father of respondent, was the huckdar shanbhog of the Vastara firka, consisting of 23 villages. During the Potigi Settlement in 1886-87, the firka was divided under Rule XXIX of the Potigi Rules, into four scales, *viz.*, Vastara, Mahazid, Avenhalli and Halasmane, and the appellant, who was a minor and nephew of the huckdar Subbaraya, was appointed by the Deputy Commissioner as shanbhog of Mahazid scale, one Venkatramaiya being appointed gumasta during the appellant's minority. In 1892, Subbaraya disputed the validity of the appellant's appointment but died in 1896 before his complaint was disposed of. His widow renewed the complaint and prayed that the shanbhogi of all the four scales, including Mahazid, might be registered in the name of her minor son, the respondent. The Deputy Commissioner (Mr. Weir) sanctioned the application under the authority of Government Order No. 5238-46—Cir. 133, dated 6th December 1887, but directed that the appellant who had become a major should be allowed to act as gumasta on probation. The appellant contends in his appeal to Government that he was appointed shanbhog of the Mahazid scale in his own right and not as gumasta.

No. 7452-9—Pet. F. 82-98, DATED BANGALORE, 20TH APRIL 1899.

ORDER THEREON.—The Pakka Potigi Settlement register shows that appellant was confirmed as huckdar of one circle and that, during his minority, one Venkataramaiya was appointed as gumasta to do duty. Mr. Weir's application of the Government Order No. 5238-46—Cir. 133, dated 6th December 1887, to this case is incorrect. Appellant's right must be restored in accordance with the settlement made under Rule XXIX of the Pakka Potigi Rules.

Petition of Appeal No. 115—O. S. 3 of 1898-99, presented by Lakshmanaiya of Jabagatta village, Tiptur taluk, against the order of the Deputy Commissioner, Tumkur district, relieving the appellant from the shanbhogi duties of Jabagatta firka and appointing the respondent in his stead.

(2) The records received with letter No. 272, dated 30th September 1898, from the Deputy Commissioner, Tumkur district.

The facts of the case are as follows:—

In the year 1868 the respondent's father, Doddannaiya, who was the huckdar shanbhog of Jabaghatta firka, was dismissed by the Deputy Superintendent of Tumkur for continued absence from his duties. Though subsequently restored, on a promise of amendment, Doddannaiya lost the office in 1870, by again absenting himself in another taluk (Channarayapatna) where he was shanbhog of Santesivane firka.

2. From 1870 to 1878 the Amildar found great difficulty in appointing a competent officiator, for the Jabaghatta firka, as Doddannaiya had no hissedars and as the shanbhogs of neighbouring firkas had sufficient work of their own.

3. In 1878, one Venkatakrishnaiya, shanbhog of a neighbouring firka, was appointed officiator of the firka in question and continued in office till his death in 1882. As nobody claimed the office on behalf of Doddannaiya or Venkatakrishnaiya, the Amildar appointed the appellant Lakshmanaiya, as officiator. The appellant was in 1885 put in possession of the service inam lands and has been in uninterrupted possession and enjoyment of the office till now. In 1889, Ranganna, the elder brother of the respondent claimed the office, but was referred to a regular suit. In 1897 the respondent reiterated his claim and the Deputy Commissioner allowed it on the ground that the appellant had no luck to the shanbhogi office in question as he was appointed by the Amildar without the sanction of the Deputy Commissioner. The present appeal to Government is against this order.

---

**No. 7444-51—PET. F. 81-98, DATED BANGALORE, 20TH APRIL 1899.**

ORDER THEREON.—If, as alleged by the respondent during the hearing of this appeal, his father Doddannaiya appointed Venkatakrishnaiya as his gumasta, the right to recover possession of the office accrued on Venkatakrishnaiya's death which took place in April 1882. Doddannaiya died five years ago when he was 53 years old. During his life time, he did not perform the duties of the office in dispute nor did he prefer any claim to the office. The defendant (appellant), though appointed by the Amildar without the previous approval of the Deputy Commissioner, has been recognized as the officiator and has been in adverse possession of the office for more than 12 years, and the present claim of the respondent is clearly inadmissible. This appeal is, therefore, allowed, and in reversal of the Deputy Commissioner's order, Government are pleased to direct that the appellant be restored to the shanbhogi office in question.

*Letter No. 128, dated 14th May 1890, from the Deputy Commissioner, Bangalore District, reporting as follows on the petition of Bhima Rao of Nelamangala.*

In returning herewith the records of the case received with Government Order No. 6953—344, dated 18th September 1889, I have the honor to state that Srikantaiya is unable to furnish any other evidence than what is derivable from a copy of the kayamgutta sannad in which it is said that the kayamguttadar has to repair the katte, introduce settlers and improve the village. This sannad is dated Vikruti (1830). Again in 1836 the wet land depending upon this katte in the kayamgutta village has been settled at four coodoos. In the Jamin-jadti account for 1860 the land in dispute of Alenahalli is shown as only fit for wet cultivation but it had been actually given out on pasturage rate of one fanam. Then in the years 1864 and 1867 these lands were given out for wet cultivation and have since come to the enjoyment of Bhima Rao. The Amildar when letting the land out in 1867 has added a remark that the low rate of one and a quarter fanam for coodoo has been adopted as the land was dependent on its own moisture. This remark is said to be in the hand-writing of Amildar Venkatsubbaiya. Taking all the above circumstances into consideration I am disposed to conclude that Srikantaiya or his predecessors in title improved the katte after the village had been given out on kayamgutta and that even after such improvement the capacity was not such as to irrigate more than four coodoos. This katte would appear never again to have been improved and the present irrigation in the kayamgutta village is said to be about three acres. It is also apparent that the land in the Government village had been subjected to a very low rate and that the water from the kayamgutta tank had not been depended on.

2. It would appear, however, that during the occupancy of this land by Madhavachar, who was also the kayamguttadar, he used the water of this katte to the land in question. In this condition of affairs the Survey Settlement was extended to the taluk, when of course the then state of irrigation was taken into account and the land subjected to the high

rate of Rs. 4-14-0. In the Ootarpatrike it is stated that the land receives its supply from this katte. The Survey Settlement was introduced in Bahudanya. In Pramadi Madhavachar resigned the land and Bhima Rao the present petitioner took it up and this dispute has ever since been going on, Bhima Rao having petitioned to the taluk so long ago as 10th July 1880 (*vide* endorsement No. 82). These facts would show that the payment of wet kandayam by Madhavachar was no admission of his obligation to give water for irrigating this land as such an obligation was distinctly negatived by the explanatory remark of Amildar Venkatasubbaiya and as soon as that explanation was lost sight of by the action of the Survey Department. Madhavachar gave up the Government land and objected to give water.

3. To sum up, the case stands thus:—The land in dispute was not irrigated by kayamgutta tank till Madhavachar took it up and his occupancy with a clear understanding that a low rate had been fixed as the land had no means of irrigation was not in any way prejudicial to him. The action of the Survey Department in having taken into account the source of irrigation as being available from the kayamgutta tank was under a misapprehension of circumstances and the rate thus imposed is certainly excessive.

4. The wet lands proper under a tank in this Government village of Alenahalli have been assessed from Rs. 3-4-0 to Rs. 5-8-0 an acre and any rate higher than the lowest would certainly be incongruous. Under these circumstances the most equitable order seems to be to exempt the kayamguttadar from the liability to irrigate this land and to refer the matter to the Survey Superintendent in view to his revising the assessment on the same.

5. Papers as per below now filed are also herewith sent.

Copy of sanad dated Vikruti 1830.

Endorsement No. 80, dated 10th July 1880, issued to Bhima Rao.

*(2) Letter No. 132, dated 9th June 1890, from the Superintendent of Revenue Survey in Mysore.*

In reply to your docket No. 1418—22, dated 23rd May 1890, with enclosures, herewith returned, I have the honor to report that as the kayamgutta village of Jagur in the Nelamangala taluk was measured only *en bloc* and was not classed, there is no information forthcoming as to the date on which the tank was first constructed.

2. At the time of classing Survey No. 22 of Alenahalli the patta had just been changed from Madhavarayachar's name to the name of Raghanna, son of Bhima Rao, a remark to this effect appearing in the Classers' Book.

3. If I may offer an opinion on the question at issue I should say that as the Jagur tank, a katte, was evidently in existence prior to the grant of the kayamgutta village in 1830, the Inamdar of the Jagur village has no right to interfere with the "mamul" as regards the water-supply to Survey No. 22 of Halenahalli.

4. The Deputy Commissioner I observe considers the assessment fixed by the Survey Department on Survey No. 22 as excessive, but I am unable to see upon what grounds he bases this opinion. The Classers found the water of the Jagur tank was utilized for irrigating the land and very properly valued the supply as they found it. There is no reason to suppose that there was any misapprehension of the circumstances of the irrigation as suggested by the Deputy Commissioner. Bhima Rao, so far as the records show, is quite willing to hold Survey No. 22 at the survey rates. The source of supply is distinctly put down by the Classer as the kayamgutta village tank and I imagine that there can be no doubt that such was the real state of things at the time of classification.

5. Survey No. 22 now in question and 13 guntas out of Survey No. 23 are the only lands in Halenahalli classed as receiving water-supply by channel from the Jagur tank. The Classers could only class according to what they found and not according to the right or otherwise of the land to use the water of the Jagur tank.

*(3) Letters Nos. 1391, dated 22nd April 1898, and 918, dated 17th March 1897, from the Deputy Commissioner, Bangalore District, submitting further information on the above petition.*

With reference to your docket No. 8787—Pet. F. 65-97 of the 18th March 1898, calling for some information regarding the irrigation of Survey No. 22 of the Halenahalli village in the Nelamangala taluk from the Jagur kayamgutta tank, I have the honor to forward herewith a statement made by Govinda Rao, one of the present kayamguttadars

of Jagur and holder of Survey No. 22 of the Halenahalli village. In the statement, he says that the land was originally lying waste and that in the year Prabhava (1867-68), it was taken up by Madhavachar, the then kayamguttadar of the Jagur village, who cultivated it with the aid of the water of the tank in his kayamgutta village. In 1878-79 on account of the high assessment imposed on the land during the Survey Settlement, he relinquished it, and one Bhima Rao took it up. *But since that time the land has not been receiving water from the Jagur tank.* It appears that Govinda Rao, a nephew of the aforesaid Bhima Rao, and another have now purchased the kayamgutta village and the former now prays that the assessment on the land in question may be reduced.

2. On a consideration of these circumstances, I have come to the conclusion that the land did not always receive water from the kayamgutta tank and was not entitled to do so.

---

With reference to your docket No. 11933—Pet. F. 65-97 of the 21st June 1898, calling for certain information *in re* the irrigation of Survey No. 22 in the Halenahalli village of the Nelamangala taluk, I have the honor to state as follows.—

2. Survey No. 22 comprises 1 acre and 12 guntas of kharab, 9 acres and 19 guntas of dry, and 1 acre and 34 guntas of wet land, aggregating 12 acres and 25 guntas at a total assessment of Rs. 17.

3. It will be seen from the extracts of the Pahani Registers from the year 1880, herewith submitted, that both dry as well as wet crops were raised on Survey No. 22. It is remarked in column 12, that the source of irrigation for the crops was "falling rains" in certain years, and in other years tank water.

4. The 13 guntas out of Survey No. 23 said to have been receiving water from the Jagur tank, referred to in para 3 of the docket under reply, have since, in the year 1892, been converted into dry. Survey No. 23 is to the south of the tank of Jagur and No. 22 is still more to the south of the tank.

5. In the absence of the file of vernacular correspondence on the subject, I have no remarks to offer on the Survey Superintendent's letter No. 132 of the 9th June 1890.

---

**No. 7541-9—Pet. F. 65-97,** DATED BANGALORE, 21ST APRIL 1899.

ORDER THEREON.—The case is very clear. There is no evidence to show that prior to Madhavachar's taking up the land (S. No. 22), it was cultivated with wet crops or that it received any supply of water from the kayamgutta inam tank. Madhavachar who was also the owner of the tank took it up on a low kandayam and cultivated it beneficially with the use of his own water. But when this circumstance was ignored and the land was assessed heavily with reference to the water of this tank, he gave it up. There can be no question that the kayamguttadar is not, in the absence of (mamul) usage or a specific contract to the contrary, bound to give the water of his tank for this land outside his village. No such usage or contract has been established and the classification of the land must be altered accordingly, and the assessment of the land under reference, Survey No. 22, revised.

Petition of Appeal No. 2912—A. S. 85 of 1897-98 presented by Narnappa of Medenur village, Gubbi taluk, against the decree of the Deputy Commissioner, Tumkur district, rejecting the appeal from the decision of the General Assistant Commissioner in Regular Revenue Case No. 13 of 1895-96 decreeing to the plaintiff the shanbhogi office of Medenahalli firka, Gubbi taluk.

(2) The records of the case received with letter No. 565, dated 22nd March 1899, from the Deputy Commissioner, Tumkur district.

The facts of the case are as follows:—

According to the shanbhogi register of 1863, Nilappaiya, paternal grand-father of plaintiff, was the huckdar shanbhog of the Medenahalli firka. He was succeeded in office by Durgaiya, a son of Nilappaiya's brother Narasaiya. Durgaiya was dismissed in 1837 for embezzlement of Government money and his brother Narnappa was appointed as shanbhog in his stead, but he continued to perform the duties even after his dismissal. He died in 1850, when the shanbhogi in dispute was assigned to his widow Lingamma (sister of the appellant) for her maintenance. The duties during her life time were performed by her father Nanjundaiya and subsequently by the appellant as gumasta.

2. In 1864-65, the plaintiff's mother Venkatamma having prayed for the registry of the office in the name of her minor son Narasingappa, her application was granted, and the defendant was ordered to continue as gumasta during plaintiff's minority. In 1879-80, Lingamma died, and in 1883 the defendant was suspended from office for some misconduct and plaintiff, as the huckdar shanbhog, was called upon to do duty. In the next year, the defendant was restored to office by the Deputy Commissioner. In 1894, plaintiff instituted the present suit for the recovery of the shanbhogi office in question. The defendant pleaded—

(I) That he inherited the office from his maternal grand-father Nilappaiya;

(II) That he was the Narnappa appointed in 1837 as the successor of Durgaiya; and

(III) That the suit was barred.

The Assistant Commissioner who tried the case held that the office could not descend in the female line in preference to direct male heirs in existence; that the 2nd ground of defence was false and that the suit was not barred as defendant was only a gumasta, and plaintiff's cause of action accrued in 1884 when his huck was denied by defendant and the suit was brought in 1894. He accordingly decreed in plaintiff's favor On appeal the Deputy Commissioner agreed on all questions of fact and law with the Assistant Commissioner and dismissed the appeal. Hence this 2nd appeal to Government.

No. 7471-8—PET. F. 65-98, DATED BANGALORE, 21ST APRIL 1899.

ORDER THEREON.—Government observe that in the Registers of 1864 and subsequent years, the present appellant (defendant) is shown merely as gumasta. The suit is not barred by limitation for reasons given in the Judgments of the Courts below. The defendant, as gumasta or agent of plaintiff, had no *locus standi*, and as such he could not be permitted to contest the plaintiff's huck which is clearly admitted and proved. This appeal is therefore rejected.

(1) Petition of Appeal No. 5 of 1898-99, presented by Gaji Kariyappa of Dittur village, Harihar sub-taluk, against the order of the Deputy Commissioner, Chitaldrug district, declining to transfer the registry of S. No. 53 in the said village from the name of the respondent to that of the appellant.

*(2) Letter No. 373—355, dated 31st October 1898, from the Deputy Commissioner, Chitaldrug district, reporting on the above.*

With reference to your official memorandum No. Pet. 187, dated 8th September 1898, forwarding for report a petition of Gaji Kariyappa appealing against my order regarding the transfer of patta of S. No. 53 of Dittur village in the Harihar sub-taluk, I have the honor to state as follows:—

2. One Gopalachar, son of Narasimhachar had been enjoying the land in question until his death which took place about 10 or 11 years ago, but the patta continued in his name until the last year's jamabandi when the patta transfer list was submitted to me for orders.

3. The deceased has left a widow by name Rajavva and a divided brother Annaiyachar. The former claimed the patta right and the latter repudiated her claim stating that one Kariyappa (the appeal petitioner) had obtained the land in court sale.

4. It was elicited during the enquiry I held that the two brothers were divided from one another. I therefore directed that the patta in question be made in the name of the widow, she being, according to Hindu law, next heir to the said Gopalachar.

5. On the 13th January 1898, the appeal petitioner presented a petition to me on the subject and after hearing him in person, I passed an order declining to grant his request, as the widow had, in my opinion, a right to refuse to be bound by the decree in the suit to which she ought to have been, but was not, made a party. The suit was filed against Annaiyachar, but he is not stated to be the representative of the deceased Gopalachar.

6. The vernacular record connected with the case is herewith submitted together with the appeal petition received with the memo under reply.

(3) Records of the case.

(4) Records in O. S. No. 38 of 1884, and Execution No. 183 of 1884, on the file of the Munsiff of Honnali.

No. 7587-94—Pet F. 66-98, DATED BANGALORE, 24TH APRIL 1899.

ORDER THEREON.—Gopalachar, the registered occupant of S. No. 53, in question, died about the year 1884, and, on 12th January 1898, the Deputy Commissioner passed an order recognising the respondent, who is the widow of Gopalachar as the registered occupant in succession.

2. On 13th January 1898, the appellant applied for transfer of registry in his name on the ground that the land had been sold to him in a Civil Court sale in execution of the decree passed in Civil Suit No. 38 of 1884, for a debt alleged to be due by respondent's deceased husband. But as the divided brother, and not the widow of the deceased Gopalachar, was a party to the civil proceedings, and the respondent had apparently no notice of the suit or of the court sale, the Deputy Commissioner declined to transfer the registry in appellant's name.

3. The Government observe that the appellant's application for amendment of registry cannot be viewed as made under Section 67 of the Land Revenue Code, as the registered occupant whose right, title and interest were put up to auction and bought by the appellant, was dead long prior to the date of sale. Viewing the application, however, as one made under Section 69 of the Code, it was incumbent on the appellant to "satisfy the Deputy Commissioner that he is entitled to be the registered occupant in preference to the person whose name the Deputy Commissioner has ordered to be registered under Section 68." Deputy Commissioner was apparently not so satisfied after a perusal of the Civil Court records, and, in the circumstances of the case, Government are disposed to agree with him. The appeal is therefore dismissed.

4. The Deputy Commissioner ought to have referred in his order to the provision of law under which he passed it. His attention will be drawn to para 3 of Government Order No. 551-8—Pet. F. 6-98, dated 20th July 1898.

Petition No. 697, dated 19th September 1898, presented by Haligegauda of Halasinahalli village, in the Hassan taluk, appealing against the order of the Deputy Commissioner, Hassan district, affirming the order of the Jamabandi Officer fining the petitioner Rs. 65 for building a house unauthorizedly on a Government building site.

*2. Letter No. 603—S., dated 21st February 1899, from the Deputy Commissioner, Hassan District, reporting on the above.*

With reference to official memorandum No. 338, dated 7th October 1898, calling for submission of entire proceedings connected with the case of Haligegauda, son of Honnegauda of Halasinahalli village, in the Hassan taluk, regarding the fine of Rs. 65 imposed on him for building a house unauthorizedly on Government land, I have the honor to submit as follows :—

In the year 1896, the appellant Haligegauda and his brother Javaregauda commenced building a house on a site adjoining an old fortwall in the village of Halasinahalli. The village patel reported to the shekdar that the act of the appellant was unauthorized as the site was known as "Hudya" or elevated ground belonging to Government. The shekdar got a mahazar prepared on the spot to the effect that the site measuring 13 yards from east to west and 7 yards from south to north and valued at about Rs. 30 was Government property and was encroached upon by the appellant and that earth and stones, valued at Rs. 10 and belonging to Government, were wrongfully used by him for the said building purpose. In reporting the matter to the Amildar, he (shekdar) added that the site might, if sold by Government, fetch above Rs. 40. The Amildar issued a notice to the appellant prohibiting him from executing further work to the house pending disposal of the case reported by the shekdar, and required the latter to ascertain how the site was entered in the shanbhog's account. The shanbhog submitted that in the "khaneshumari" accounts of Vijaya (1893-94) and Jaya (1894-95) it bore No. 34 as Mayiga's vacant house site and in the hakdari hittal list of Manmatha (1895-96) it bore case No. 6 as Halaga's fort house site measuring 11 from east to west and 13 from south to north or 143 square yards, that Halaga had paid its kandayam for the year Jaya and his (Halaga's) name was entered in the hittal list on the patel's representation, that the hittal had been in his (Halaga's) possession and enjoyment. Halaga, *i. e.*, the appellant Halagegauda also deposed before the shekdar that he inherited the site from his father, paid its kandayam during the Hittal jamabandi and did not know how his father acquired this property. He did not care for the prohibitory notice issued by the Amildar and pushed the work on to completion.

The Amildar inspected the spot and examined witnesses, of whom some supported appellant's right to the site and others deposed against him In the khaneshumari accounts from the year Vikrama (1889-90) No. 34 was described as Mayiga's vacant site. The Amildar disbelieved the oral evidence adduced on behalf of the appellant, held that the site was Government property, and reported the matter to the Deputy Commissioner.

The Deputy Commissioner examined the shanbhog, who stated that the site originally belonged to Mayiga's father Kempa from whom the appellant's father purchased it, that Mayiga's name was entered in the khaneshumari accounts after the death of Kempa, and that the appellant's name was entered in the hittal list as he was the real owner. Accordingly the Amildar was called upon to make a further report on the subject.

The Amildar examined Mayiga and some other witnesses with a view to ascertain the sale of the site to the appellant's father by Kempa. Mayiga said that neither he nor his father did own the site in question, and his father did not sell it to the appellant's father. The other witnesses deposed to their having witnessed the alleged sale, but they were disbelieved by the Amildar on the ground that their statements were *discrepant*. In the khaneshumari accounts of 1887-88, there was no entry of Mayiga's name. The Amildar accordingly found that the sale was not proved and reported the case to the Deputy Commissioner.

The Deputy Commissioner, after a perusal of the Amildar's report, observed that the appellant failed to establish his right to the site, and that Mayiga denied his having owned the site at any time and his having sold it to the appellant; and therefore referred the case to the Jamabandi Officer Mr. Paramasiva Iyer to decide, 1stly, whether the house built on the site in question might be knocked down or be allowed to remain in the appellant's possession and 2ndly, what the value of the stones misappropriated by him was.

The Jamabandi Officer asked the Amildar to value the stones removed, who referred the matter to the shekdar. The shekdar got another mahazar prepared showing that the value of the earth and the stones removed was not less than Rs. 40 or Rs.45. Thereon the Jamabandi Officer inspected the spot and directed that, in the event of the appellant filling up the pit behind his house and paying Rs. 20 for the site and Rs. 45 for the stones in two months, he might use the house for his dwelling, and in case of default, the house should be knocked down.

Against this order the appellant appealed to the Deputy Commissioner Mr. B. G. Krishnaiengar, who dismissed the appeal.

The appellant presented a petition to me asking for reviewing his case, but I declined to interfere with the order of my predecessor.

The main points urged by the appellant in his appeal memo are that his contention was that his father acquired the site from Mayiga's father 30 years ago, and not that he himself acquired it from Mayiga as was observed by the Deputy Commissioner in his endorsement (*vide* page 44), and that the value of the stones was overestimated. According to the 1st mahazar (*vide* page 3) the value of the earth and stones removed was Rs. 10 whereas it was Rs. 40 or Rs. 45 according to the 2nd mahazir (*vide* page 46). According to the khaneshumari accounts from 1889-90, the site was Mayiga's property and in the hittal list of the year Manmatha (1895-96) the site was registered in the appellant's name. The appellant seems to me to have raised a house on the site under a *bona fide* claim of right and therefore some indulgent consideration may be shown to him in the shape of reducing the amount of fine inflicted by the Jamabandi Officer.

The vernacular records, ending with the Amildar's report No. 516, dated 19th October 1898, are herewith submitted for reference and return, and the enclosures received with the memorandum under reply are also herewith submitted.

3. The records of the case.

No. 7685-92—Pet. 340, dated Bangalore, 25th April 1899.

Order thereon.—It is evident that for five years and more, that is to say, from the year 1889-90, the Government khaneshumari account bore the name of Mayiga as the occupant of this land. In 1895-96, the petitioner was registered as the owner of the hittal and kandayam therefor was levied from him. In the face of this clear recognition of the petitioner's title and in the absence of any express allegation and proof of fraud and collusion, it is improper that the onus of proving his ownership should be thrown on the man in possession. What little evidence he has adduced strengthens the case in his behalf, and it is not equitable to oust him from his possession. There is, however, his marked disobedience of Government Order in persisting in the act of building when the enquiry was pending and for such contumacious conduct, and to rectify all the defects of title, it seems sufficient, if he is fined in a sum of Rs. 10. Government are pleased to reduce the fine accordingly to Rs. 10 and to confirm the possession of the land to the petitioner.

(1) Petition of Appeal No. 144, dated 13th July 1898, presented by Manchegauda and two others of Ganjam in the Seringapatam taluk, against the order of the Deputy Commissioner, Mysore district, directing the levy of the arrears of assessment due on the vacant sites belonging to them.

*(2) Letter No. 761, dated 27th February 1899, from the Deputy Commissioner, Mysore District, reporting on the above.*

Adverting to your official memorandum No. Pet. 307, dated 29th September 1898, forwarding for report a petition from Manchegauda and others of Ganjam in the Seringapatam taluk, appealing against this office order regarding the payment of assessment on their sites, I have the honor to state that certain vacant house sites owned by the petitioners in the bechirakh village of Chinnaikanhalli in the Seringapatam taluk, were assessed under the orders conveyed in Government Proceedings No. 16019-27—R. 1699, dated 6th April 1894.

2. Three of the petitioners, *viz.*, Manchegauda, patel Siddegauda and Bochegauda having refused to pay the assessment due on their sites on the ground that they were situated in a depopulated village, the same were duly sold by public auction, but no bids having been received therefor, the sites were bought in by Government the arrears due by the defaulters amounting to Rs. 61-4-0 as per margin being adjusted by book transfers.

| Name of defaulter. | Arrears due. | | | | | | | | Total. |
|---|---|---|---|---|---|---|---|---|---|

| Total .. | | 8 12 0 | | 17 8 0 | | 17 8 0 | | 17 8 0 | 61 4 0 |

3. The petitioners' contention is untenable as the Government Order referred to above does not exempt vacant sites in bechirakh villages from the payment of assessment.

4. A file of vernacular records ending with the Seringapatam Amildar's report No. 495, dated 6th December 1898, to the address of the Sub-Division Officer, French Rocks, on the subject, is herewith submitted for reference and obliging return when no longer required, and the enclosures of your memorandum under reply are returned.

Government Proceedings No. 16919-27—R. 1699, dated 6th April 1894, directing the levy of assessment on vacant building sites.

**No. 7740-47—PET. 844, DATED BANGALORE, 26TH APRIL 1899.**

ORDER THEREON.—The records show that, as the petitioners' failed to pay the arrears due, the sites in question have been bought in on behalf of Government at the auction sale, for the amount of arrears due in the three cases respectively there being no bidders. This circuitous proceeding was quite uncalled for. Government Proceedings No. 16919-27—R. 1699, dated 6th April 1894, contains instructions as to what should be done if the occupants refuse to pay the assessment. "The land may be declared to be the property of Government available to new applicants for building purposes". This course should have been adopted in these cases by the Deputy Commissioner.

2. Government, however, see no reasons to interfere on behalf of the petitioners and their appeal is accordingly rejected.

No. 1096-7—MUZ. F. 51-93, DATED BANGALORE, 6TH APRIL 1899.

ORDER THEREON.—The foregoing papers relate to excess expenditure incurred in the Maharaja's Chattram at Mysore since 1892-93 and the additional grant required for the current year.

2. The sanctioned annual grant for the chattram is Rs. 17,950 as per Government Proceedings No. 48—50, dated 31st October 1892, as per details below:—

| | | Rs. |
|---|---|---|
| 1. | Monthly distribution of uncooked rice or other grain to the blind, deaf and infirm of all castes. | 9,000 |
| 2 | Brahmin chattram including Sadavarti to Byragies . . | 7,000 |

| 4. | Annual repairs to chattram buildings, vessels, etc. . | 150 |
| 5 | Contingencies .. . ... | 100 |
| | Total ... | 17,950 |

3. The Palace Controller, in a letter to Government No. 52, dated 15th April 1898, reported, for the first time, that since the year 1892-93 the annual expenditure in the chattram had been greatly in excess of the sanctioned amount and that the excess had from time to time been met from the savings of other Muzrai Institutions under his management. He accordingly applied for a special grant to adjust the accounts of the other institutions by re-imbursing to them the amounts advanced by them for chattram expenditure. The statements received with the above application were not in sufficient detail; and accordingly, the Manager of the Muzrai Superintendent's office was deputed to proceed to Mysore and, under the Palace Controller's orders, to help to compile correct classified statements of the actual expenditure incurred in the chattram during the six years from July 1892 to June 1898, and of advances requiring adjustment. These statements are now submitted by the Palace Controller with his letter No. 31, dated 16th December 1898, for the orders of Government.

4. The statements now submitted show that during the six years from July 1892 to June 1898, the total expenditure in the chattram amounted to Rs. 1,34,442-12-8 against a total income of Rs. 1,07,946-3-1, * and

| | | | Total | 26,496 | 9 | 7 | |

The Palace Controller now applies for a special State Grant of Rs. 26,496-9-7 to adjust the advances enumerated above.

5. In para 13 of the rules published in Government Proceedings No. 626-7—Muz. F. 51-93, dated 14th December 1893, on the subject of the chattram management, the Palace Controller was required to obtain the previous sanction of Government on a supplemental estimate for any additional chattram expenditure found necessary. Had this procedure been followed by Mr. D. Sitaram Rao, who was Palace Controller from 15th March 1893 to 16th July 1897, the excess expenditure would have been duly provided for from time to time as required. That Officer's omission to follow this procedure and his unauthorized operation on the savings of other Muzrai Institutions without sanction of, or even intimation to, higher authority, are viewed with displeasure by the Government. These irregularities tended to throw the accounts of all the Palace Muzrai Institutions into confusion and disorder and have prevented the exercise of proper control by Government from time to time over the chattram expenditure at Mysore. The present Palace Controller, Mr. V. N. Narasimmiyengar, in his letter No. 31, dated 16th December 1898, explains as follows :—

> "The accounts of the Muzrai Institutions under the Palace management lapsed into disorder before my time, *viz.*, about the year 1892-93. Instead of the allotted sums being drawn for each Institution every month and instead of correct ledgers being kept therefor, large sums continued to be obtained on incorrect data, and the exigencies of the occasion met by indiscriminately operating on the total sums received from the District Treasury without reference to the credits in favor of the Institutions concerned. To this initial derangement should be ascribed the subsequent dislocation of the accounts which was not brought to my notice till only a few months ago. It was with much industry, patience and intelligence that this tangled mass of figures for the last six years has been unravelled, with the aid of my own office, by Mrityunjaya Iyer, your Office Manager, to whom the credit thereof is justly due."

The Government, while accepting the above explanation as exonerating Mr. V. N. Narasimmiyengar from personal responsibility in the matter, trust that he will pay close attention to placing his Muzrai accounts in proper condition as early as possible and to controlling all Muzrai expenditure in accordance with sanctioned rules.

6. The Palace Controller will take early steps to give due effect to the instructions hereunder laid down with the object of remedying existing irregularities which have now come under notice and introducing proper rules for future guidance :—

*1st*—A cash allowance of Rs. 120 a year is being paid to Sanjivaraja Ursu's temple at the north gate of the Mysore Fort from the year 1895, without proper sanction. The Palace Controller will stop this payment pending orders of Government to be obtained by him on a full report of all circumstances.

*2nd*—No separate accounts are maintained in the Muzrai section of the Palace Controller's office, in regard to the receipts and disbursements of Muzrai cash allowances to certain institutions which were transferred from the Palace to the Muzrai Department under orders of Government conveyed in Proceedings No. 3191-2⅓—R. F. 137-92, dated 29th August 1892. Though the grants to these institutions are provided for in the Muzrai Budget, yet, the payments continue to be made from the Civil List and are subsequently adjusted by debit to the Muzrai Department at the close of the official year. This procedure is incorrect. The following rules should be observed in future :—

(*a*) The cash allowances assigned to all the Institutions under the management of the Palace Controller, as per statement appended to the Revised Ready Money Inam Register, should be drawn from the Treasury monthly according to sanctioned Tasdik Patties of the several Institutions and on a bill to be previously prepared specifying the amounts so required for each.

(*b*) The money as soon as drawn should be credited to the several Institutions according to the entries in the aforesaid bill and expended in strict accordance with the Tasdik scale.

(*c*) A separate account should be maintained in respect of the receipts and expenditure of each Muzrai Institution under the management of the Palace Controller and its funds should be duly accounted for by him in accordance with the rules applicable to Muzrai Institutions.

(*d*) The funds of one Institution should not on any account be drawn and expended for the purposes of another without the previous sanction of Government in the Muzrai Department.

(*e*) In regard to any additional grant that may be required for chattram expenditure and other matters connected with the management of the Institution, the rules laid down in Government Order No. 626-7—Muz. F. 51-93, dated 14th December 1893, should be strictly adhered to; and the Supplemental Estimate for additional grant referred to in para 13 of the rules should be submitted for sanction of Government at least three months before the close of the official year for which the money is required.

*3rd*—The Government, so far back as August 1883, directed the abolition, throughout the State, of the Nehimidar system which amounts to a practical misappropriation of funds sanctioned for public charitable feeding for the benefit of individuals more or less undeserving; and

yet, in the Mysore chattram, the Nehimidar expenditure which, in 1892-93 and 1893-94, was only Rs. 75-15-7 and Rs. 80 3-5 respectively, has been increasing year after year till now it amounts to Rs. 622-7-10 in 1897-98. Though this expenditure is unauthorized, its sudden stoppage may lead to undesirable individual hardship. Orders for their stoppage or continuance in very exceptional cases will accordingly be reserved pending consideration of a complete list of existing Nehimidars in the accompanying form (A) which the Palace Controller is requested to submit as early as possible. No addition whatever shall hereafter be made to the present list of Nehimidars.

*4th*—In Proceedings No. 626-7—Muz. F. 51-93, dated 14th December 1893, the Government made the following direction in regard to the distribution of the "Kangalarakki Charity" for which the annual sanctioned grant is Rs. 9,000:—

"1. This charity is intended for the relief of deserving poor of all classes.

Objects of charity.

2. Old and infirm people of either sex, lame and blind persons and such others as may be disabled by accident, natural deformity or incurable disease and helpless orphans.

Condition.

3. They should be in a state of destitution. The charity may be extended to Gosha women and also such helpless widows as have *bona fide* caste objections for out-door work, who being absolutely destitute and unable to earn their living, have also no relations upon whom they could depend for maintenance."

The Palace Controller, in para 9 of his letter No 31, dated 16th December 1898, explains as follows how the objects as above laid down have not been fully carried out:—

"In the time of the late Mr. Rangacharlu and since, it was the custom for superannuated and incapacitated Palace servants and for the families of those deceased while in the Palace service to be granted rice doles; and this substitute for pensions amounts to about 60 per cent of the total expenditure under this head."

The custom to which the Palace Controller refers above, should have been abolished when the Government under special sanction of His Highness the Maharaja, issued the orders contained in Proceedings dated 14th December 1893 above cited. The Palace Controller will now report what arrangements he would propose for restoring this Charity to the benefit of those for whom it is intended, bearing in mind the fact that this important Charity is founded in memory of His Highness the Maharaja Krishnaraja Wodayar III. He will also submit in the accompanying form (B) a list of individuals, now receiving this charity, who may have been admitted since December 1893, with explanation of the specific grounds under which each was admitted. No future admission is to be made on any grounds other than those specified in the aforesaid Proceedings of Government.

*5th*—There are now two payments from Muzrai funds on account of Sadavarti to Byaragies at Mysore—the one, a monthly grant of Rs. 50 out of the Chattram Tasdik and the other, a monthly grant of Rs. 72 to Deenanath Lala's Dharmasala at Mysore; and the charity to this class of mendicants is distributed in two places, thereby resulting in a large amount of demoralization. The Palace Controller will be requested to report, after enquiry, whether the charity cannot be concentrated in one place, *viz.*, the Chattram opposite the "Royal Monuments" at Mysore.

*6th*— is noted that the expenditure on account of the special feeding now conducted at Paschimavahini during Tulamasa is met from the Tasdik grant of the Mysore chattram. The Palace Controller will report from what year and under what authority this charge is being debited to the chattram.

*7th*—The chattram establishment of servants is far in excess of the work required; and it should be reduced to the actual requirements of the chattram, the unnecessary servants being discharged on a special system of gratuities. The Palace Controller is requested to submit his proposals to carry out the above much required reduction in expenditure.

7. The Government sanction from General Revenues the sum of Rs. 26,496-9-7 for re-imbursement to Institutions specified in para 4 above. The Palace Controller reports that the supplemental grant of Rs. 2,567-2 1 sanctioned in Government Proceedings No. 1317-8—Muz. F. 51-93, dated 26th June 1897, for chattram expenditure during the year 1896-97, has not been drawn and adjusted. That sanction is hereby cancelled, as it merges in the special grant of Rs. 26,496-9-7 now sanctioned.

8. The Palace Controller, in his letter No. 42, dated 21st January 1899, applies for an additional chattram grant for the remaining months of the current year. The Government observe that, with the reform and improvements suggested in the foregoing paragraphs, the chattram expenditure can readily be kept within the sanctioned annual grant of Rs. 17,900. Out of the grant of Rs. 26,496-9-7 sanctioned in the preceding para, a sum of Rs. 3,377-13-6 is refundable to the current year's chattram budget; this amount, together with the unexpended amount referred to in his letter, ought to suffice for current year's expenditure under proper management. It will be noted that supplemental budget for chattram expenditure can be submitted only on the sole ground of increase in the number of *bona fide* travellers to be fed. In the present year, the number, owing to plague, will be below the average; and there is no reason to apprehend insufficiency of funds on this ground. The Palace Controller will report how many travellers in the year can be fed with the present budget grant under existing conditions. He must, when applying for additional grant, expressly state the number of additional travellers expected and the reason for such expectation.

READ THE FOLLOWING PAPERS —

*Letter No. 1031—Muz. F. 1-94, dated 12th February 1898, from the Muzrai Secretary to the Government of Mysore, to the Deputy Commissioner, Kadur District:—*

I am directed to forward herewith a petition No. 1256, dated 26th January 1898, received from Srikanta Sastri of Sringeri, one of the Dharmadarsees of the Sri Rishyasringeswaraswami temple at Kigga, Koppa taluk. The Dharmadarsi states that, on examining the accounts of the temple, he found that, out of the receipts from the temple inam lands, a sum of Rs. 2,108-13-0 still remains uncollected, that the pay of the temple servants has not been disbursed for the past six months, that the parpattegar, instead of remitting the collections of the temple money to the Taluk Treasury and drawing therefrom such amounts as may be required for expenditure from time to time, mixes up the temple funds with his own private transactions. This is objectionable and unsatisfactory.

2. I am therefore to request that you will be so good as to instruct the Taluk Amildar to examine the temple accounts and recover from the parpattegar all the temple funds now in his possession and deposit the amount in the Taluk Treasury to the credit of the temple. All future collections on behalf of the temple should be likewise deposited in the Treasury, and amounts required for expenditure drawn monthly according to the tasdik scale, as in the case of other Muzrai Institutions; no money collected by the parpattegar on behalf of the temple should ever be expended by him for any purpose until the same has been duly credited in the Treasury accounts.

3. As regards outstanding arrears of temple receipts and the arrears of pay due to the temple servants, I am to request that these matters may be fully enquired into and the result reported to this office for the information or orders of Government as circumstances may require.

AND,

*Letter No. 988, dated 1st February 1899, from the Deputy Commissioner, Kadur District:—*

With reference to your letter No. 1031—Muz. F. 1-94, dated 12th February 1898, forwarding for report petition (herewith returned) received from Mr. Srikanta Sastri of Sringeri, one of the Dharmadarsees of the Sri Rishyasringeswaraswami temple at Kigga in the Koppa taluk, I have the honor to state that when the District Muzrai Officer Mr. B. Ramaswami Iyengar was at Koppa in January 1898 a Kulwar statement of demand of the temple inam lands was prepared for the year 1897-98 and detailed instructions were issued by him to the Amildar.

2. In accordance with the Muzrai Officer's instructions, the Amildar did the jamabandi for 1897-98 and prepared a Kulwar Demand Statement to which all persons interested in the matter agreed. Steps are now being taken to recover the arrears of the year 1897-98.

3. I beg to bring to the notice of Government that while I was at Kigga last month for jamabandi of that hobli, the Koppa Amildar brought to my notice that the accounts of the institution were in confusion, and that the exact amount of arrears due up to the date the Government took over management of the institution from the temple parpattegar in September 1897 was not easily ascertainable; and I at once took the opportunity of overhauling the accounts with a view to find out what arrears were actually due from the raiyats, and what amount the parpattegar himself was responsible for.

4. I append for the information of Government a memo (marked A) prepared in this office, from which it will be seen, as the result of the scrutiny of the patti rendered by the parpattegar, that on the date the Government took over the management of the institution in September 1897, a sum of Rs. 4,118-7-8 was outstanding to be recovered from the raiyats and the parpattegar. Of this, a sum of Rs. 2,209-5-4 is due from the raiyats, &c., as per accompanying list (B) which was prepared also on the patti furnished by the parpattegar, and the parpattegar himself has to account for the remainder, *viz.*, Rs. 1,909-2-4.

5. I made further enquiry at Sringeri in the presence of the Amildar of the Koppa taluk, the Agent of the Sringeri Matt and one of the Dharmadarsees of the temple (Mr. Srikanta Sastri) as well as of the parpattegar of the temple and two of the defaulters who objected to the large sums of arrears shown against them.

6. One of the defaulters, Adigala Singa Bhatta merely protested against the arrears (Rs. 441-5-6) shown against him, but was not able to furnish proof of his having paid any sum since 1892-93 towards the arrears—and I directed the Amildar to sell his land in satisfaction if he did not sooner pay up the full amount shown against him.

7. Another large defaulter Subbaraya, son of Venkappaiya, shown in the list (B), after much explanation, accepted the arrears ; but pleaded his inability to pay up at once the large sum of Rs. 1,069-14-0 due, and prayed for time to pay up. The arrears are due by his father who is reported to have since died, and as he (the son Subbaraya) appeared to be in poor circumstances, I have allowed him to pay along with each year's kandayam Rs. 200 towards the repayment of the outstanding balance—an arrangement to which he has agreed.

8. As regards other defaulters I directed the Amildar to at once take the necessary steps to recover the arrears.

9. The parpattegar Viswaswaraiya had himself to account for Rs. 1,999-2-4 which he has agreed to pay up, and I have ordered the Amildar to recover the amount from him without delay.

10. As regards non-disbursement of pay to the temple servants referred to in Mr. Srikanta Sastri's letter, I beg to state that the grain emoluments have already been distributed to them, but that the monthly cash payments according to the revised scale, which was given effect to from September 1897, were deferred for ten months, as there were then no funds at credit of the institution.

11. A bill for Rs. 2,066-11-6, for the above-said arrears of pay has since been prepared and sanctioned by Government in Proceedings No. 702-3—Muz. F. 1-94, dated 12th December 1898. The audited bill received has been sent on to the Amildar for payment.

12. Orders have been issued to the Koppa Amildar to invariably credit all collections in the Taluk Treasury and the parpattegar is forbidden from appropriating any amount unless disbursed by the Taluk Amildar upon sanction previously obtained.

The instructions of Government have been noted for future guidance.

No. 1092—Muz. F. 1-94, DATED BANGALORE, 1ST APRIL 1899.

ORDER THEREON.—The Government have perused with satisfaction the foregoing report of the steps taken by the Deputy Commissioner for the recovery of the arrears due to the Sri Rishyasringeswaraswami temple at Kigga, Koppa taluk.

**2. The Deputy Commissioner is now requested to see that regular accounts are maintained, both in the temple and in the taluk office, of the receipts and expenditure of the funds belonging to this temple.**

No. 339-43—1937-41, DATED BANGALORE, 18TH APRIL 1899.

ORDER THEREON.—In Proceedings No. 662-8—3960-6, dated 18th July 1898 (read above), the Government approved of the construction of the proposed dam across the Vedavati River, and sanctioned the establishment, machinery, plant, buildings, &c., required for the execution of the work, pending the submission of the detailed reports and estimates by the Chief Engineer and Secretary in the Public Works Department.

2. The constructive and other details of the proposed work have since been most carefully investigated in the Public Works Department, and in his reports, dated 29th July 1898 and 21st February 1899 (read above), Colonel D. McNeil Campbell gives very complete information on all points necessary for the determination of the dimensions of the dam, and with his report of 21st February 1899 he submits the estimates for the work, amounting in the aggregate to 39 lakhs of rupees. The Government are of opinion that in due course of time the work will be found to be fairly remunerative, and that its execution will afford efficient protection against famine for a large tract of country peculiarly liable to periodical droughts.

3. The Government approve of the Chief Engineer's recommendations regarding the main details of the work, which is sanctioned on the following basis—

(1) The dam to be 142 feet high above zero (bed level).

(2) The escape to be 130 feet above zero.

(3) The sluice to be 60 feet above zero, and to be capable of discharging the quantity required for the maximum irrigable area.

(4) The one irrigation channel to be on the north side. For the present, it should be capable of irrigating 30,000 acres, *i. e.*, of giving a discharge of 454 cubic feet per second, but land required for widening the channel to give a discharge of 1,047 cubic feet per second to be acquired and retained.

4. The estimate for 39 lakhs of rupees for the entire work is sanctioned, subject to the observation that the above estimate includes certain items for which lump sums only are entered, namely :—

| | Rs. |
|---|---|
| Compensation for land ... ... | 1,00,000 |
| Sluices . .. | 1,00,000 |
| Channel .. . | 6,00,000 |
| Machinery, tools and plants . | 2,00,000 |
| Unforeseen expenses . . . | 1,00,000 |
| Total . . | 11,00,000 |

and that detailed estimates for these items should be prepared in due course, and sanctioned in the Public Works Department.

H. the Maharani's Girls' School Committee, requesting him to attend a meeting of such Committee, be appended to his travelling allowance bill and that the countersignature of the President of the Committee need not therefore be insisted upon. |
| 38 | 11403 Pol. 376 | 8 | First Asst. to Resdt. | Forwarding copy of a letter from the Deputy Commissioner, Bangalore district, and of its enclosures, reporting that carcases of horses belonging to the Military Department are thrown near the roadside close to the outpost at the junction of the Hosur and Sarjapur roads, and requesting his moving the military authorities to put a stop to the nuisance complained of. |
| 39 | 11404 Pol. F. 55-92 | 8 | Do .. | Stating that there were no changes in the services of Public Works Officers (General and Railway branches) during the month of March 1899. |
| 40 | 11405 Pol. F. 29-97 | 8 | Do ... | Forwarding, for transmission to the Protector of Emigrants, Madras, a docket from the District Magistrate, Bangalore, stating that no emigrants were registered in the district during the month of March 1899. |
| 41 | 11406-13 Mis. 2494 | 8 | Dy. Comrs. of Dts. ... | Forwarding for compliance copy of para 1 of a letter from the First Assistant Resident in Mysore, requesting that needful instructions may be issued to the local officers to assist in every way the Deputy Adjutant General, Madras Command, in re-printing the book called "Routes in the Madras Presidency." |
| 42 | 11414 Pol. 379 | 8 | First Asst. to Resdt. | Communicating the above. |

| Serial No. | Proceedings. No. | Date. | To whom sent. | Subject and Order. |
|---|---|---|---|---|
| 43 | 11422-29 Mis. 2498 | 8 | Dy. Comrs. of Dts. . | Forwarding, for information and needful action, copies of a letter from the Superintendent of Family Payments and Pensions *in re* rates of rice compensation paid to military pensioners. |
| 44 | 11431 Pol. 380 | 8 | First Asst. to Resdt. | Requesting him to obtain the sanction of the Resident to the loan to the Durbar of the services of Assistant Surgeon, Mr. Appaiya of the Bowring Civil Hospital, temporarily for six months, on a salary of Rs. 280 per mensem for medical duties at the Palace. |
| 45 | 44-46 D. C. | 9 | Compl., *Mysore Gaz.*, Comptr., and Mr. L. Rice, C. I. E. | Notifying the grant of two months and eleven days' privilege leave to Mr. L. Rice, C. I. E., Director of Archæological Researches in Mysore. |
| 46 | 47-48 D. C. | 9 | Comptr., and Mr. L. Rice, C. I. E. | Sanctioning an honorarium of Rs. 5,000 for Mr. L. Rice, C. I. E., Director of Archæological Researches in Mysore for compiling the 2nd Edition of the Gazetteer of Mysore. |
